Phi Theta Kappa and Project Graduation

By: Kimberly Nelson

Phi Theta Kappa, our National Honor Society, is once again sponsoring "Project Graduation; Feed a Body, Feed a Mind." Phi Theta Kappa is asking each person graduating and their family to bring a can food item or a children's book. This will be the second year that Wilkes Community College has participated in this program. Project Graduation is considered to be one of the many service projects that Phi Theta Kappa participates in each year. Phi Theta Kappa is also hoping to get the local high schools to participate in Project Graduation with the college. All donations will be distributed to local food banks and local children's charities. We hope that all who are graduating will participate. We will have boxes set in all campus buildings on May 5 for those who wish to donate an item of food or a book but do not want to have to worry about doing it on graduation day. We all know how busy the graduates will be on May 15th. Please remember your food item or book and *good luck* graduates we know you all will be successful!

Daphne Grayum, Assistant Editor and Doug Horne, Assistant Editor

If you have questions or comments, please feel free to stop by and see us or email us at: news@wilkes.cc.nc.us.

We look forward to hearing from you!

Gay-Straight Alliance Club

By: Kimberly Nelson in cooperation with Julie Mullis

The Cougar Cry would like to take this opportunity to let everyone know about the Gay-Straight Alliance! This club was not in our club listing in a previous issue, and we would like to apologize for that. Their advisor is Julie Mullis. We would also like to let everyone know that they are an active group on campus. They hosted Cinema Night in the Student Commons TV room on April 15th. They showed a documentary *Dear Jesse* and also showed a romantic comedy entitled *Big Eden*. They had pizza and sodas for all who attended. They also wanted everyone to know that they have "safe zone decals and magnets" for interested WCC staff members and faculty to display in their workspaces. This is to let students that are gay, lesbian, bi-sexual, or who have any sensitive identity issue that this person is a safe one to share such details with without fear of being discriminated against. If interested please contact Julie Mullis for more info on the decals and the club!
