Message in a bottle:

The dangers of binge drinking on spring break

kristen.case

There is no single definition of the perfect spring break. For some, it would be heading down south to warm beaches and waves. For others, it would involve a trip to the mountains for skiing or hiking. Regardless,

most people would agree that getting alcohol poisoning is not on their list of things to do. Excessive drinking is a major problem for college students, especially as springtime and week-long vacations roll around.

Everyone has seen the commercials urging teens to

“live above the influence,” warning about the dangers of binge drinking. It has become common knowledge that buzzed driving is drunken driving, and most college students laugh at how the commercials are portrayed.
