NUMBER 19

Trustees Hold Spring Meeting

By RICK DELOWREY

The spring meeting of the board of trustees was held Wednesday, April 15, here on campus.

Election of three new trustees, two of whom are recent graduates, highlighted the meeting. In compliance with a proposal passed last fall, the board elected William N. Parke Herbert of the Class of 1968 to a one-year term and Gerry Stephen Oxford of the Class of 1969 to a two-year term. In addition, Mrs. W. W. Sellers of Burlington, was elected to fill the unexpired term of her late husband. The Honorable Thad Eure was re-elected as Chairman of the Board and Mr. George D. Colclough, was re-elected as secretary.

The Board of Trustees approved a budget of \$3,425,000 for the 1970-71 school year. This budget includes an increase in tuition of \$60 per year and a \$70 increase in food cost. The latter, was effective March 1, 1970. The new increase will bring the cost of tuition to \$1110 per year.

SGA President Lee Loy, met with the Education Committee and Vice President, Chuck Firmani and Vice President-elect, Alex Var-

davas, met with the Development Committee. The board also approved a request by Mr. Loy, that students be required to pay SGA fees. Other student proposals were put into committee for further study.

A luncheon was held after the meeting, with SGA officers, members of the Senate, Women's and Men's Interdormitory Council and class officers attending.

Three Senate Bills Sent to Trustees

Action of the Senate Monday, April 13 to be presented to the Board of Trustees on Wednesday, April 15 was the following to urge the Board of Trustees to ap-

Curriculum Changes For Fall Semester

By BETTY ANDERSON

Fall Semester will bring many new students to Elon College and new courses for everyone.

The Art Department will have the largest number of new courses, perhaps, with several courses in painting, ceramics, graphics and drawing being offered.

The Physical Education Department has made many changes including a compulsory swimming class for all entering students who fail the swimming test. Also, all students who have not met the requirements in Physical Education will be required to take two courses from P.E. 100 through 114. P.E. 174 may be taken instead of one of the courses from 100 to 114. Also new to the department will be the giving of letter grades for Physical Education courses instead of the present system of "satis-

factory" and "unsatisfactory" ratings.

The new Physical Education courses include tennis, handball and badminton; horsemanship and fencing; track and field; gymnastics; rhythms; archery and gold; thms; archery and golf; swimming, weight training and wrestling; softball, volleyball and field hockey.

Other changes in the curriculum include English 371 (Children's literature) which will be open only to Elementary Ed. majors, and Physical Education 446 and 371 which will be open only to Elementary Ed. and P.E. majors.

New courses to be offered from other departments will be Drama 341 Theatre Arts Seminar, which will be offered Winter term; History 324 which is Topics in History, and Political Science 324, which Topics in Political Science.

Parking Lots Are Overflowing

Because of construction on campus, students failure to cooperate and lack of room for expansion of facilities, Elon College has a definite and serious parking problem.

There is the problem of students failing to park in legal zones and also of lack of space while the new gymnasium and classrooms are being built.

According to Dean Jennings Berry, there are adequate parking spaces for each car on campus if students would cooperate. For instance, according to Dean Berry, many commuters do not use the gym parking lot because of the distance from classes or because of lack of time to search for a legal space. Commuters are supposed to park in the gym parking lot and against the wall in the lot beside the Student Center.

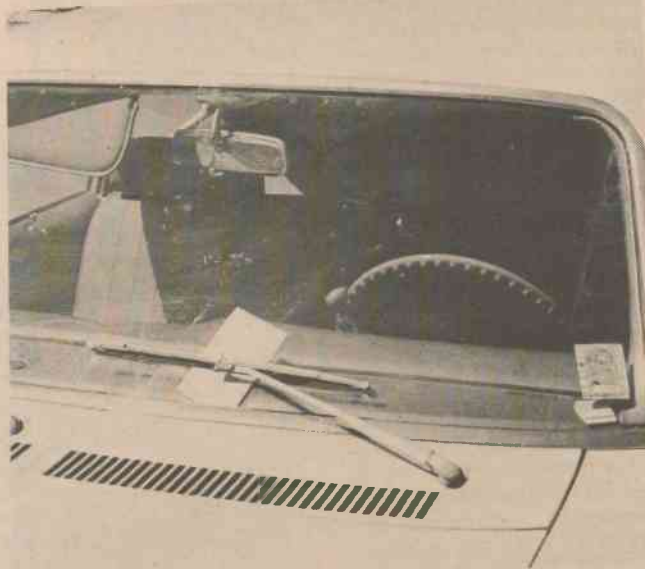

Dean Berry stated that because of the construction on campus, many spaces are unusable but added that upon completion there would be reassignment of the parking areas. Commuters will have a much larger parking facility at the Gym and will be expected to use this.

Concerning the problem of "blind" entrances into the street from the parking lots, Dean Berry stated that the town of Elon College had been asked to paint no parking zones near the entrances to eliminate some of the danger.

Dean Berry stated that after the college has reassigned parking lots and reopened those closed or hampered by construc-

tion, the problem will be looked into more closely. Restrictions on students are being studied now including forbidding freshmen from having cars and requiring a certain grade point average for other students before they may keep a car. The college will resort to these moves, however, only if students continue to park illegally.

(Continued on page 4)

The Dean of Men's office issues parking tickets to those who park in the wrong lots or in unmarked spaces in an attempt to provide spaces for those who are entitled to them.

point two currently enrolled students as voting members of the Board; to set up visiting hours in men's and women's dorms and fraternity hours on Friday, Saturday, and Sunday from 12:00 noon until closing hours; grant permission to wear slacks and bermuda shorts to classes and in faculty offices and to meals; urged College to reestablish commuter mail box service on campus; and urged the administration to withhold final grades of students who have not paid their class dues and SGA fees.

Elon College President J. Earl Danieleley, in an interview April 20, released the Board of Trustees' decisions concerning these proposals made by SGA President Lee Loy to the board.

In reply to the Senate proposal that two students be made voting members of the Board of Trustees, Dr. Danieleley replied that the "Education Committee felt that since the Board was electing two recent graduates on April 15, and since new faculty by-laws will provide for student
