

S. C. A. Drive Nets Increase

Association Now Has 300 Members

Entire Week Of Campaign

According to annual custom, the past week has been designated as Student Christian Association Week. Sponsored by the Y Cabinet, the Association is carrying on a membership drive, is inviting new students to join for the first time, and old students to renew their membership and reaffirm their desire to carry out the Christian ideals which are part of the Association's code.

On Monday of this week the Association took charge of the chapel period. Jack Neese, President, conducted the meeting, and introduced each member of the Y Cabinet, who described briefly the duties of his particular office.

All during this week the Student Christian Association office was open, with Cabinet members on hand to receive membership pledges. The office will be open today.

Last Tuesday, the S. C. A. provided refreshments for the girls' house meeting. The week's activities will be concluded at the Vespers service tomorrow evening at six-thirty.

S. C. A. Sponsoring Sunday Vespers

To round out a complete program of Sunday worship, the Student Christian Association sponsors each Sunday evening a Vesper Service. Vespers are entirely a student service; conducted by students for students. One service each month is led by representatives of the campus Ministerial Association. Delegates from nearby colleges have charge of the service once each month.

The services conducted by delegates from other schools will probably include the Chorus Choir from Sedalia, musical programs by other schools and inspirational talks by prominent members of the Y M and YWCA throughout the state.

Misses Ruth Page Clark and June Leath head the Vespers Committee this year. Miss Clark announces that the services will be held each Sunday evening at 6:30 in Whitley Memorial Auditorium, unless notice is given to the contrary. Vespers will last approximately thirty minutes. Notice concerning the services will be posted on the Bulletin Board in the West hall of Alamance building.

Professor Morgan In Brilliant Recital Last Monday Night

Professor Robert Morgan made his debut to Elon College last Monday night. He was received with much enthusiasm. Professor Morgan chose as his first number "Thirty-two variations on an original theme in C minor" by Beethoven. He gave an excellent interpretation of this composition.

For his second number of the program, he chose a complete sonata by Chopin. It was Chopin's Sonata, Opus 35, in B flat minor. This composition is divided into four movements. The first movement is marked Grave-Doppio Movimento. The second movement is marked Scherzo. This movement is rapid in its movement. We then have the movement which is marked Marche-Funebre. The work closes with a

Elon Swingsters Make Formal Bow

Beat it out. Elon has an orchestra. About twelve days ago 9 boys, headed by Charlie Hamrick, got together and decided to have a band and called their first rehearsal for that evening. It didn't sound so awful bad and they decided to stick at it.

Last Saturday night the I. T. K. Fraternity threw a scrumptious party in the gym and hired the newly-formed orchestra to furnish the rhythm. The boys as well as the girls were very much surprised at the formation of the orchestra and at the transformation of the gymnasium into a nice

The musicians did nobly well, and, according to comment, satisfied everybody. A few typical comments were: "Best I've ever had", "The music was darn good", "That drummer was plenty hot", etc. We hope the band sticks together and really gets somewhere.

The personnel of the orchestra is as follows:

Saxes: (1) Howard Brown, (2) Louie Hubbard, (3) Tommy Heritage, (4) Jimmy Parker.

Trumpets: (1) Ben Stepherson, (2) Jimmie Lightbourne.

Trombone: Buddy Hayden.

Piano: Charlie Hamrick.

Drums: Joe Barnwell.

The boys say that they want you to tell them what you like or dislike about the music. They will appreciate every bit of constructive criticism that you can give them.

Elon Band In Full Blast This Year

Blaring trumpets, moaning trombones, and screeching licorice sticks, have again taken the campus by storm. Every day we find these youthful longhairs almost in step, straggling across the campus or handing out of some dormitory window, practicing his heart out on some wierd lick or difficult passage. The boys in the band are woodshed'n' continually to guarantee their chances of remaining in this fast-stepping outfit.

Charlie Hamrick, our competent conductor, is really doing a much appreciated job. He says he is expecting to have one of the snazziest bands in the state this year. With cute little Evelyn Lilley front'n' the band, you must admit the bandmen certainly have something to look forward to.

Ask people living within two miles of the Publishing House why they can't sleep now. Is it because several members of the band would rather play than sleep at night, Archie? Oh well, they have to study sometime! While we are on the subject of sleep and music, did you hear Charlie Hamrick trying the snore bass in the choir, Sunday? Was that an under-tone, Professor Pratt?

In case you didn't notice, the band uniforms almost fit the men Friday. Why? Well, maybe we should keep it a secret, but our Drum Major is almost human. "Versatile Evy", as she is affectionately called by the boys, proved she knew almost as much about the old-fashioned art of hem-

Senate Announces Important Rules For Coming Year

The senate, student government for men, are trying to make this year one of the best in the history of the school. They have a few rules which they expect the student body to observe. They are:

1. Carry out article 6 — by laws in the handbook.
2. Check on each chapel and church service to promote better attendance.
3. There will be a fine of 25c placed on students for disorder in library.
4. A fine of 35c placed on students who play on the lawns within the college wall.
5. The rooms of each dormitory will be inspected for cleanliness at one o'clock any day.
6. There will be no pipe-smoking and not excessive cigarette smoking within the reception hall.

Delta Psi Omega Has New Officers And Five Neophytes

On Monday, September 19, the Delta Psi Omega dramatic fraternity held its first meeting of the year. At this meeting officers were elected. They were Walter Fonville, president; Jack Neese, vice-president; and Duane Vore, secretary-treasurer. Other members of the fraternity include Melvin James, Juanita Waugh, Gwen Tillmanns, and Dr. Fletcher Collins, faculty advisor.

Delta Psi Omega is a national honorary fraternity of which there has been an Elon College chapter for several years. It is composed of those students who have done outstanding work in dramatics. The organization presents at least one play a year, cast, directed, and produced by members of the fraternity.

Contrary to the custom of pledging new members in the spring, the Fraternity has already pledged five new members, who increase the total membership to twelve. The pledges are Kay James, Maxine Hudgins, Charlie Hamrick, Ben Hurst, and Tom Perry. All of these will be remembered by old students for their excellent dramatic work of last year, especially in Margaret Earp's "Bramblebush" and Isaiah Sears' "Mill Village".

Social Clubs Have Picnic At Cabin

The annual flurry of social entertainment began Monday evening, Sept. 19, when the Kappa Psi and the Tau Zetas held their first party of the year, a picnic supper at Kivitt's cabin near Gibsonville.

There were about forty members present, including Miss Betty Wilkins, Mr. Hal Watts, and a few more members of last year's alumni. They were also honored by the presence of their faculty supervisors, Dr. Dickenson and Mrs. Oma U. Johnson. Games and music followed the supper and immediately broke into a shower of fun leaving all breathless and wishing it had just begun when the trip back to Elon was mentioned.

Here's The Dope On Campus Regulations

In cooperation with the Student Government Association, the MAROON AND GOLD presents a series of regulations about which there has been some doubt. It is hoped that this will clear up any difficulty, and help to familiarize Elon boys with the rules, and emphasize them for the girls.

Girls may not walk on east campus, that is, beyond the Y. W. C. A., at any time. Students may walk together on the campus and to the drug store during the noon hour, but at night, after dinner until 7:30, and during the regular dating hours on Saturday and Sunday, the following places may be used for dating: West Dormitory Reception Hall, the hallways at either end of the reception hall, the Faculty Parlor, the Junior-Senior Parlor, the walks directly in front of West Dormitory, and beside the Music Building on the side toward West Dormitory. Girls may not walk on the campus at night, nor may they go beyond the Music Buildings.

Elon Singers Begin Work on "Messiah"

The Elon Singers and other musicians started rehearsals last Tuesday for their performance of Handel's "Messiah", which will be given Sunday, December 4, in the Whitley Auditorium. Prof. Thomas Edwards will sing tenor solo. The other soloists will be announced later.

The choir has had a very successful beginning this year and Prof. Pratt feels that before the year is over, the choir will be the best Elon has ever had. At present, there are 52 students registered for the choir.

Phipsieli Staff Launches Book Plans

The first meeting of the 1939 Phipsieli staff was held Wednesday, September 21. Those present were: Frank Donovan, editor; Louie Hubbard, business manager; Duane Vore, Bruce Flory, and Martin Nore of the editorial staff.

Plans and ideas for the annual were thoroughly discussed. The staff would like the students to be as cooperative as possible when schedules are posted for pictures to be made. It is planned to have individual pictures made of all the students.

Charlie Parker has joined the staff of the yearbook since the initial meeting in September.

Games and music followed the supper and immediately broke into a shower of fun leaving all breathless and wishing it had just begun when the trip back to Elon was mentioned.

Ministers In Conference Here Make Plans For Elon Golden Anniversary Celebrations

Last Saturday's Party Sets The Style For A Great Social Year

Last Saturday night, the beautifully decorated gymnasium, the I. T. K. fraternity really out-did themselves in sponsoring what turned out to be one of the most enjoyable social events in the history of the school.

The red and black streamers, symbolic of I. T. K., blended very well with the dim blue lights, and the green background of the pine trees supplied a colorful setting for the orchestra. Music was supplied by Charlie Hamrick and his band, a nine piece aggregation of liting rhythm and novelty. The affair chaperoned by Dean Oxford, Mrs. Johnson, and Professor Stewart.

There remains little doubt that EVERYONE was sincere in hoping this to be the first of many such events. Saturday nights would be something to look forward to, if similar affairs of this type were arranged. There would no longer be a general exodus of all "Gables" to Burlington and Greensboro as there has been in the past. Yes, sir, the question on everyone's mind is: When is the next one? Make it SOON!

Concert Series Is Announced For Year By Professor Pratt

Professor Pratt, chairman of the Public Entertainment Committee of Elon, announces the following concerts on the Alamance Concert Series for the present season!

Frances Hall and Rudolph Gruen, internationally famous duopianists, will appear Thursday evening Nov. 3rd.

The Siberian Singers under the direction of Nicholas Vasilleff will give a concert Monday evening Nov. 21.

The Chamber Opera Trio, which appeared on last year's concert series, will return this year by popular demand. They are scheduled for Thursday, February 9.

The Little Philharmonic Orchestra of Chicago, under the direction of George Shipiro, will appear sometime during the first week in April. The exact date will be announced later.

The committee feels that they have arranged a splendid series of concerts, and that it will meet with the approval of the student body. Any regular student of this college is admitted free. It is desired that every student will take advantage of the opportunity of hearing these splendid artists.

This series of concerts was formerly known as the Lyceum Course.

Marcella Ackenhausen Visits Campus And Sociology Class

On Wednesday, September 21, Miss Marcella Ackenhausen, class of 1937, took over Dr. Bowden's Sociology Class, and described social service work as she has come to know it, in her work in Cincinnati. Since graduating from Elon, Marcella has been studying for her Masters degree at the University of Cincinnati, attending classes in the morning, working for a social service agency, and studying whenever she has the time.

During her discussion, Marcella told of the differences between the public and private agencies, the former being supported and

Alumni To Hold Conference Here

Every Class Invited

Last Tuesday the first of a series of conferences for the proper observance of the fifteenth anniversary of the college was held. 90 ministers were invited, and 54 attended as guests of the college. They voted and approved of the minutes of the joint meeting of the committee of Trustees and Alumni held in Henderson in June.

They approved the suggestion that a committee of 1000 be appointed, and two added committeemen for each committeeman of the 1000 thus making 1000 committees of three each. Each committee is to be responsible for raising \$150 per committeeman.

Formation of the committees is to be made at once, and public appeal to be made in January of 1939 through an Elon Night to be held in every church and in all alumni associations, or wherever as many as three alumni may meet together. Ministers approved the idea of a Golden Anniversary Club for the college, one dollar for each year of the college's existence. These meetings are to be followed by a meeting of alumni representing every class since 1890, from the class of 1940, and from representatives of the large group of matriculated students who did not graduate.

A meeting of the alumni corps is to be held tomorrow. 200 have been invited to attend church at Elon, to be guests of the college for Sunday dinner, and to attend a conference to be held at two o'clock.

The object of these meetings is to celebrate the 50 years of the college's existence, and to free the college from indebtedness.

Fiftieth Anniversary Plans Under Way With Ministers' Meeting

Last Tuesday, about 50 ministers from the Southern Convention of Christian Churches were the guests of the College. Some few coming from a distance arrived Monday night.

The purpose of the meeting was to help start the plans for the 50th Anniversary program, which will extend over the entire school year of 1939-40. Listening to these men diligently planning a campaign to relieve Elon of her indebtedness and to increase her student body, your scribe could not help but see that these men were intensely interested in Elon and all of her 533 students. They hope that the plans started will bring to Elon 600 regular students for the roll next year, and raise a minimum of \$150,000 to help wipe out the indebtedness. They will carry this fine spirit of enthusiasm to all parts of the Southern Convention and Elon will surely be even better known over the Southeast.

May we all be loyal to the College and speak for her wherever we go, that we also may assist in making her 50th year a great year, her GREATEST year, handled by the state, the former being assisted by private funds and donations. Marcella is engaged in a private agency, work-
