

THE GREEK CRITIQUE

Amus the Hippo

ZETA TAU ALPHA

Zeta Tau Alpha has started the fall term by planning Rush, service projects, parties, and Homecoming. We have adopted an American Indian who we will be helping throughout the year.

We are looking forward to a great year.

SIGMA SIGMA SIGMA

Sigmas began the year with our traditional shoe shine. The sisters greatly appreciate those who came to help us out.

Plans are underway for a hayride which is set for mid-October. Sigmas have decided to put their heads together with Kappa Psi Nu to come up with an original Homecoming display.

Tri Sigma would like to thank Kappa Psi for the entertainment they provided Friday night at their Brother-Sister Party?

The sisters want to congratulate Carolyn DeLuca for being chosen as our Sigma Homecoming Sponsor and Patty Walker for being honored as TKE Sweetheart.

DELTA ZETA

Delta Zeta, the newest national sorority on the Elon campus, is off to a good start this year. The public was invited to the standards program on September 25 in which Coach Kelley discussed the pros and cons of the Olympics. It was quite successful. There is another program tentatively planned for November to which the public is also invited.

The sisters have scheduled two money making projects for the near future. We will be selling poly wogs (candy) and colorful flowered key chains.

Delta Zeta is backing Elon's football team by making banners for the games.

PHI MU

Phi Mu Sorority began its new year with a sister picnic and swimming party in Burlington. Before a swim in the pool, we had a brief meeting and meal where we welcomed Mrs. Bragg, our advisor.

As our first money making project of the year, we became Krispy Kreme donut girls and sold 200 boxes. The week was topped off with a get-together at the home of Wanda Baylor.

We are now in the process of making plans for Rush and Homecoming Weekend.

The sisters of Phi Mu would like to congratulate Lora Stone who was recently selected as APO Sweetheart.

IOTA TAU KAPPA

The ITK brothers were honored to have been selected winners of the "Spirit Stick" for the home game against NCCU.

There are still some coupon

booklets available. If anyone would like to have one, contact any ITK.

The brothers have begun to defend their title of Intramural Football Champs and are off to a good start.

TAU KAPPA EPSILON

Tkes have been extremely busy since the beginning of school. The fraternity house has been painted, and a new sofa for the living room was purchased.

On September 22-23 a car wash was held. It was quite a success with over \$100.00 earned.

Miss Patty Walker was elected TKE Sweetheart, and Miss Jackie Bernard was elected as sponsor.

Open House took place on September 24 with a good turnout for Fall Rush.

SIGMA MU SIGMA

This was another big week for Sigma Mu Fraternity. Monday night we held elections for Fraternity Sweetheart, and we are proud to announce that Patricia Edney of South Boston, Va. took the honor.

Sigma Mu held its semi-annual open house last Sunday afternoon. It was a smashing success, thanks to all who attended. We would like for you to feel welcome to come back and visit any time.

ALPHA PHI OMEGA

Alpha Phi Omega Service Fraternity has elected as their 1972-73 Sweetheart, Miss Lora Stone.

In other APO news, the chapter here at Elon was recently visited by the North Carolina Section 79 Chairman, Dennis Careatti, who commended the chapter for its outstanding service this past year. Other topics discussed were future service and social functions, better

inter-chapter relations, and the National APO Conference, which is to be held in Denver this December, and to which representatives from Elon's chapter are to attend.

The brothers of APO wish to remind all students and faculty members to please take advantage of the campus suggestion box located at the switchboard in the Alamance building.

SIGMA PHI EPSILON

Words from Chief Hank Nokagowia (the Jewish Navajo Indian Chief):

The fall is here again and bananas are still yellow at Winn Dixie. Reports are coming in that the ping-pong balls are having a bad season at Burlington Sporting Goods, but we don't care because the movie is better than the play. Koosh Man will be at Burger Chef next Thursday, so keep collecting those R. C. Cola bottle caps.

Chief Hank's weekly weather report calls for scattered light, followed by scattered dark. Hank's horoscope for October 3-10 is: to stay in bed all week.

Tune in next week for further reports yesterday.

KAPPA PSI NU

Kappa Psi Nu Fraternity starts off its Fall Rush this week with a Brother-Sister Party, September 29, with Tri Sigma Sorority. Rush continues the following week with a Kappa Psi Nu smoker slated for Thursday, October 5.

The brothers of Kappa Psi Nu are also working on their Homecoming activities for the 1972 year. Thus far, the brothers have scheduled a campus display with Tri Sigma and a banquet for alumni.

Congratulations to Chris Furcron, Kappa Psi Nu Sweetheart for the 1972-73 school year.

An Insider's Comment On The Senate

The purpose of this article is to inform the student body of bills passed by the Elon College Student Senate, and to more importantly, comment on the obstacles that confront Senate activities.

On the twentieth of September, the Senate met to discuss and pass three bills basically related to each other. The first is a bill to appoint a Student Honor Court Official; the second is designed to appoint a Student Committee Chairman; while the third appoints student members for Student-Faculty Committees as the Lyceum, Student Mittees. This final bill includes such Affairs and Judicial Review.

In viewing the Senate in relation to its activities and responsibilities there is, first of all, one important fact that everyone should try to understand—THE SENATE FUNCTIONS FOR THE WELFARE OF THE STUDENT BODY. Secondly, in

summarizing these bills all I can say is that they are of a minor nature, and I sincerely hope that the Senate will be able to enact more significant legislation in the future. The majority of students on campus feel that the Senate is totally ineffective in implementing solid, constructive change at Elon. These people are right. However, the real reason why the Senate cannot function effectively is because the Administration stringently regulates student activities. They encourage the students to act like mature adults and make decisions for themselves, but when the Senate attempts to implement these encouragements through constructive legislation, they are defeated at every turn. This type of policy is not only frustrating, it is also hypocritical.

Thirdly, how often have you been embarrassed or even disgusted with the rules at Elon? The answer

is quite obvious—very often! Concerning the rules the administration says "If you don't like it here you can always leave." However, if you do like it here and feel that Elon possesses potential, why not help develop that potential? It can be harnessed by the Student Senate if it will only be allowed to enact sensible student oriented legislation. Personally, I feel annoyed when a "mature adult" cannot drink on campus and visit a friend whenever he or she wishes.

In summation, it would appear that the Student Senate is fettered by administrative restrictions and traditions that are obviously outmoded. And something must be done to improve conditions socially and intellectually. Please help the Student Senate to do something about this situation. It's your school!

—Shawn Ferris
