

300 freshmen anticipated

by Beverly Faison

Saturday will be Freshman Day at Elon. According to Dean William Long, nearly 300 incoming freshmen representing 10 states along with parents and other relatives — some 1,000 strong — are expected to attend.

Dean Long says that the day is planned so that incoming students can be introduced to the campus, visit the various departments, and so that parents can be given practical tips about the campus and activities.

Incoming students are ex-

pected to check in at 8:30 Saturday morning, according to Dean Long. The formal program will begin at 9:20 and the day will end with lunch. The Emanons, Elon's jazz band, will provide entertainment. An activities fair, where the various campus groups and organizations will set up booths, will provide information about their groups or organizations.

Also on Freshman Day, Ann Gayle Hounshell, a piano major at Elon College, will present her senior recital Saturday at 4 p.m. in Whitley Auditorium.

The program, open to the public free of charge, will consist of works by Bach, Faure, Bartok, and Chopin.

Miss Hounshell is the daughter of Mr. and Mrs. Joe Hounshell of Rural Retreat, Va. She is a piano student of Dr. Walter Westafer.

Ann Gayle Hounshell will present her senior recital Saturday, April 22, at 4 p.m. in Whitley Auditorium.

50 fast for CROP today

A communion service will be held today at 5 p.m. in Whitley Auditorium for the more than 50 persons who have participated in the CROP fast which began yesterday afternoon at 1:30. After 28 hours of no food, the group will go to McEwen Dining Hall to break their fast and to talk about their experiences.

The fast has been sponsored by the Civinettes and the

college religious life committee. Its purpose has been to educate and make clear the meaning of hunger to the college community and to raise money to help hungry people of the world to help themselves in the production and distribution of food.

Twenty-five per cent of the money paid by sponsors of fasters will go to the Burlington area meals-on-wheels pro-

gram. Last spring when the fast was observed, \$1,615 was raised. Fasters are responsible for collecting money from their sponsors and paying it in to any member of the Civinettes or the religious life committee.

Howard Southerland, head of food services, has offered to pay 50 cents per meal for each boarding student who has fasted.

Auction planned on JG Day

by Rick Parham

Enthusiasm is racing ahead for Johnny Graves Day on May 1.

Voting for the King and Queen of Campus Spirit will take place in the lobby of Long Student Center April 24-28. Votes will be one cent each with all proceeds going to the

Johnny Graves Trust Fund.

All fraternities and sororities are urged to submit their contestants' names and pictures to the student activities office, 211 Student Center, as soon as possible.

Contestants should be chosen for their contribution to overall campus spirit. The

winners will receive a steak dinner at the Cutting Board as well as other gifts donated by area merchants.

It is rumored that Prof. Jack White will auction off his first mouthpiece, and Prof. Lamar Bland his first bicycle at the Johnny Graves Day auction. All faculty members and other persons interested in donating items to the auction should take them by the student activities office in Room 211, Long Student Center.

Tom Berry, speaking, was voted the most outstanding S.A.M. member. He also received the 1978 Janie E. Council S.A.M. award at the annual S.A.M. banquet April 11.

British tour planned

Crowe announces date

The winter term Studies in Britain for 1979 will begin as students board a jet-liner on January 1 in Greensboro and will end when they step off again in Greensboro on January 29. Dr. David Crowe, of the history department and director of the program in England, announced the dates Monday night at a meeting of members of the January 1978 group and those interested in going next January.

A new one-hour course will be offered in the fall, Britain Yesterday and Today, to be taught by Dr. Crowe. Persons planning to go to England should sign up for the course which is open to anyone. It is thought that it will be particularly helpful to those going with the Elon study-tour.

The group discussed several possibilities for special tours as weekend options: Edinburgh, the Lake District, Dublin, York, and then Paris. Dean William Long, director of the 1978 study-tour, and Dr. Mary E. Priestley, professor of English who led the humanities group the last two years, are on the planning committee with Dr. Crowe.

Several students of 1978 showed slides from the English lakes, from London, Bath, Paris, as well as interiors of Hampton Court Palace, Windsor Castle, and other well-known places. The Elizabethan Banquet at Hatfield House, the hovercraft at Dover, and divergent experiences were

talked about and applauded by the group meeting at the Priestley Fine Art Gallery.

Attending the meeting were President and Mrs. Fred Young, Mrs. Brank Proffitt, Mr. and Mrs. Robert Baxter, Mr. Owen from Greensboro, Mrs. Fabian and Mrs. Della Scott of Elon College in addition to students and faculty members Mrs. Betty Gerow and Mrs. Terre Cofield. Several people came to learn about the January 1979 tour.

More details on the faculty, the humanities core program, the optional weekends, and what London offers will be published in the coming weeks. In the meantime, students or others interested in joining the January 1979 study-tour in Britain should contact Dr. Crowe or Dr. Priestley.
