Weight Training Classes

Weight Training Classes, using the hydrafitness equipment, (PED 0245), at Wilkes Community College have proved to be quite popular for both day and night students.

For Spring Quarter, the Human Services Department is encouraging students who wish to enroll in Weight Training III to enroll early during pre-registration. The Weight Training Classroom is limited in size and class enrollment will be limited to twenty-six (26) students.

Weight training students will experience one full class period to be held only in the classroom. Students will be required to attend Weight Training class only at the time for which they are registered. The Human Services Department is proud of the Weight Training Classroom and its hydrafitness equipment. The entire staff encourages participation in weight training classes. Students who wish to enroll in a class with other physical activities such as basketball, jogging, or walking are encouraged to enroll in PED 0113 Physical Fitness III.

Financial Aid for 1986-87

The necessary forms for applying for financial aid for 1986-87 are now available in the financial aid office. Whether you plan to continue at WCC or to transfer to a four year institution you may pick up the financial aid forms.

Financial aid has helped millions of students continue their education. If you think you need outside help, your chances of getting it are best if you apply the right way at the right time.

WCC, as do most colleges and state programs, asks that you complete either a **Family Financial Statement**, a **Financial Aid Form** or an **Application for Federal Student Aid**. These forms collect information about your family's income, assets, family size, etc. that are needed to determine your need.

If you are interested in the Pell Grant only, you need to complete the **Application for Federal Student Aid**. However, if you are interested in other grants and in the College Workstudy Program you need to complete and send in one of the need analysis forms. Wilkes Community College and many other colleges want you also to complete an institutional application for aid.

Check the deadlines for each college, state program, or other scholarship programs to which you plan to apply. The need analysis forms should be filed as soon as possible after January 1, 1986.

Please come by the financial aid office if you have questions or need help completing the forms. Financial aid is available to those students who need help.

The Door To My Heart

*The door to my heart,
Like a book open wide,
Is waiting for someone
To share what's inside;
Its secrets, its mysteries,
All want to be told,
Like a book lying open
With its story untold.*

*But just like a book
Will soon gather dust,
The key to my heart
Will soon turn to rust;
Cast by the wayside
Where brambles will hide,
The key to my heart
With its love locked inside.*

*But one day the brambles
Will bring forth a rose,
And someone will notice
A key at their toes;
Then they will open
My heart's door with pride,
To discover the love
That's waiting inside.
And someone will notice
The book open wide;
Discover the story
That's written inside;
A story of passions
And love that is real,
As the key to my heart
Will surely reveal.*

Whiz Quiz

Need another headache? Try this: Take any three numbers in consecutive order and write them down like this: 789. Then, reverse the numbers and the result: 987. That done, subtract.

9 8 7

7 8 9

1 9 8

That number - 198 - is the answer to each three digit number in consecutive order subtracted from its reverse number.

Test it yourself. It even works with 012. Zero, after all, is also a number.

The headache? Figure out why 198 is always the answer . . .
