#### CIVIL AERONAUTICS COURSE FOR BEGINNERS ANNOUNCED BY ELON COLLEGE

Ground school course for beginners in civil aeronautics began at 7:30 p. m. Thursday, March 15 in the Physics Lecture room in the Science Building at Elon College.

Course is under the direction of Prof. A. L. Hook, a qualified pilot who has given the course to many young aviators, including U. S. Army trainees.

The class meets Tuesday and Thursday nights from 7:30 to 10.

Students who wish to earn a private pilot's certificate in conjunction with the Burlington Airport Flying Service may do so. Elon College is authorized to give this instruction through U. S. Department of Commerce, Civil Aeronautics Administration, and holds Air Agency Certificate.

The course is open to both regular and special students. A good many qualified pilots have already been taught in these classes, which are attended by both business men and students preparing to try for army air service.

#### REGISTER TO HEAD DR. JOHNSON GROUP

Fred Register was elected president of Doctor Johnson Literary Society for the spring quarter at a recent meeting held in Lecture Hall. President Register, who succeeded Gene Poe, has hopes for much social and literary achievement. Bill Clapp was elected to the vice presidency and Jack Morgan was chosen to be secretary-treasurer. Other officers are Fred Chandler, sergeant-at-arms; John Rossi, parliamentarian; Gene Poe, corresponding secretary. The group has recently lost two members—Dickie Stanford and W. T. Walker. The society now has eighteen members.

Postponement was announced on Thursday of the concert appearance of Miss Margaret Speaks, noted American stage and concert singer, until Wednesday night, March 21. Miss Speaks was to have sung under the sponsorship of the Burlington American Business club on Tuesday night.

The concert will be presented at the Whitley Auditorium. A call from New York moved the date up to next Wednesday evening.

The operatic artist is American born and bred. She descends from a Columbus, O., family that traces its ancestry back to the Revolution. Miss Speaks showed talent for the musical genius she became at a very early age and directed a woman's glee club during her university days.

Very careful of her voice training, she began work on the radio five years ago as a soloist of the Firestone program. Since then she has become well known to many American audiences, and has toured in Europe in a number of concerts.

Tickets may be secured at the Business Office. A special rate of one dollar has been announced for students, faculty, and townspeople. A large attendance from Burlington and vicinity is expected.

#### MARYLAND MINISTER ANNOUNCED FOR SUNDAY SERVICE

The Rev. Ida M. Green of Havre de Grace, Maryland, will deliver the morning sermon at the eleven o'clock service in the college church. Miss Green is an ordained minister of the Congregational Christian church and at present is pastor of Webster Congregational church in Havre de Grace.

The faculty and students of the college are invited to attend the services Sunday morning.

#### TUBERCULIN FILM AT MOONEY CHAPEL

On Monday, March 19, a motion picture showing the ill effects of tuberculosis and the importance of preventing that dreaded disease will be shown in Mooney Chapel at 8, 9:30, 10:30, and 11:30 in the morning. The movie is free of charge, and will last approximately fifteen minutes.

Tuesday, from 10 until 12:30, Dr. Cook will give the simple tuberculin test that is available to all students, faculty members, and other college employees.

The test is harmless, leaving no scars or bringing about no fever, merely having as the only visible sign, a pin scratch. Should the test on the individual be classed as negative, then the person can be forever rendered immune to tuberculosis. If a positive is registered, it could mean that the person might have some tubercle bacteria, and there might be a slight reaction to the test. This, however, does not mean that a case of tuberculosis is inevitable, or even probable, for there are many who have infection without having the disease itself.

Dr. Cook will explain fully the tuberculin disease when the tests are given. The positive reactions of the tests will be X-rayed the following week.

#### BARTLEY TO ACCOMPANY FOR MESSIAH

The Community Chorus of Salisbury under the direction of Professor Harry Taylor of Catawba College, will present Lenten portions of Handel's "The Messiah" Sunday evening, March 25, at the Lutheran Church in Salisbury. Professor Bartley will act as organ accompanist for the chorus.

#### J. E. RAWLS, CLASS OF '36, MARINE, CITED

Suffolk, March 8.—Dr. J. E. Rawls, lieutenant, has been awarded a citation by the U. S. Marine Corps for his meritorious conduct in the Pacific area.

The citation reads: "For meritorious service as a battalion medical officer, attached to an infantry battalion during operations against the Japanese on Guam, Marianas Islands, from July 21 to August 10, 1944.

"During this period Lieutenant Rawls rendered an outstanding service under the most difficult combat conditions.

"At one stage of the operations when his battalion was holding a position along a precipitous and rocky cliff, the evacuation of the wounded presented a most difficult administrative problem to solve, but due to the tireless efforts on his part, the wounded received prompt and effective treatment and were expeditiously evacuated. Throughout the operation, his outstanding bravery and devotion to duty were in keeping with the highest traditions of the United States Naval Service."

The citation is signed by A. H. Noble, brigadier general, U. S. Marine Corps.

#### SERVICE MEN ON CAMPUS

Spike Harrell, Suffolk, Va., Leon Gibbs, Reidsville, and Joe Franks, Burlington, have been visitors on campus this week. Gibbs has been at Camp Blanding, Fla., Franks at Camp Wheeler, Ga., and Harrell with the Merchant Marine at New York City.

Gibbs and Franks have been assigned to the infantry. Spike had the misfortune to be injured during a climbing drill, and the further misfortune to prove allergic to sulfa treatment. He has been given leave after hospitalization, and may be able to return to the sea duty he wishes. But if not, he will probably report to the U. S. Biological corps with which he was formerly associated.

Gibbs and Franks are in the pink of condition, and gay as ever. The M. & G. staff gave them a hearty howdy when they made their surprise appearances. For report on Limmy Darden, see page four.
