use the gymnasium at the children's home, East Gym and had temporary classroom space in modules," White said.

The new gym will seat about 2,200 people. Faculty, staff and student tickets will be issued the day of the game with proper ID. All the seats will be reserved seats and everyone will have to sit in the designated area on their ticket.

In the lower arena, sections 1-3 are reserved for faculty and staff and sections 4-10 are reserved for students. When these seats are filled, upper level arena seats will be issued.

According to White, the Alumni Gym will be used as a multi-purpose facility, not only for athletics. It will also be used for major college functions such as graduation if the weather is bad.

The Elon College Television Channel, ECTV, has gained recognition and is making a proposal to become a member of the media board to gain funding.

ECTV will make its

ECTV is the first medium to be created since WSOE was established in the late 70's.

Director of the Larose Resources Center Chris Fulkerson said, "We've never had a new medium as part of the media board."

ECTV provides

entertainment through student produced programming. It gives students the experience of operating equipment, directing and producing television programs. Programming includes talk shows and academic programs to support classes.

"ECTV is really excited because we want to be part of

campus media as a whole so we can all work together," student coordinator of Campus Cable Christopher Waters said.

Waters also said that if ECTV becomes a part of the media board, it will need funding for updated equipment that will
