THE VOICE

DECEMBER, 1961

Season's Forecast

Coach Page Saunders hopes that his squad will improve this year's basketball record over last year's, and if a couple of last year's standouts are able to play the second semester, he thinks that the Broncos will finish pretty strong even though "we are going through rebuilding stage" says Coach Saunders. He is looking for a lot of help from his freshman crop which includes a trio of good ballhandlers and playmakers. K.

Aggies Down Broncos In Season's Opener

Before a capacity crowd, in the opening game of the basketball season, the Aggies of A&T College downed the Broncos by a score of 75 to 53.

75 to 53. The Broncos led briefly in the game, but once the Aggie sharp-shooters found the range, they be-gan to pull away to victory. Leading scorers for the victor-ious Aggies were Co-captains Hugh Evans and Henry Marshall with 21 and 14 points respectively, and Powell with 21 points. High Bronco scorers were Cap-

High Bronco scorers were Captain Percy Arrington with 13 points, William Manson with 12 points, and Frederick Bibby who hit for 10 points.

How You Can Be **Truly Popular**

(Continued from page 2)

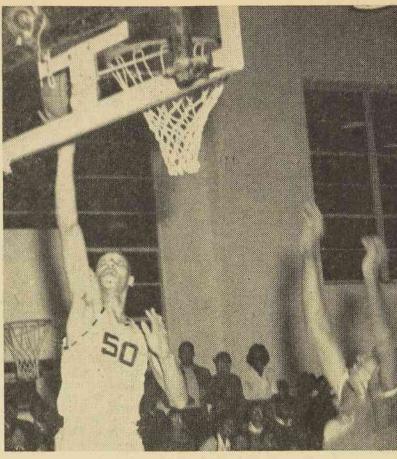

a new and interesting friend. A smile and a pleasant disposition are important assets to everyone. BE TRULY OPEN-MINDED AND FAIR. "There is no prejudice more unjust than blind prejudice." When you disagree with someone, be kind enough to listen to his side of the story. There may be some merit in what he believes. Furthermore, he will think more of you and will be more willing

of you and will be more willing to listen to your views. The world loves a trustworthy and fair person. Be fair to every-one. It has been said that no little good that you do, goes un-noticed. If being fair and doing good to the best of your ability is the way to be popular, then you will surely not be unnoticed.

Bulls Romp Over Broncos

The Johnson C. Smith Bulls, playing one of their finest games playing one of their finest games of the season rolled past the Bron-cos by a 40-6 score. The speedy backs of the Bulls and the precis-ion blocking supplied by the fast charging line, plus the expert play calling of the quarterbacks were just too much for the Broncos to cope with, as the well-disciplined Bulls team scored in every quarter. The most exciting play occurred in the third quarter when the right linebacker of the Bulls, James Walker, intercepted a Bronco pass five yards deep in the end zone and rambled 105 yards for a score

Physical Fitness

Physical education students at Fayetteville State Teachers College presented a program on health and physical fitness at the college assembly on Wednesday, November 29. The theme of the program was "Reaching Health Goals through Physical Activities."

Calisthenics, drills, and a variety of stunts were presented by the freshman men and women and the sophomore men and women. An "Ode to Posture" and Athletic Dances were presented by the sophomore women.

As an added attraction, the children of the Newbold Laboratory School, which is on our college campus, presented several singing and dancing numbers. Jeannette Melvin, Junior of Fayetteville, presided

The Elizabeth City State Teachers College Pirates squeezed by the Broncos by a score of 7-6 in a hard fought defensive battle which was witnessed by 2,700 fans at their Homecoming classic. Jerry Williams, a 170 pound end,

set up the Broncos' only score when he recovered an Elizabeth City fumble on their 7 yard line. In three attempts the Bronco backfield carried it to the 5 yard line; then quarter-back George Wilson scored on a keeper on fourth down.

The hard charging Broncos held their lead until the fourth quarter then the Pirates went to work. The Pirates' Earl Moore kept the Broncos contained with his long kicks; then they scored from 55 yards out on four plays.

The big play came when quarterback Frances passed to end Leonard Mobley who took the shot pass, shook off a tackler, reversed the field and galloped 45 yards for the tying score, then Stanley Franklin kicked the extra point which proved the winning margin.

Outstanding Broncos on defense were James Anderson, Johnny Largent, Robert Washington, Robert Drake, Edward Spencer, and Willie Smith.

Expressions And Music BETTY McKETHAN

The Department of English and Foreign Languages of Fayetteville State Teachers College presented the assembly program in the Col-lege Auditorium on Wednesday, November 14.

November 14. Mr. Robert Bryant, a sophomore, presided at this program whose theme was "Expressions and Music." The program, presented with musical background, consist-ed of prose and poetry in English, Spanish, and French. The readings ware given by students of the Eng. were given by students of the English and foreign languages classes

Christmas Star

DELORIES SHAVERS

DELORIES SHAVERS The Foreign Language Depart-ment presented an excellent Christ-mas play on Wednesday, Decem-ber 6, at the regular chapel hour in the J. W. Seabrook Auditorium. The play, Christmas Star, was written by Dr. Virginia F. Curry, member of the Foreign Language Department of FSTC. Sponsors were Mr. Armand Amisial and Mr. Virgil Wright of the same depart. Virgil Wright, of the same depart-

Virgil Wright, of the same depart-ment. Students of the Foreign Language classes comprised the cast of the presentation. **Christmas Star** was a two-scene play. Scene 1 dealt with the gath-ering of pilgrims on the road to Bethlehem, seeking the shrine of Christ in Bethlehem. Scene 2 dealt with the activities and factivities of with the activities and festivities of the pilgrims when they reached the Shrine of Christ in Bethlehem.

Broncos And Morris

College Tie

In a hard fought defensive battle on a wet and muddy field, the Broncos and Morris College of Sumter, South Carolina, battled to a 0-0 tie.

The Broncos knocked on Morris College's touchdown door in the first and third periods but they fumbled when they reached the 6 yard line.

The Faculty Of Speech

(Continued from Page 3)

there, though no microscope will detect it, or identify the English reading from the French reading cells, in one who can read both languages, but yet there it must be, or an injury could not destroy it.

Professor Hinshelwood, of the University of Glasgow, published the case of a highly educated man

ent alteration in the nervous matter stimulated occurs, which pro-duces a fixed habitual way of working in it. It, therefore, follows that the brain must be modified by every process of true special oducation education.

Children under ten years of age acquire languages by the ear very easily because the gray matter of their word centers is very plastic and can soon be fashioned for that purpose. But what 'is gained easily is lost easily, for if a child at that age be removed to another country, where he no longer hears the language which he has learned, he generally forgets it totally in less than two years. One of the properties of the per-sonal human will is that of being a specific brain stimulus, more potent than all the afferent stimuli together in producing changes in brain matter, by which the brain acquires, and by it alone, entirely new powers of functions not possible in any other animal brain. We need to attach more impor-tance to inhibition. Without inhibition no organization of a nervous system would be possible. A mere animal cannot be held responsible for anything for it is so fully the creature of the mechanical afferent that it has no true power of choice. But man CAN always do or not do as he chooses, or, in other words, wills. The will has the power to alter the brain in such a way that in time the brain thinks only according to certain habitual ways. This is the substance with which we must deal in learning and in teaching.

The Broncos' only tally came in the third period when quarterback George Wilson, executed a perfect bootleg play around his left end for 44 yards.

U. Meets Α.

Fayetteville State Teachers College will participate in its first Indoor Track Meet during the Christmas Holidays. According to Track Coach Harold L. Scott, three Bron-co trackmen will be entered in the Metropolitan Association A. A. U. Development Meets in New York City on December 23 and 30. Trackmen participating in these meets will be Dewey Toone of Yonkers, New York; Johnny Douglas and Dave Christian, both of Newark, New Jersey.

Morris College had their deepest penetration in the second quarter when they drove to the five yard line but the Broncos held there on downs to break the back of their threat.

Outstanding Broncos were James Anderson, Robert Washington, Robert Drake and John Rooks.

ayed

who was brought to him for an attack of ordinary word-blindness. The patient had learned Greek, Latin and French in addition to his native English. Upon examination the patient displayed the abili-ty to read Greek perfectly. He could read Latin better than English but not so perfectly as Greek, while in French he made more mistakes than in Latin, but still read it a great deal better than he could his native Englsih. The explanation was that the injury to his brain matter nearly ruined the English shelf, then damaged to a less extent the French, and still less the Latin shelf, while the Greek shelf escaped entirely. When the man separately studied

those three languages, in addition to his childhood's speech, his consciousness and his will certainly co-operated in prolonging exercise, until wholly distinct portions of his gray matter were fashioned, one for Greek, another for Latin, and another for French words, each so divided from each other and from the earlier English stratum, that they were respectively differently affected by the damage which involved this world area

This leads to the principle that a stimulus to nervous matter effects a change in that matter by calling forth a reaction to it until by constant repetition a perman-
