Choir Sings Lenten Program On Sunday

Westafer At Music Meet

Prof. Walter Westafer, member of the Elon College music faculty, represented the college and the music department at the annual national convention of the Music Teachers National Association, which was held last week in Cincinnati.

Professor Westafer, who is a past president of the Southern Division of the Music Teachers National Association, has also been serving for some years as a member of its national executive board and also as a member of the nominating committee. He was re-elected to both groups during the recent 1969 convention.

The Music Teachers National Association is the oldest professional music organization in the United States.

LECTURER

Dr. E. Adamson Hoebel, pictured above, was a guest speaker on the Elon campus last week, appearing as the last of the series of Visiting Scholars lecturers for this 1968-69 college year. The Visiting Scholars series is sponsored by the Piedmont University Center, a group that includes more than twenty colleges and universities in central North Carolina. Dr. Hoebel, chairman of the department of anthropology at the University of Minnesota, spoke on the topic, "From The Stone Age To Surbanization."

"Early to bed, early to rise, enables you to save enough to do otherwise."

THEY WONTOP HONORS FOR ELON IN MIAMI CONTEST

The Elon College delegation won top honors in a large field in the Invitational Model United Nations assembly, which was held at the University of Miami in Miami, Fla., from Wednesday, March 12th, through Sunday, March 16th. The Elon delegation, pictured left to right above, was composed of Noel Allen, of Burlington; president of the Elon Student Government Association; Christopher Walsh, of Richmond, Va.; and Russ Schetroma, of Natalie, Pa., the treasurer of the Student Government Association; the trio who made up the Elon delegation to the assembly at Miami. The three Elon representatives, who voiced the needs of Pakistan in the model UN assembly, are shown with the silver trophy which they brought back to Elon with them.

Filing Period Is Now Underway For Annual Campus Elections

The annual campus election in which the students of Elon College will choose their Student Government Association leaders for the coming 1969-70 year will not be held until after the annual spring holidays, but the filing of candidates for the principal campus and class officers got underway last Monday, March 24th.

The candidates for the offices of president, vice-president and treasurer of the Student Government Association were requested to begin filing on Monday, and they may continue to file until next Wednesday, April 2nd. Although there had been rumors as to candidates for the various posts, there was nothing definite known as to prospects

at this writing. Also filing at the same time as the candidates for the three executive officers of the Student Government Association were the candidates for the various officers of the rising sophomore, junior and senior classes. Each class has a president, vice-president and secretary-treasurer.

FAVORITE ROOMING PLACE OF FIFTEEN YEARS AGO

This generation of Elon College students, accustomed as they are to the modern dormitories that furnish them with a place to live, with some of the dormitories of the present day even featuring air conditioning, will find it hard to believe that the somewhat delapidated structure pictured above was one of the favorite rooming places for Elon's men students as late as fifteen years ago. However, such is a fact, for the picture is of the historic and much-loved old Club House, which stood at the southeast corner of the present gymnasium parking lot and almost directly across from the main north gate of the campus. The old building contained about ten rooms, and many Elon alumni of today look back with great pleasure to the years they spent in those rooms. The Club House may not have had air conditioning, but its rooms were quite definitely airy on cold wintry nights. Despite the delapidation and discomforts, however, there was frequently a waiting list of students seeking Club House lodging.
