Marvin Stone to speak at graduation

By Doug Norwood

Marvin Stone, editor of U.S. News & World Report, will deliver the Elon College commencement address on Sunday, May 23, at 10:30 a.m. in Alumni Memorial Gymnasium.

More than 300 seniors are

expected to receive degrees in the largest graduating class in the 93-year history of the college.

Stone's 35 years in journalism span every phase of news gathering, from daily newspaper to wire service to news magazine. During his

career, which began as a police reporter on the Huntington (W. Va.) Herald-Dispatch in 1942, he has covered four wars, interviewed a score of world leaders, reported from major international conferences, and filed dispatches from 35 coun-

tries.

Stone was named editor of the U.S. News And World Report in April 1976.

The editor joined U.S. News in 1960 as Pentagon correspondent and shortly thereafter moved up to associate editor on military and scientific affairs. His activities included traveling with Presidents Kennedy, Johnson and Nixon, witnessing major U.S. space shots, and on-site reporting of the Vietnam War.

He became executive director, managing the magazine's full spectrum of national and world news coverage, in February of 1973. He accompanied President Ford to China and President Carter to Europe and Asia. He was one of the four distinguished journalists chosen to question the presidential candidates in the Carter-Reagan debate. He continues to write the magazine's weekly editorial.

Stone was born in Burlington, Vt. He is an honors graduate of Marshall University in Huntington, W. Va., and Columbia University's Graduate School of Journalism, where he won a Pulitzer Traveling Fellowship. His education was interrupted by three years of service in the Navy during World War II, in which he saw combat action as an

attack boat officer in the Pacific.

He is past president of the Foreign Correspondents' Club of Japan and of the Columbia Journalism Alumni Association Region South. Among the honors he has won are the Home's Award for coverage of the Indo-China war, an honorary Doctor of Letters degree from Marshall University, inclusion on the Columbia journalism's school's 50th Anniversary Honors List, three Freedom Foundation Awards, Legion of Honor from the Chapel of the Four Chaplains, and the National Distinguished Alumnus Award of the American Association of State Colleges and Universities. He is on the executive committee of the American Society of Magazine Editors.

A reception honoring the Class of 1982 will be held Saturday, May 22 from 5 until 6 p.m. on the second floor of McEwen Dining Hall.

A college worship service will be held that afternoon at 4 at the Elon College Community Church.

Residence halls will close for undergraduates at 6 p.m., Wednesday, May 19. Graduated students should vacate their rooms by 3 p.m., Sunday, May 23.

Marvin Stone, editor of U.S. News And World Report, will speak at the 1983 commencement.

Elon's cadets honored with ROTC awards

By Doug Norwood

The Department of Military Science's Awards Day was held May 6 on the Elon campus. A number of cadets were cited excellence in leadership, academics and ROTC.

Cadet Stephen Rabon received the Retired Officers Association Award for outstanding leadership potential, good academic and ROTC standing and potential to become outstanding officer.

Cadet James Bulla, an MS-III, received the Association of the U.S. Army Award for contributing "most toward advancing the standing of the military science department."

The Daughters of the

American Revolution Award went to Cadet Hampton E. Hite for "outstanding ability and achievement," and demonstrating "qualities of loyalty and patriotism, dependability and good character."

Cadet Christopher Fish received the Military Skills Proficiency Award for receiving a "GO" at all substations in military skills testing. He was tested in map reading, communications, weapon proficiency and first aid.

Cadet Robert Gorrell received the Military Order of World Wars for his good standing in all military aspects and scholastic grades, and a marked improvement in both and exhibiting a desire to serve his country.

It's that time of year again

As finals draw near once again, students are at long last beginning to sit down and do some serious studying. These Elon students found a quiet place to do some homework at Hardee's late one night. While all students may not prefer to study

in this method, one thing is for sure, with finals starting this Saturday, much studying will occur on campus this weekend. But after those finals are those nice long beach trips! Photo by Nader Hamidpour.
