GAMMA

From Page 1
Michael said his organization wants to bring in more speakers and more events planned for each day of the week.

There are two big projects that GAMMA hopes to work on. The first project is to have GAMMA, along with Elon's football coach, Leon Hart, go to local high schools and speak to students about drunk driving and

the dangers involved. According to Michael, the second project involves getting a public transit system in the town of Elon College.

Jana Lynn Fields Patterson, associate dean of student affairs and current advisor of BACCHUS will be the advisor of GAMMA. "Not many local colleges have a GAMMA chapter, but I think there are chapters at the University of North Carolina at Chapel Hill and Duke University."

Patterson also said that she is going to work with Michael on drawing up the petition for GAMMA and submitting it to the Student Life Committee to review in May.
