need for improvement. "The aides on hand were definitely a big help in sorting out what seemed like a maze at first," Justin acknowledged, "but they still need more lines. It would be more effective to have separate times for each course to purchase their books. That way there would be no hassle at all."

Willie Williams said he has received favorable reviews so far. "The only complaint is about an occasional book not in stock," he said.

Students are wondering if the Elon College Book Gallery has found its permanent new home. "Books will be bought at the church for the Spring and Fall semesters to come," Williams said, "but Winter Term books are likely to be bought at the old location."

## Poindexter

From Page 1

said his illness prompted his action.

In an Aug. 14 article in the *Times-News*, Poindexter said his new job is a final step in his recovery from that illness.

"When I had my first interview here, I said, 'Let me tell you about Elon College,'" Poindexter said, according to the *Times-News*.

Poindexter's position as assistant superintendent for personnel makes him responsible for hiring. He held a similar position at Burlington schools before joining Elon's staff in 1986.

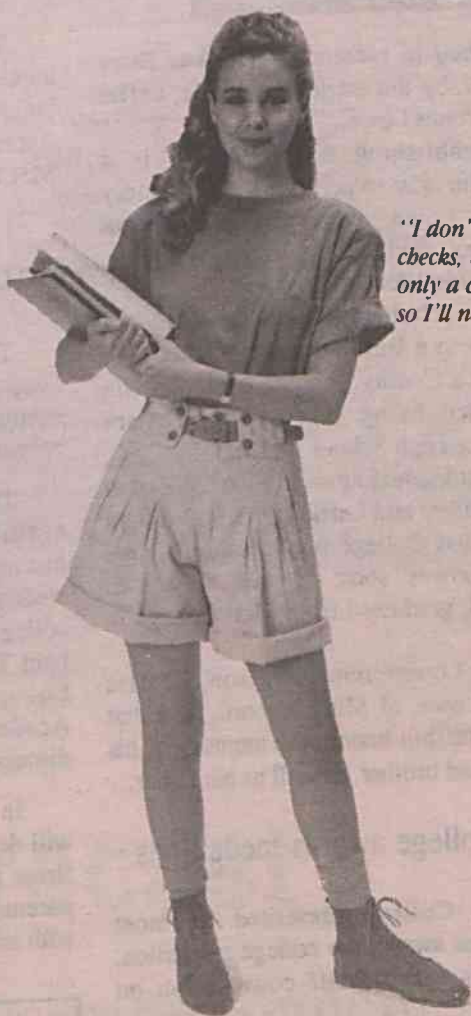

According to the *Times-News* article, Poindexter was given favorable recommendations by Burlington Schools Superintendent Joseph Sinclair and others.

"It's great to be here in this job, and I'm thankful for all the support friends and colleagues back home have expressed," Poindexter said according to the *Times-News*.

### College Chapel

Tuesday, 9:30 a.m.  
Whitley Auditorium

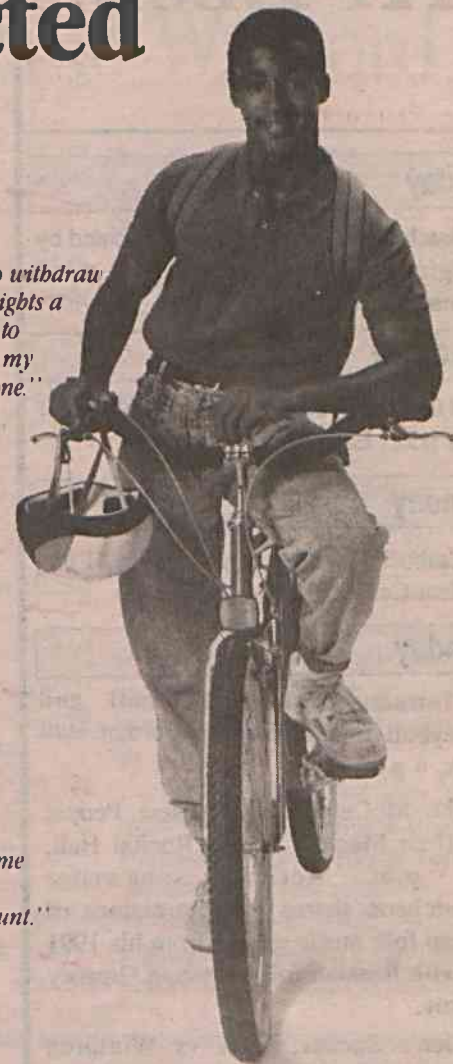

# We asked college students what they expected from a bank.

"I don't write many checks, but sometimes only a check will do, so I'll need a checkbook."

"I want to be able to withdraw cash 365 days and nights a year, and from time to time I'd like to check my balance over the phone."

"Hey, don't expect me to keep a minimum balance in my account."

### Then we listened to what they had to say.

With information in hand, we set out to design a special account for students. And, we included what you asked for and a little more. Then we made sure the price was reasonable and access to your money would always be convenient. The result, a perfect account for college students. Its called Wachovia's Economy Checking.

### Easy access to your money, day and night.

The first thing you'll receive is a Banking Card that allows you to withdraw money from any Wachovia Teller II® machine in North Carolina and the Plus System® or Relay™ automated teller machines (ATM) almost anywhere. Next we added Phone Access™ so you can

check balances, transfer money from one account to another, find out if a check has cleared or when a deposit was posted to your account. Using Phone Access is as easy as using any telephone anytime day or night.

### Best of all, it costs just \$4.00 per month.

With 12 withdrawals by check or from any Teller II and no minimum balance requirement, you'll be sure to get your money's worth. In addition, you can call Phone Access as often as 5 times a month. Free. And, each month you'll receive a complete statement detailing your account activity. We even record and retain your cancelled checks for safekeeping.

If you're a college student looking for a bank, Welcome to Wachovia.
