Rev. Hedrick Concludes Series On "Faith Without Good Works" Last Friday

The regular chapel was held on Tuesday instead of Wednesday to take advantage of the presence of Reverend C. P. Garman, returned missionary from Japan. Rev. Garman spoke on "The Man Sent From God". He referred to Dr. Kagawa, a world famous Japanese who never knew love until he heard of Christ through a mission school. He then devoted his entire life to the work of Christ and is now recognized as the world's greatest Christian. Rev.

Publishing House Has Colorful Chapters In Its Shady Past

Formerly Scene of Printers Profanity and Frog Murders

Where Elon Students now live and sleep, many strange things used to occur. Here's the dope on Publishing House.

In 1920, Elon College came into possession of the Publishing House. Before this date it was none other than a printing house, as the name applies. Though now a boys' dormitory, in its prime and splendor of life it gave birth to "The Christian Sun", and printing presses clacked.

After being renovated, it served for a while as a hideout for spooks and ghosts. No doubt boys now sleep and occupy some spots as did some canny figure.

In 1920 and for a few following years the school used it as a Biology and physics laboratory. Boys, you now occupy the scenes of frog and car murders!

The year 1934 transformed it into a permanent boys dormitory. Since that date it has been used and has served well such a purpose.

It has been rumored that this unique building furnished a hideout or a seclusion spot for robbers who some years ago held up the bank building, which joins the Publishing House. We refuse to go in detail here, though.

at the same time in recognition of his achievement.

The winning compositions from each state will be entered in the national contest, and the winner in this contest will be announced in May.

Charlie's composition is definitely modern in style, both the form and the harmonic basis are very interesting.

Margaret Felton will play this "Scherzino" at the student chapel next Monday, and other performances will be given before the close of the present semester.

Hamrick, whose home is in Boiling Springs, N. C., is a versatile musician and, in addition to his activities in composition, is student director of the Elon College Band.

Garman concluded by saying that we can't all live as Dr. Kagawa, but that we can live our individual lives, consecrated to Christ.

Friday of last week Rev. J. C. Hedrick concluded a series of addresses in chapel, speaking on the subject of "Faith Without Good Works". Rev. Hedrick is pastor of St. Mark's Reformed Church, located near Elon College.

Monday's chapel program was taken by Day Students. Fred Gilman sang two selections, accompanied by J. W. Westmoreland at the piano and Miss Mary Francis Walker at the organ. Hubert Heatwole also played three selections on the piano.

Kenneth Utt Places Second; June Leath, Louis Adair Tie For Third

House On Lot Beside Postoffice Being Moved and Remodeled

Is To Be Placed On Lot Back Of West End Hall

What is going to happen to the house down on the corner next to the post office? Scenes of action such as trees being pulled down, porches torn off, and lumber being hauled are being seen there everyday. A Maroon and Gold reporter pried into this matter recently and uncovered these facts.

The house belongs to Mr. Lambeth of this community who is going to move it to the vacant lot behind West End Hall. It is to be remodeled and made into a six-room house for a small family.

This house is one of the oldest in Elon College and was built approximately forty years ago. Many families have lived in it during the forty years and it was vacant a few of these years.

Administration Buys Brooms, Dust Pans, and Waste Baskets

Students Must Pay Small Re- fundable Deposit on Articles

Due to the clean-up movement inaugurated by students, Mr. West has bought brooms, dust pans, and wastebaskets enough to furnish one of each to every room in the boys dormitories. The news has apparently not yet leaked out, for no one has yet been by the office to obtain these three articles.

Naturally this is an added expense to the college, and since they have been good enough to obtain these articles for us, why not use them and keep our dormitories and rooms cleaner?

There is a small deposit on these, but that deposit will be refunded when the articles are returned to the office in good shape. If and when the broom wears out a new one will be supplied at no extra cost. The deposit is as follows: Brooms, 25c; Dust Pans, 10c; Wastebaskets, 20c; making a total of 55c for the three.
