

Christian Football Squad Drops Catamount Contest

REID THIS!

I'm not certain I know how to meet the threat of progress gracefully.

For 22 years, I've been accustomed to the Maroon and Gold in a great big size, printed in a type face that may well have been the pilot model for Gutenberg's press. Truthfully, it was a dirty paper. That's a trade phrase—I don't mean dirty like in shady jokes although I confess I have managed to sneak a few by in this dumb column. By dirty, a newspaperman means smudged ink and typos as well. I expect Luther Byrd, who is head muckety-muck on the M & G, used to operate by the rule that if you have one error, you might leave well enough alone because you could end up with three more in the correction. Don't laugh. It happens on a daily at which I toil. Only last week in a 48-point headline—that's big—I do not like to tell you what happened when somebody dropped an "s" in the word "shell," but I do infer it looked like—well, it was pretty bad.

I could see the changes coming in the M & G when Luther swore off smoking cigars. I think some of his fire was missing right then. Next, that heavyweight in the office with the nameplate of Dr. Earl Daniely on the door upset the fool out of me by taking Luther's 1918 Underwood out and replacing it with a stupid streamlined typewriter that has plastic keys on it. They are not even metal, much less round.

Now, we have a dinky paper printed by somebody off campus.

That's another thing.

Our outsized M & G may have been bad and full of Joe Miller jokes to fill up, but, by heaven, it was ours. I guess the M & G was about the only college paper printed by college people on campus, compounded by students and folded by same. In my time, all of this endeavor was carried on in a room just off the colonades in the science building. This was the best necking place on campus. I wish I had used it for such.

A happy fellow named Brownie ran the linotype machine. Thomas Wolfe—a Burlington student; not the writer—ran the press. I ran my mouth.

The new M & G? Why, I can see what the pictures look like, now. It has a neat, no-nonsense format. There will be little room for columns, but Luther can shove in a lot of news in going weekly. We went weakly.

I guess the new look is all for the best.

H-mm. What's this? I am looking at Page Three of the first issue in the Elon-Presbyterian football story in column one. It says: "... the fourth renewal of their old football rivalry."

The new look still has the old typo look about it.

Okay. I am now reconciled to the improvements of the modern Maroon and Gold.

The "Three P's" proved fatal to the Elon Christians as they dropped a 34 to 0 battle to the Western Carolina Catamounts at Cullowhee on October 29th, for passes counted two TD's, plunges counted three more, and penalties at inopportune moments counted heavily in the disastrous result.

The Christians made a tight battle of it during the first half, with Williams passing to Holden for a 36-yard score ninety seconds before the break to trigger a 7-0 halftime lead for the Cats; but the second half saw four other enemy scores.

tory, the John W. Barney Dormitory and the William S. Long Student Center. The new dorms have been named to honor long-time members of the Elon faculty, and the student center is named in honor of Elon's first president. Immediately following the dedication, ground-breaking ceremonies will be held for the new college library.

There will be a luncheon for visiting parents in McEwen Memorial Dining Hall at noon, followed by the football game, which will feature many visiting bands attending annual "Band Day" observance. A reception after the game will be followed that night by an Elon Player show in Mooney Theatre and a variety program in Whitley Auditorium, both set for 8:15 o'clock that night.

Catawba Game

(continued from page 3)

The Indians were down but not completely out of the game, for they did a bit of rebounding of their own in the fourth quarter as Jim Moose tossed to Taylor again for a 53-yard TD play, and Scott unlimbered for an 82-yard TD bomb to Rad Kivette. Elon's defense rallied at that point to protect the final 39 to 26 victory.
