A leg in your hand puts a smile on your face. One more chicken ready for the TKE's 2nd Annual Chicken Pickin'.

"We've got to stop meeting like this. People are starting to talk."

Spring ushered in fair weather and preparation for Greek Week '79. The week of competition and enjoyment began with a blast, a splash, and a free-wheeling good time. It was a week of down-to-earth fun where non-frat and sorority people could gather to watch frats and sororities fight for the top spot. Even though there are some winners and some losers, in the end all are winners. There is no other place where so few can give so much to so many.
