### Bronco Cadets On The Move

This semester may have appeared to start off too slowly. However, the Bronco Cadets of Fayetteville State Detachment 607 (FSU Det. 607) are on the move with swift and smooth Strides. Read further to find out why the Bronco Cadets are moving with such style.

The Bronco Cadets really have much to boast about. Enrollment in both the General Military Cadet (GMC) program and the new Professional Officer Candidate (POC) programs for this term reached record highs. In both the POC and GMC programs, approximately fifty percent are females.

The Group Commander for the Fall of 1980 is

Cadet/Colonel, (C/Col.) Ira Nichols, a senior majoring in political science. C/Col. Nichols is a prior service Cadet and is excited about being Group Commander. He has pledged to work diligently to prepare the Bronco Cadets to become well groomed future Second Lieutenants in the United States Air Force (U.S.A.F.)

Much of the credit for the large enrollment goes to the recruiting efforts made last semester. For example, many of the new POC's are majoring in areas such as Business Administration, Sociology, and Mathematics. From this range of majors, there are many potential Cadets to select from.

Col. Battle and his staff along with the Bronco Cadets are planning another successful semester of recruiting potential cadets. Their efforts will be to make the students aware of the many opportunities and benefits of joining the AFROTC program. For more information about the AFROTC program, come by FSU Detachment 607 Women's Gym.

The following is a list of the Air Force 2nd Lieutenants who were commissioned from FSU Det. 607 in May of 1980. Look for bigger and better things from the FSU Bronco Cadets as they keep on the move.
