Elon College

Time changes in TTH classes

by Margaret Allen
Staff Writer

Students returning for fall semester will find several changes concerning the times that Tuesday/Thursday classes meet.

The break that has been scheduled from 9:20 a.m. to 10:30 a.m. will be changed to 9:30 a.m. to 10:00 a.m. to alleviate poor attendance of students at the college coffee and chapel.

The time has been changed to shorten the amount of time that students have between the break and their next class. This will hopefully keep students on campus long enough to attend these functions.

Dean Gerry Francis said that the purpose of the new schedule is to "highlight and strengthen" stu-

dent/faculty relations. He hopes that the new time will attract more students to the college coffee on Thursdays and to the chapel service on Tuesdays.

The new schedule will effect classes that now meet from 10:30 a.m. until 11:50 a.m. and from 12 noon until 1:20 p.m.

Next semester, these classes will meet from 10:10 a.m. until 11:30 a.m. and from 11:40 a.m. until 1:00 p.m.

There will also be a break from 1:00 - 2:00 p.m. to give student organizations and faculty members time to conduct meetings.

Afternoon classes will meet from 2:00 p.m. to 3:20 p.m. and from 3:30 p.m. to 4:50 p.m. The new schedule will not effect night classes that meet on these days.

Granowsky receives top teaching award

Dr. Seena Granowsky, Associate professor of Psychology and Human Services, was named the 1988 recipient of the Daniels-Danieley Award for Excellence in Teaching.

The award is the highest honor given by the college for teaching and was established in honor of the parents of former college president Dr. J. Earl Danieley and his wife, Verona Daniels Danieley.

Granowsky, 48, came to Elon in 1975 after being a consultant in Special Services for Durham

County Schools in Durham, NC. She has served Elon on the graduate council, faculty research and development committee, Second Monday advisory committee, and on various other projects.

Granowsky is a member of Delta Kappa Gamma and Phi Delta Kappa, and she has a variety of publications and scholarly achievements to show for her work.

Granowsky lives in Burlington and has three children; Eric, Sedra, and Richard.

Students receive top honors

by Kathy Meadows
Editor

Outstanding students were honored Tuesday morning at the annual Awards Day presentation. Plaques, certificates, and cash awards were given to students for outstanding academic, community and personal excellence.

Sharon Guilliams and Karen Henderson were Elon's version of the Grammy's Michael Jackson as they each received three awards. Guilliams received the Ella Brunk Smith Award for moral and religious life contributions to the campus, the Shackley Piano Award for showing the most improvement in piano, and the Arnold Strauch Award for potential of contribution in the field of education.

Henderson received the Marcella Rawls Saecker Award for outstanding citizenship best representing the values of Elon College, the Elon Mathematics Awards for a math major of outstanding scholarship and integrity, and the John W. Barney Memorial Award for a senior with the highest cumulative GPA. Henderson has a 4.0 overall average.

Senior Gordon Rankin was presented the Burlington-South Boston Ministerium Award for having all around excellence and promise in the Religion Department, and the Greek Bible Award.

The Basnight Award was given to Laura Perkins for her outstanding performance as a Bible student. David Burton was presented the Pi Gamma Mu Award for excellence in Social Sciences.

In the area of lab science, Vicki Paschal won the American Institute of Chemists Award in recognition of her potential advancement of the chemical professions, and the Outstanding Biology Award went to Michael Pickett for exceptional scholarship, service to the Biology Department and fellow students, and commitment to the study of biological science.

Krista Lee was presented the James S. and Marilyn A. Denton Award for an English, History, Business, Political Science, Physical Science, or Math major who is active in campus activities, and the Wall Street Student Achievement Award.

The John Kappas Award in Economics went to Walker Davidson for demonstrating enthusiasm of the subject, potential for leadership, and classroom excellence.

The Priestly Award in Journalism went to John Hoyle for high quality writing of published material. Other writing awards went to Lillian Pollock for the best expressive English paper, Margaret Owenby for honorable mention, and William Lippard for the best analytical/persuasive paper.

The English Scholar Award went to Lynn Bregler for her superior qualities of scholarship and character.

Rebecca Crowe was given the Student North Carolina Association of Educators Outstanding Future Teacher (SNCAE) Award for leadership, scholarship, and student teaching abilities and contributions to the SNCAE, while the Delta Kappa Gamma Award for the outstanding prospective teacher who is a native to Alamance County went to junior Donna Jones.
