

it's difficulties but he hopes that these will be ironed out soon.

When Mr. Sawyer was viewing future entertainment, he commented on the increasing interest in the "Migrants" performance this weekend.

Valerie Spangler, the co-ordinator for the College Bowl, has planned several matches with surrounding schools. Bill Blomburg, John Paul Jones, Larry Biddle, and Tom Page are the four alert, capable team members.

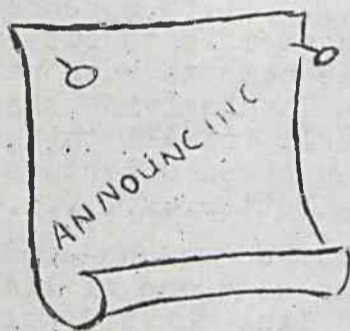

For bigger events Mr. Sawyer has thought about; a Basketball Homecoming with an exciting home game, a large casual dance with a big-name combo, and other specially planned activities. Also thoughts for the May Day concert entertainment are the Four Preps, The Four Freshmen, The Roof Top Singers. One of the best contemplations of President Sawyer is the reconstruction of the College Pond, where couples or anyone would be able to enjoy spring Sunday afternoon walks or picnics, and where dances can be held or outdoor concerts performed.

At the request of President Sawyer, Judy Sullivan has been corresponding to all our conference colleges asking them to send pennants that will be placed on the Union walls. Mr. Sawyer would appreciate if the great temptation of borrowing them was overlooked.

Pete Fisk, at the suggestion of President Sawyer is working on a special bill for lockers for day students. This long overlooked problem is being worked on by S.G.A. and Mr. Butler.

Mr. Sawyer wants to remind all the students of the important S.G.A. assembly on December, 16, the last Monday before Christmas vacation. Plans concerning a new library building are already formulating in that John Nicks is recording the "Last Lecture Series" to have on file there. Tradition will be made by these files.

Another file is being planned, one for blood. The Community Relations Committee is working with the Elon College Community to set up a blood bank for the benefit of both college and community. In the past one was needed and was not there.
