

The Cougar Cry

THE VOICE OF WILKES COMMUNITY COLLEGE

VOLUME 5—No. 1

WILKESBORO, NORTH CAROLINA

OCTOBER 19, 1971

WELCOME To Wilkes Community College

Clubs And Organizations

The men pictured above are participating in a surveying exercise termed "running a line of levels." This process is used in preparation for the construction of a house. On the left resting against the "level rod" is Shelton Stikes. In the center is Mr. Robert Hahn, the instructor. Al Transou watches in the background as Mark Brooks peers through the "leveler." Surveying, a new course at WCC, is designed to train the student as a foreman or supervisor in the construction field.

Clubs and organizations at Wilkes Community College are very important because they are for the students and students alone. It's true that clubs have adult advisors, but what are we but young adults?

Take part in school activities by joining one of the clubs or organizations on campus. They are as follows:

STUDENT GOVERNMENT ASSOCIATION -- The Wilkes Community College Student Government Association is the impartial mediator between the student and the administration. It approves charters for organizations and allocates funds for publications and student affairs. The association conducts hearings for stu-

dent violations. It provides leadership in student affairs and in the development of programs for the betterment of the college.

YEARBOOK -- The yearbook, *The Cougar*, is a portrayal of the year's events both by picture and written word. It is compiled and edited by an appointed staff of students under the supervision of a faculty advisor.

NEWSPAPER -- The "Cougar Cry" is the school paper which is published monthly. It furnishes the students with current information on school happenings.

CIRCLE K -- Circle K is a service organization sponsored by the local Kiwanis Club for college men which develops future leaders and citizens whose philosophy is founded on freedom, initiative, the American and Canadian heritage, and unselfish services to others.

KEYETTES -- The Keyettes is an organization sponsored by the Circle K Club. Its purpose is to assist the Circle K in group projects on the campus and in the community. The main objects of the Keyettes is to encourage participation in group activities and to promote good fellowship and high scholarship.

STUDENT NATIONAL EDUCATION ASSOCIATION -- The S.N.E.A. is the student branch of the National Education Association, the largest professional teacher organization in the world. The main goals of the S.N.E.A. are to develop an interest in better education and in better professional methods and attitudes. It helps prepare more alert stu-

dents today for better teachers tomorrow.

PHI BETA LAMBDA -- Phi Beta Lambda is a national organization of college or university students enrolled in one or more business subjects. Its purpose is to improve scholarship and develop qualities that will enable young men and women to participate effectively in business, professional, and community life. Activities of WCC's Sigma Iota Chapter are designed for educational and social value.

ATHLETICS AND INTRAMURAL ACTIVITIES -- The College participates in intercollegiate basketball and golf. A number of intramural athletic competitions are organized under the auspices of the Department of Physical Education. Additional activities will be added as needs develop, and finance and physical plant resources permit.

CHEERLEADERS -- The purpose of the Cheerleaders of WCC is to promote school spirit, conduct pep rallies, support the team and to attend all games possible. Any full-time student with an overall "C" average is eligible to be a member of the cheerleaders upon tryout.

VETERANS CLUB -- Members must be veterans of at least six months active duty in the armed forces of the United States. Its purpose is to provide information for incoming veterans concerning VA benefits, assist them in finding living quarters, and to focus their efforts and opinions for the benefit of the college.

New Faces At WCC

With the beginning of Fall Quarter, several new faces have appeared, and one familiar face, that of Mrs. Brenda Moore, has reappeared. Mrs. Moore is back with her MA after a year's leave of absence.

A new face in the College Transfer Program is Mr. J. Harrison Vance. Mr. Vance teaches math, physics, and an evening course in humanities (III). A native of Louisiana, he has had five years' experience at NASA. Also in the College Transfer area is Mrs. Nancy Whittington, who is relieving Mr. Linney of some of his duties in the Physical Education Department. She is presently teaching folk dancing and tennis. Mrs. Whittington is the wife of Mr. Tom Whittington, our registrar.

In the Media Center are two new people, Mrs. Janice Campbell and Mr. Gary McNeil. Mrs. Originally from Brooklyn, New York, he comes to us from Nice-

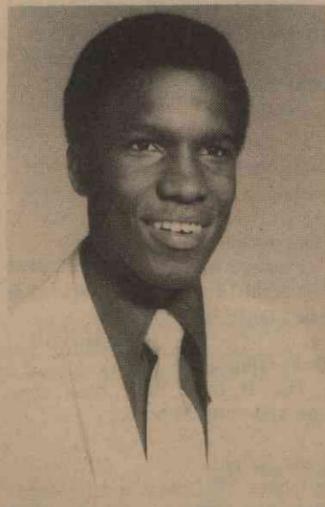

Campbell has attended UNC-G and graduated from Caldwell Community College in the Library Technician Program. She has had experience as a library assistant at Caldwell Public Library. Mr. McNeil, the new equipment technician, has served in a similar capacity for the County School System.

Another addition to the staff is Mr. Sherry Kelly of Winston-Salem. Mrs. Kelly, a graduate of Westminster Choir School and UNC, will instruct in voice and serve as choral director.

Mr. Gwyn Bard and Mr. Robert A. Hahn have joined the Building Construction Technology staff. Mr. Bard, a native of Ashe County, will instruct in drafting. Mr. Hahn will be concerned with the teaching of building construction theory as well as practical application. He has an AAS and BS in Building Science from Pratt

Institute of Brooklyn, and an MS in Building Construction from the University of Florida at Gainesville. He has previously taught at Okaloosa-Walton Junior College at Niceville.

Among the new courses at Wilkes are beginning voice, advanced voice, and chorus, taught by Mrs. Kelly. Three quarters of sociology will be offered to students who may desire to major in that field. Evening classes are now being offered in the College Transfer Program for those who do not have the opportunity to attend day classes.

The Travelers Protective Association awarded Willard Martin, a 1971 graduate of East Wilkes High School, an accounting scholarship Monday evening. Willard, the son of Mrs. Agnes Martin, resides at Route 2, Ronda, and is enrolled in accounting classes at WCC. He plans to use the money from the scholarship to further his education in accounting, hoping to become a CPA.

Phyllis Moretz, Sandy Jones and Bobby Minton use Instructional Media Center facilities during leisure hours.
