By Linda C. Black

Aries (March 21-April 19). Thursday and Friday are good for sporting events and romance, not necessarily in that order. The weekend looks good for meticulous work, like all that homework you know has been piling up. Kepp to yourself on Saturday to get the job done. Save a little time for socializing on Sunday; you're friends will want you to join them and you'll be needing the break anyway. Move quicker on Monday to finish a work-related project. Tuesday and Wednesday, stick close to home. Your attention will be needed there.

Taurus (April 20-May 20). Thursday the family needs your time and attention, but on Friday, you can scoot away for personal games and romance. Catch up on your sleep on Saturday, you'll be desperate for it and will feel better if you do. Sunday will be ideal for doing something constructive. Whether it's cleaning your room or finishing off that long overdue project, stay focused and you'll be sure to finish it. Watch your money Monday, or it'll slip right through your fingers. Tuesday and Wednesday are better for saving and finding bargains on groceries.

Gemini (May 21-June 21). Practice organizing groups of people Thursday, and you could find yourself in a leadership position by Friday. Have the family over to your place this weekend. You're very cute on Monday, but don't make promises you can't keep. The money is coming in Tuesday, but could be all spent by Wednesday if you're not careful.

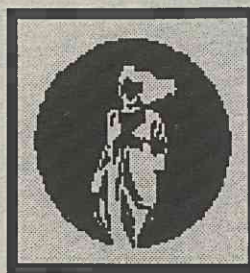

Cancer (June 22-July 22). Figure out how much you want on Thursday, so you can ask for it and get it on Friday. Study difficult material over the weekend. You'll retain it well. Clean out the closets on Monday, and throw stuff away. Follow a hunch on Tuesday, and find a treasure on Wednesday.

Leo (July 23-Aug. 22). Thursday, you're getting stronger, and on Friday, you're very powerful. Save major decisions and actions until then. Saturday looks good, but Sunday is best for increasing your wealth. It could come through a gift. Your team leads you to victory on Monday, but it's pres-

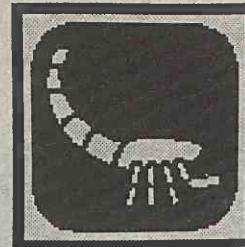

sure from a persistent person who makes you perform on Tuesday and Wednesday.

Virgo (Aug. 23-Sept. 22). On Thursday and Friday, you'll be hustling to keep up with demand. Keep your eyes on the goal and you'll finish the week off a champ. Saturday and Sunday are best for travel, but not all that great for romance. You set the agenda Monday. The others may be confused, but be gracious when you field their questions and all will be explained. You're getting more confident Tuesday, and showing up more like a leader. On Wednesday, others could come to you for advice. Give it freely, you'll be on the ball all day.

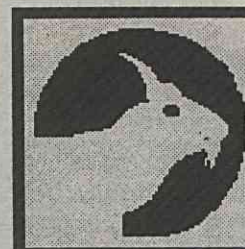

Libra (Sept. 23-Oct. 23). Follow a strong friend's lead on Thursday, they'll have advice and knowledge that can help you further down the line. Friday will be a day of surprises, so keep your eyes and ears open. Clean out your closets on Saturday. Relax all day Sunday, that way you'll be ready to face the week ahead. You'll be in the mood to throw things out and get a fresh start for the spring. You're looking very good on Monday, but don't blow your money showing off. Tuesday and Wednesday, toe the line to gain an older person's respect. You're going to need their support sooner than you might think.

Scorpio (Oct. 24-Nov. 21). The workload is intense Thursday and Friday, but the pace should be good. Give friends your full attention over the weekend. You might get a loan on Monday from a person who has too much. Tuesday and Wednesday are good for planning a cruise, even if you can't go yet.

Sagittarius (Nov. 22-Dec. 21). Thursday and Friday look good for sports and other outdoor activities, and this weekend is a good time to pay your respects to an older person. Capricorn (Dec. 22-Jan. 19). The money should come to you by Thursday, just in time to get your weekend plans together. Spend time with a close friend on Friday, you miss their company, and they miss yours just as much. Saturday looks good for travel, so plan ahead. Sunday will be your day for romance, so dress up and be open to all the

possibilities. You're lucky with paperwork Monday, and with finding the right words. A partner provides what you need on Tuesday and Wednesday.
