Organizations gear up for spooky Halloween

By Jonathan Martin
Features Editor

While children, students and adults are deciding what costume they will wear for Halloween tonight, area organizations are gearing up for the influx of ghosts, goblins and witches.

Kappa Sigma fraternity will hold its annual Halloween bash at the Lighthouse Tavern from 7 p.m. til 1 a.m. Tickets are \$3.50 in advance and \$4.50 at the door. If you are wearing a costume, the admission is \$4. The person wearing the best costume will receive unlimited beverages for the evening.

If students receive candy from home, they should save some of it for the elementary kids from the

Elon Home for Children. The youngsters will come by the dorms trick-or-treating from 6-7 p.m.

Those who enjoy fireworks should go to the Burlington City Park and enjoy the display beginning at 9 p.m. Before the fireworks begin, a performance will be given by two local high school bands at City Park softball field No. 1.

In addition to the band perfor-

mance and fireworks display, a costume contest will be held at 7:45 p.m. at the City Park amusement area. Registration for the contest begins at 7:30 p.m. Cash prizes will be given.

For those who want to experience a frightful night, there are haunted houses and forests.

The Burlington Jaycees will hold their annual haunted house on Huffman Mill Road across from Barbee Fabrics. The

haunted house will be open from 7 p.m. to 1 a.m. The admission is \$2.50.

The Hawfields Civitan Club will hold its annual haunted house from 7 to 10 p.m. The haunted house is located directly behind Hawfields Presbyterian Church which is at the intersection of N.C. Highway 119 and Trollingwood Road. The admission is \$1.50.

There will be a haunted forest

at Snow Camp which is located in southern Alamance County. It will be open from 6:30 to 10 p.m. and the admission is \$2.

Besides these activities, there will be various fraternity and sorority parties as well as private costume parties.

Whether you are staying around the Elon campus, going to Burlington, or going out of town, Halloween promises to hold plenty of treats as well as a few tricks.

Williamson is nominated for Marshall Scholarship

Sylvia Williamson has been nominated for the prestigious Marshall Scholarship. The Elon College senior is a triple major in computer information science, mathematics and physics, plus a minor in English. She has a cumulative grade point average of 3.98.

No more than 30 students will receive the Marshall Scholarships in 1985. This scholarship was established in 1953 by the government of the United Kingdom as an expression of British gratitude for the European Recovery Program or "Marshall Plan," named for Secretary of State George C. Marshall.

The purpose of the scholarship program is to enable citizens of the United States who are graduates of American colleges and universities to study for a degree at a university in the United Kingdom for a period of at least two academic years.

Besides excelling academically, Williamson has been an active member of the Math-Computer Science Club. She is also a member of the Construction Dance Company and a member of the Association for Computing Machinery.

Williamson has also helped out the college by working as a chemistry proctor, a physics lab assistant, and a computer assistant.

This summer she was a student research assistant at the Holifield Heavy Ion Research Facility in Oak Ridge, Tenn. While there she helped develop equipment for a color graphics computer terminal.

She is a recipient of the Algernon Sydney Sullivan Scholarship and is a member of Alpha Chi, the national academic honor society, and Sigma Tau Delta, the national English honor society. She has participated in the Honors Program and was a junior marshal at 1983 graduation.
