

What's What

By EMERSON WHITLEY

With each passing day more interesting news comes to us in regard to the coming basketball season. The latest news comes from Coach Adcox's office and reveals that two games have been scheduled with Appalachian State Teachers College. The addition of these games makes prospects for a busy season (which it will be) since in the past the "Fighting Christians" and the "Mountaineers" have been nearly the top in the North State Conference. All reports indicate that these games are on the way and a full slate is expected in the near future.

Adcox in working out the plans for intra-mural games.

If you don't think that rivalry between teams and groups can be achieved in a small place like Elon, just come out to the athletic field any Monday or Wednesday afternoon and watch the boys play intra-mural touch football. When you see it there you really stay hit. Anyone doubting that last statement can verify it at a conference with either Wally Snyder or Don Miller. Oh, by the way, back!

The nightly attendance at the volleyball games held to date has been great so far. The teams have really been in their scraping and their interest and enthusiasm show that they really appreciate the large amount of hard work done by Coach

This tennis tournament has really brought out a lot of classy cross court artists. Two elongated fireballers, Alton Durham and W. T. Walker, have been providing a good deal of the heavy artillery with Joe Frank also showing up well.

It may be a rumor but we hear that Clarence Biddix and Nell Crenshaw have decided to support the future Elon athletic teams in a big way. Sounds good if those boys don't end up at some agricultural college, driving a tractor.

Our youth force has the pick of the youth today and so, for that undeniable fact, we must beware of them. We are not afraid of them, but we never underestimate our opponents.

UPPERCLASSMEN DEFEAT DAY STUDENTS

Monday, October 18 the Upperclassmen touch football team defeated the Day Students team by the score of 7 to 0.

Fred Yarborough took personal charge of the offense for his team and started throwing passes to all corners of the field. Wayne Taylor, H. Reid and Jack Moigan were on the receiving end of the spirals.

Jimmy Lyon led the Day Students offense with some fine pigskin tossing but his efforts were in vain as his passes either fell through the arms of the receivers or were batted down.
