 ural and social resources.”

At the conclusion of the program, Dr. Duncan presented certificates to nine students whose splendid scholarship and citizenship records qualified them for the inclusion of their names in the current issue of **“Who’s Who Among Students in American Colleges and Universities.”**

Those so honored were: Joyce Delany, junior, of Wilson; Cleopatra Griswold, junior, of Raleigh; Wilbert King, senior, from Overhills; Dorothy Little, junior, from Ruby, South Carolina; Clara Helen Mills, junior, of Nashville; Naomi Pitt, junior, of Bethel; Queen Pitt, senior, from Pinetops; Doris Pridgen, from Whiteville; and Aileen Watson, junior, of Shelby.

tion for First-Rate Citizenship,” Mr. Groves pointed up the revolutionary emphasis of our times, particularly the sociological revolution that is woven so deeply in the pattern of our present living.

To prepare ourselves for the oncoming inevitable changes, Mr. Groves said that we must increase our technical efficiency, recognize the responsibilities which we are accepting as teachers of young, easily-molded minds, and form a state of mind which will not let us rest until we succeed at our chosen tasks.

Although a young man, Attorney Groves has the rich experiences which the earning of an A. B. degree from the University of Colorado, the being elected to the coveted Phi Beta Kappa Society, and the receiving of the J. D. degree from the University of Chicago, have given him.

Married to the former Miss Evelyn Apperson of Chicago, after having served in the United States Army as a first lieutenant with an artillery outfit in the European theatre and teaching in the Law School at North Carolina College at Durham from 1949-1950, Mr. Groves now resides at 275 Gillespie Street, Fayetteville, N. C.

On Friday, May 8, at 8:15 p. m., Margaret Tynes of the New York Opera Company appeared in concert at the Fayetteville State Teachers College new auditorium.

Although she is comparatively new in the concert field, Miss Tynes is a talented and graceful artist. From her very first appearance on the concert stage, the critics have been profuse in bestowing upon her their praise and commendation.

Her artristry was such that she had the distinction of being the first Negro woman to become a permanent member of the New York Opera Company. During the opera season, which lasts from

March 19 through May 3, she is one of the leading artists, singing leading roles in “Carmen,” (in French), “Regina,” and “The Love for Three Oranges.”

“Porgy and Bess,” in which she played the leading female role, “Lysistrata,” in which she was Etta Moten’s understudy, “Finian’s Rainbow,”—in which she did over 200 performances, three motion pictures, and the lead in “H. M. S. Pinafore” are only a few of her many accomplishments.

Selections which appeared on her program included “Per Pieta” —(from the opera “Il Floridoro”), “Wer Sich der Eisamekeit Ergiebt” —(from “Gesange des harfners”), “Blue Are Her Eyes,” and Hall Johnson’s reknowned “City Called Heaven.”

Dr. Harold L. Trigg, president of St. Augustine’s College in Raleigh, North Carolina, was the vesper speaker at Fayetteville State Teachers College on Sunday, May 10, at the second annual vesper program sponsored by the local chapter of the Alpha Phi Alpha Fraternity, Incorporated. Speaking from “The Life We Live,” he insisted that “we must prepare now for life in a dull-fledged democracy.”

Steaming hot - dogs, smokes, cokes, and plenty of wholesome fun were in evidence at a typical Alpha smoker held in the Robert R. Taylor Science Building on Monday, May 18. Alpha men, both from the local community and from surrounding communities, were on hand to greet a rather impressive group of young men who joined in the festivities.

The highlights of the occasion were the many interesting experiences related by the members of the chapter and the clarification of ideas preparatory to the establishing of an undergraduate chapter as soon as circumstances will permit.
