College Campus At Dusk

EVA McEACHERN

As I sit at my window, here's what I see
of the college campus of FSTC.
I hear the hurry and the scurry of many eager feet.
To the Library, the canteen, or the Soda Shop down the Street
I see a crowd of students at the bottom of a stair
Laughing over some comical affair.
The Library's lit up, and the students are gathering,
They're talking and searching and note-comparing.
Some of the students are in the canteen for fun,
While some poor kid will study 'til one.
The time passes on with the silence increasing.
The doors begin closing, for soon they'll be sleeping.

Greetings From The Band

This year the Bronco Band will be stepping high playing the right notes and hoping for a most musical season.

The officers are:

- President Alexander Leach
- Vice President Robert Stitt
- Secretaries Doris Folk, Mary Johnson
- Reporter Jack C. Sharpe

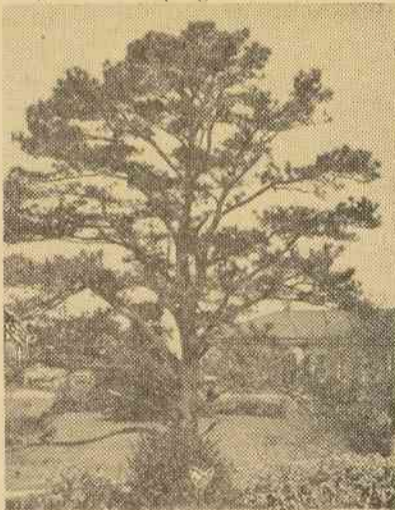

The committee chairmen are William Smith and Tharmon Percell; Bobby Lewis, sergeant-at-arms. Under such musical leaders, we are looking forward to a harmonic season.

We are proud to say that for the coming year we have six new majorettes, thirteen new instruments, forty-five members and a very good director. Don't take my word for it — Check the Broncos on the March!

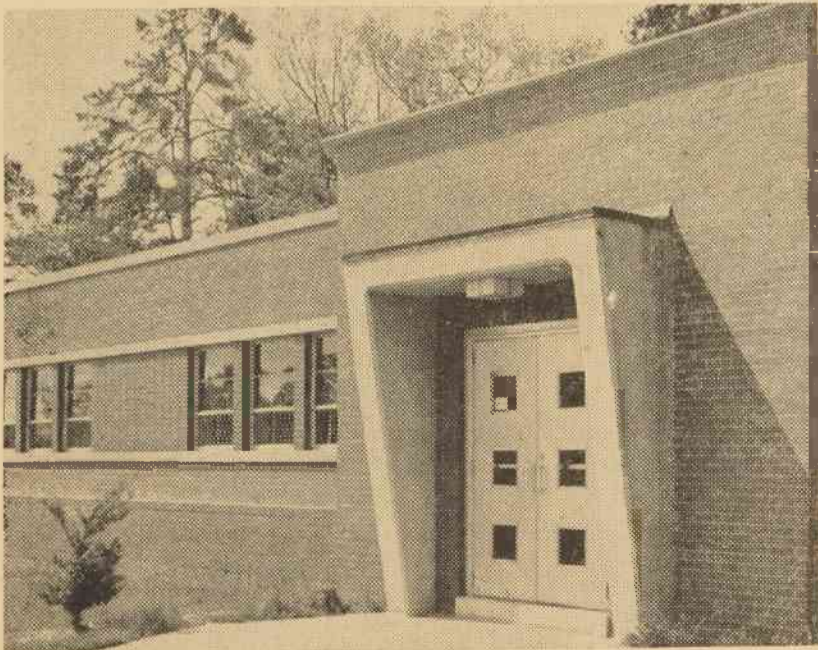

Reporter: Jack C. Sharpe
Director: Mr. Thomas Bacote
