

# WCC Begins Registration on Monday, August 29

Wilkes Community College is gearing up for the start of its fall quarter and would like to remind everyone in Wilkes County that it's not too late to think about college.

WCC has a program for nearly everyone, including recent high school graduates, business professionals and hobbyists. There are also programs for those who want to earn an adult high school diploma.

Registration begins on Monday, August 29, for new students. Registration for returning students is on Tuesday, August 30. Classes begin August 31.

WCC offers six university parallel, 17 two-year technical and 11 one-year vocational programs of study to choose from. WCC provides quality instruction at an affordable cost. According to WCC President Jim Randolph, the WCC faculty are "highly qualified and committed to providing the best education possible."

The cost of attending WCC for an in-state student is \$13.25 per credit hour, up to 14 hours - \$185.50 maximum. Additional fees include a \$6 per quarter activity fee for students taking 10 or more hours, a \$2 per quarter parking fee and a \$2 per year library/I.D. card fee.

Financial assistance is available, to those who qualify, in the form of grants, scholarships and college work-study programs. The funds may

be used to cover the cost of tuition, fees, books and supplies.

Some students may receive additional funds to cover a portion of their living expenses such as room, board, transportation, childcare and personal expenses. Financial aid is also available to those qualifying for the Job Training Partnership Act (JTPA) and veterans benefits. For information on financial aid, contact Alan Whittington at (910) 651-8633.

The Individualized Studies program offers flexible study times for students who would otherwise not be able to take a regularly scheduled class because of work schedules and other family responsibilities. Special orientation times have been set up for this on August 31, September 1, 2, 6, & 7. For more information, contact WCC's Learning Center at (910) 651-8717.

The college offers a wide range of services and accommodations for disabled students. More information regarding this may be obtained from Kaylynn Horn at (910) 651-8635.

WCC has campuses not only in Wilkes County, but also in Ashe and Alleghany counties as well.

Dr. Bob Thompson, Dean of Student Development, invites those who need assistance in deciding on programs or classes to stop by the Student Development Office or call (910) 651-8642.

Wilkes Community College
