

Soccer season ends as High Point downs booters

by Bob Moser

The Elon soccer season came to a disappointing halt here last Thursday as the booters dropped a first-round NAIA District 26 playoff contest to High Point College.

Elon, seeded second in the district coming into the game, played the third-seeded Panthers to a 0-0 tie at halftime. Early in the second period, Fighting Christian goalkeeper Kevin McCauley made two out-

standing saves to keep the game tied.

The High Point booters continued their onslaught on the Elon goal, and late in the game finally got a goal across to take a 1-0 lead. With Elon concentrating on trying to tie the game, High Point slipped through for another goal to bring the final score to 2-0.

"It was probably our worst game since early in the season," commented Coach Steve Ballard. "We played

so well during October to get to the playoffs, then we just had a letdown in this game."

Prospects, however, are bright for the returnees from this year's 8-8-1 team. The chief losses to graduation are McCauley, who had an outstanding season with seven shutouts, and Nathan Pulkingham.

"I hate the way this season ended, but we are looking forward to a good one next year," Ballard said.

Golden Girls suffer letdown

by Debbie Hurley

The Golden Girls ended their season Tuesday, Nov. 10, with a loss to Western Carolina University, and a victory over Gardner-Webb College.

"It seemed like a long bus ride up and a long ride back, because I felt our team had the end-of-the-season blues, which could account for us playing terrible in both matches," said Coach Karen Carden.

"The team couldn't get things together until the very last part of the season. This is how they should have been playing from the very beginning. Our overall season record is 12-21, a big drop from last year's record," she added.

Next year the team will be losing three players off the starting lineup: Jeannie Hairston, Barbara Carter and Carol McCall. "It will take some hard recruiting

work to replace all three, especially the hard hitting of Jeannie," said Carden.

But Carden is not worried about losing these players because she has a strong nucleus of players to build on for next year. She hopes to start off next year's season the way she finished this year. "If we can accomplish this, we should be off to a good season start," said Carden.

Acorns, Ritchous Brothers win

The intramural flag football tournament ended last Monday with the Acorns winning the women's championship and the Ritchous Brothers winning the men's competition.

The Acorns defeated Guess Who, the winner over Beta Tau Alpha in the semifinals, in the finale after beating the Phi Mu team in the other semifinal game.

The Ritchous Brothers, semifinal winners over Audio 26, upped the BBF team in the men's final.

BBF defeated the NHG team in the other semifinal match.

In other intramural news, the annual "Turkey Trot," a two-mile run with a turkey

going to the winner, will be held on Wednesday, Nov. 18. For further information, contact the intramural office at 584-3310 or ext. 310.

Teaching Jobs Available

The Foreign & Domestic Teachers Organization needs teacher applicants in all fields from kindergarten through college to fill between 500 to 600 teaching vacancies both at home and abroad.

Since 1968, this organization has been finding vacancies and locating teachers both in foreign countries and in all 50 states. It has hundreds of current openings and has all the pertinent information on scholarships, grants, and fellowships.

The principal problem with first-year teachers is where to find the jobs. The informational brochure is free and comes at a time when there are many more teachers than teaching positions.

Should anyone wish additional information about this organization, write the Portland Oregon Better Business Bureau or the National Teacher's Placement Agency, UNIVERSAL TEACHERS, Box 5231, Portland, Oregon 97208.

Faculty Research and Sabbatical Leave Applications Invited

The application deadline for college-funded grants for "Assistance for Research or Advanced Study" is Jan. 15, 1982. Decisions are then made by April 1 for funds to be used after June 15. Application forms are available in Dean Chris White's office and should be sent to Dr. Andrew Angyal, chairman of the Faculty Research Committee (campus box 2245).

The deadline for College Winter Term sabbatical applications is March 15 and decisions will be made by the end of the spring term for the following winter term. Faculty should outline their sabbatical proposals and apply directly by letter to the chairman of the Faculty Research Committee.

Do not confuse either of these college-funded programs with the federally-funded AIDP applications, which should be submitted as soon as possible. Applicants should consult the Faculty Handbook for additional information about these programs before they apply.

A small amount of AIDP funding is still available and faculty are encouraged to apply for small scale projects that could be approved and completed by April 1982.

These application forms are also available in Dean White's office. These should be completed and returned as soon as possible to Dr. Angyal for action by the Faculty Research Committee.

These funds are to be used primarily for course-related projects.
