Elon University's Weekly Student Publication

# Facility changes set for future

Some of the sciences will move out of McMichael and into Powell in fall 2009.

Holland House will contain Project Pericles, Admissions and Leisure Sport Management.

Two new academic village pavilions will house the Center for the Advancement of Teaching and Learning as well as philosophy and religious studies.

English and human services will fill religion's vacant spot on the third floor of Alamance.

The future Lindner Rotunda [fall 2009] will house history and sociology.

Story on p. 2
