THE VOICE OF WILKES COMMUNITY COLLEGE

Volume 13 - No. 5

WILKESBORO, NORTH CAROLINA

## President's Message

When you expect the best from people, that is usually what they give, and our students are proving this. We began this year optimistic that with active organizations, meaningful activities, and responsible student leadership our students could not only participate but excel in various events. Our students have proven this optimism well-founded.

Although some have already been recognized in other ways, I want to take this opportunity to personally congratulate those students who participate, who give their best, and who are acknowledged as winners.
