Twist & Shout Oct. Sixth

By Christopher Paul Dirkers

Following only five days after the new administration building dedication and inauguration of President Daniels, both held October First, will be the first student body social event of this Fall Quarter. On October Sixth from eight p.m. to twelve p.m., a dance will be held in the gymnasium of the newly constructed administration building.

All students, as well as their dates, are welcome to attend and hear good live music. If you want to park your vehicle in the lots down by Thompson and Hayes Halls, that's alright, but just remember to wear sneakers and carry a flashlight because the steps from Hayes Hall up the hill are dark and treacherous at night. Better yet, drive around to the parking lot of the new Administration Building using the access road on the far side of Lovette Hall. Try not to park on the side of the access road though. Doing so bottle-necks the road to one lane, and that's a drag when it comes time for anyone to leave.

The new gymnasium, although it will not incur a cover charge for admission, will also not have all the amenities of dance halls that do, like P. B. Scotts in Blowing Rock. Smoking in the gymnasium then, and consumption of alcohol or weed on college grounds won't be allowed. But big deal!

Come on out on October Sixth, enjoy the music, boogy a bit, and while there meet some other people. You can think of this dance at WCC as a clearing house for people who like to party. Find out who they are and get your own gig together after the CC dance.
