

THE GUILFORDIAN

VOLUME II

GUILFORD COLLEGE, N. C., FEBRUARY 23, 1916.

NUMBER 19

ATHLETICS

GUILFORD LOSES TO WAKE FOREST AND TO TRINITY.

On Monday night, Feb. 14, Guilford lost her third consecutive game on the home floor by a score of 56 to 15 to the exceptionally strong Wake Forest team. Our boys were outclassed on every side. The Wake Forest men were much heavier than ours, and showed by their skillful passing and goal shooting that they had had several years of experience under systematic coaching.

The visitors began the scoring by shooting a field goal, to be followed immediately by Guilford. But however the Baptists were not at any time in danger of being overtaken by our boys. The first half closed with the score 21 to 11.

In the beginning of the second half the Wake Forest men took on new courage or else our boys lost some of their fighting spirit, for the visitors ran the score up very high and the half closed with the Baptists forty-one points ahead.

Worth played the best game for the home team, getting nine of the fifteen points won by the team. Francis Semans threw two field goals, while Walser got only one.

Captain Holding was easily the star player for the Baptist boys, making twenty-four points. Hall followed next with twenty points to his credit. Frank and Robley each threw three field goals.

The line-up was as follows:

Guilford—Smith, lf.; F. Semans, rf.; Worth, c.; Walser, lg.; T. Semans (Capt.) rg.

Wake Forest — W. Holding (Capt.), lf.; Hall, rf.; Frank, c.; Robley, lg.; R. Holding, rg.

Substitutes, Guilford, Mendenhall for Walser; Wake Forest, Yates for Frank, and Feeson for Robley. Field goals, Worth (3), F. Semans (2), Walser (1), W. Holding (11), Hall (10), Frank (3), Robley (3). Foul goals, Worth (3), Holding (2). Referee Stockard, Greensboro Y. M. C. A.

On Saturday night Guilford met her next defeat at the hands of the fast Trinity team. Our men were not so much outclassed

EX-SENATOR BURTON VISITS GUILFORD

We were very fortunate in having ex-Senator Theodore E. Burton, of Ohio, with us Wednesday morning February 16. Mr. Burton gave a very interesting lecture in which much good advice was given to the students.

The speaker began by saying "To live is sublime." He then gave us five rules to observe in order that we may make life worth while. They are: (1) Be systematic; (2) don't scatter your efforts, but decide on a definite profession early in life, and work to that end; (3) take care of your health, for your work in the future will depend upon your health; (4) do not be discouraged if you have not the best of health; (5) form the habit of writing, read the best literature. "Reading maketh a full man; writing maketh a correct man."

as they were in the Wake Forest game, but for the lack of team work the visitors were able to take the lead and hold it. From the beginning to the close of the game the Methodists displayed some real head work. It was evident that Coach Doak, an old Guilford alumnus, has done some splendid work in rounding the Trinity boys into a good, strong team.

Anderson, the very fast left forward, was the leading man for the visitors. He made some rather spectacular shots. Twelve field goals were credited to him. Ferrell and Bunting took the places of Swan and Noyes at the beginning of the second half and threw two goals each.

Smith, Guilford's left forward, was the leading man on our team, throwing four field goals. Worth, the fast center, played a good, heady game, throwing one field and eight foul goals. Walser was at all times in the game playing four points to his credit. F. Semans played a good game as left forward locating the basket with one field goal. Captain Semans was always in the fight. When the end came the score was 40 to 24 in favor of Trinity. The line up follows:

Guilford—Smith, lf.; F. Semans, rf.; Worth, c.; Walser, lg.; T. Semans, rg.

Trinity—Anderson, lf.; Swan, rf.; Noyes, c.; Martin, lg.; Patten, rg.

Substitutes, Trinity, Ferrell for

With all these do not forget your duty to your State; love your State and work for its interests. Bear in mind that our State gains its greatest prestige because it is one of 48 States. Take an active interest in public affairs; know what is going on and what we need. Let us give matters that pertain to general interest the same thought that we give to our studies at school. Life means so much more today with all its luxuries, amusements and opportunities, than it did fifty years ago. It is for us to benefit the age in which we live, by doing our duty resolutely and well.

Many of the community folks were out to hear the lecture and the college was very glad to have them. A cordial welcome is extended to them to attend all our public entertainments and lectures.

Swan, Bunting for Noyes. Field goals, Smith (4), Walser (2), Worth (1), F. Semans (1), Anderson (12), Martin (3), Ferrell (2), Bunting (2). Foul goals, Worth (8), Martin (2). Referee, Stockard.

The time has come for the baseball men to begin their regular, systematic practice. With the arrival of Coach John Fox on Monday the try out began. It would be speculation even to guess who will compose the team, but with Futrell behind the bat and Captain Short at third base, we see no reason why Guilford should not place a winning team in the field. With Garner, Riddick and Morris of last year's team a lot of new men and last year's subs, we have the men from whom we ought to select a first class college team, and that is what Coach Fox is going to do.

Oscar Sapp and Luther McNairy attended the game Saturday night.

A. B. Finch, '14, spent Sunday afternoon on the campus.

Prof. A. G. Otwell, principal of McLeansville high school, was here last week.

Several Greensboro people attended the basketball game Saturday night.

Y. W. C. A. NOTES

This week our Thursday evening prayer meeting was held at Memorial. The evening was given over to a series of stereoptican views, illustrating the Y. W. C. A. work in China, South America, Japan, and India.

Mrs. Williams told about the different pictures and supplemented those illustrating the work in India with some of her own pictures and personal experiences, which made the mission seem very real and interesting.

To conclude our mission week we are going to have reports from all the missions classes Sunday evening. These reports will be based on the most important subjects each class has discussed.

This week we are expecting to have a secretary from the National Board to conduct at least one public meeting.

We are also hoping to have Miss Margaret Wilson, a secretary from Charlotte, to be at the college a few days and conduct a few meetings for the girls.

So far the jubilee has meant much to many of us. Indeed we are coming to feel something of the significance of being connected with a Christian organization which has had fifty prosperous years. "Who knows but that we are come into the kingdom for such a time as this?" Our part must be found in the words of Jessie Field when she says:

"I would have all I think and say and do help to unite people far and near in that great Kingdom of Love for neighbors which the Master came to establish."

PERSONALS.

Prof. Short, of Summerfield, accompanied by Messrs. Johnson, Blackburn and W. Short were here Friday night.

D. S. Coltrane, a former student of Guilford, who is taking an agriculture course at A. & M. College, Raleigh, spent Saturday and Sunday with friends.

We are glad to learn that Paul Mendenhall, who has had a severe attack of pneumonia, is able to be out again.
