GEORGE STRAIT: LATEST GREATEST STRAITEST HITS

If you are a fan of Country Music, it just doesn't get any better than this. Several classics from the last six years are here; "Carrying Your Love With Me," "Lead On," "Blue Clear Sky," "You Can't Make A heart Love Somebody," the smash, new hit, "The Best Day," and more. A very thorough compilation, Latest Greatest Straitest Hits contains nearly all of Strait's best material from 1994-1998, with "I Just Want To Dance With You" being the only notable omission. Although that one definitely should have been here, let me re-iterate that there is no quibbling with what is here. No Country Music Singer has been more influential over the last 20 years than George Strait, and no one can match the consistency he has maintained over that period. He continues to pick one great song after another, and this collection just further proves that he is one of the greatest of all time.

A: EXCELLENT, A TIMELESS CLASSIC

COUGAR CRY'S TOP 20 CD'S OF THE MONTH

RIDDLES, LOGIC, AND COMMON SENSE

- 1: How many animals did Moses take with him into the ark?
- 2: If you have two ducks in front of two ducks, two ducks behind two ducks, two ducks in-between two ducks and two ducks beside two ducks, how many ducks do you have?
- 3: Make $62 - 63 = 1$ a true statement, by moving only one digit only one time.
- 4: What goes up and never comes down?
- 5: What always comes and never arrives?
- 6: What walks on four legs at dawn, two legs at noon, and three legs at evening?
- 7: A man tells a cop, "Sisters and Brothers have I none, but the dead man's father is my father's son." What relation is the dead man to the man talking to the cop?
- 8: A farmer must cross a bridge. He has a fox, some corn, and a chicken that he must take across with him. Knowing that the chicken will eat the corn and the fox will eat the chicken if they are left together, how can the man get each one to the other side, if he can only carry one thing at a time, and all three living things must remain among the living?
- 9: You are buying an item in the local department store. If 1 costs a dollar, 24 costs two dollars, and 567 costs three dollars, what are you buying?
- 10: What person in the Bible broke all of the 10 Commandments at once?
