

College Horoscope For The Week

By Linda C. Black

The sun's in Taurus all this week, lending stability to the situation.

Monday's best for business deals; there's a grand trine in earth signs. Tuesday and Wednesday morning are best for making big decisions, with the moon in Aquarius. Don't wait until Tuesday afternoon — decisions made then won't work out nearly as well.

Thursday and Friday should be fun, and they're both good days for planting. The weekend's best for finishing up that list of stuff you should have already done by now.

Aries (March 21-April 19). Try not to argue with an authority figure Monday. It's a losing battle. Brains will win over brawn on Tuesday and Wednesday. You'd better do what you promised on Thursday and Friday. Somebody's watching. The moon's in your sign over the weekend, which is wonderful! Your increased enthusiasm almost makes up for your lack of spending money.

Taurus (April 20-May 20). Your business savvy is right on target Monday. Go with your instincts to make a profitable choice. The boss or your most technical professor will be in a fine mood Tuesday and Wednesday. Be prepared for tough questions. Launch a charitable endeavor Thursday morning for maximum effectiveness.

You'll achieve group objectives Thursday night and Friday doing what worked before. Clean out the garage this weekend. You'll find lots of buried treasures.

Gemini (May 21-June 21). Put as much as possible into your savings account on Monday. You'll be glad you did. Let a fascinating foreigner lead you to a good choice on

Tuesday and Wednesday. An imaginative older person may be hard to follow Thursday and Friday.

Do the homework to keep up. Your friends are in a feisty mood over the weekend. Don't let them get you into trouble.

Cancer (June 22-July 22). Your partner may be infuriating on Monday, but is probably also right. Learn more about the stock market Tuesday and Wednesday, so you can increase your earnings. For spiritual renewal, go back to a favorite place by water on Thursday or Friday.

Hearing favorite water music could work, too. Fire dominates Saturday and Sunday. An older person will be feeling feisty.

Don't take a thoughtless remark too seriously.

Leo (July 23-Aug. 22). Do the work and make lots of money on Monday. Let a partner carry more of the load on Tuesday and Wednesday. He or she can accomplish something easily that you find way too difficult.

Pay off a bill Thursday and Friday, and discover new freedom. A physical adventure is accompanied by a mental one this weekend. You'll have to be jammin' to keep up.

Virgo (Aug. 23-Sept. 22). You're lucky in love Monday morning. Schedule your time accordingly. Study complicated technical material Tuesday and Wednesday to improve your work skills. Go along with your mate's fantasies on Thursday.

Provide common sense to someone who needs it on Friday. Play with your budget this weekend and you'll find lots of things you can cut.

Libra (Sept. 23-Oct. 23). Find the funding you need from a private source on Monday. Make a commitment with your sweetheart on Tuesday.

A barrier Wednesday morning will be overcome by that afternoon, through love. You'll find the perfect gift Thursday morning. Concentrate on your work that afternoon and Friday. Let your mate drag you off on an adventure this weekend.

Scorpio (Oct. 24-Nov. 21). Something you learn from a friend Monday can help your partnership prosper. Consider a change that needs to be made at home on Tuesday. Make the decision Wednesday morning. If you're going after new love, ask Thursday morning.

If it's old love you're after, you can wait until that evening. Friday's excellent for planting a garden and for romance, too. You're going to have to work this weekend, so you might as well enjoy it. Give it your full attention to avoid accidents.

Sagittarius (Nov. 22-Dec. 21). On Monday, ask your boss for a raise, or your mom for an increase in your allowance. Study complicated technical subjects on Tuesday and Wednesday. Also, fix household appliances or buy new ones. On Thursday, make time for a roommate with a problem.

Offer words of wisdom and hugs. Entertain at home on Friday. Love blossoms anew over the weekend. Allow yourself to get outrageous, in a healthy manner.

Capricorn (Dec. 22-Jan. 19). You're lucky, strong and wise on Monday.

Go for it. Money's coming into your account Wednesday or Thursday. Use it to buy electronics. You'll learn best by working with a master on Thursday and Friday.

Don't ask many questions, just watch and listen. And practice. Stay home over the weekend and take care of household matters. Sunday's good for entertaining controversial conversationalists.

Aquarius (Jan. 20-Feb. 18). You may feel like somebody's leaning over your shoulder Monday, watching your every move. Don't let the kid behind you copy off your paper! You'll be in total control Tuesday and Wednesday, except for a little flak from a loved one at home.

If you buy something he or she is nagging you for on Thursday, Friday will be much more enjoyable. Catch up on all your reading over the weekend, and your exercise program, too.

Pisces (Feb. 19-March 20). Heed an older friend's advice on Monday. A neighbor can help you through a bureaucratic maze on Tuesday and Wednesday. Once that's done, you'll have more time to play together.

Devote Thursday and most of Friday to that. Also, call your sister or brother. Shop over the weekend for things you need to further your education or update your skills.

If You're Having a Birthday This Week ... Born April 28: Make travel and games a part of your business and succeed beyond your wildest dreams. Born April 29-30: Once you learn how to run the machinery, you'll get promoted to the next level. Study. Born May 1-2: Your friends are there when you need them, and you're good support for them too. Together, you can make a big difference. Born May 3-4: This year is about finishing up past commitments. Just take them one at a time. This will be empowering.
