GUILFORD CLOSES SEASON BY DEFEATING U. S. C.—SOPHOMORES WIN CHAMPIONSHIP.

The baseball season here closed Tuesday, May 2, when Guilford's team, for the second time this year defeated the representatives from the University of South Carolina, the score this time being 7 to 3.

Zachary did the twirling for the Guilford team and pitched a steady game, allowing eight well scattered hits, while Newton for the visitors was hit hard and he was given ragged support by his team-mates.

The main feature of the game was the hitting of Garner, Guilford's big right fielder, who secured four hits and one pass out of five trips to the plate. Horton led the hitting for the visitors, getting two hits out of four times up. Line-up:

SENIORS VS. SOPHOMORES.

Wednesday the final contest for class championship was fought between the Seniors and Sophomores. The latter won by an 8 to 1 score.

Morris twirled for the strong Senior team—last year's champions. The Sophs took a lead in the first and were able to accum-

ulate thirteen hits by the end of the ninth.

D. Smith and Fort, battery for Sophs., with Fort's lefthand at firing end, held the opposition to four hits and one run.

FRESHMEN VS. SOPHOMORES.

Monday afternoon the Freshmen and Sophomores opened the contest for class honor in baseball. The Freshmen were over-confident—Worth was in the box. The Sophomores though less thoughtful of victory, went out determined to exhibit the "Old Soph. fighting spirit." Since Worth was not in his usual good form and received little support from his team, the Sophs. were able to land ten hits and score eight runs.

Fort moved over the mound with perfect poise for the Sophomores, allowing only four scattered hits and one run.

Score by innings: Sophomores 011 122 1—8 Freshmen 000 001 0—1

FRESHMEN DEFEAT SOPHOMORES IN TENNIS.

Last Tuesday the Freshmen defeated the Sophomores in tennis doubles by the score of 3 sets to 1. Fitzgerald and Hollowell played for the Freshmen, while R. Smith and J. Smith represented the Sophomores.

The first four serves resulted in a love game for the servers, but the set was captured by the Freshmen. They took the next set also, but the Sophs. came back strong and carried the third. The Freshmen ended the contest by taking the fourth. Most of the sets were won by close scores.

THE WEBSTERIAN ORATORICAL CONTEST.

The thirtieth annual oratorical contest of the Websterian Literary Society was held Saturday evening. The five contestants had splendid orations, which were eloquently delivered. Out of these five speakers, the judges decided to give the prize to Ira G. Hinshaw, who had no doubt worked to win.

The presiding officer for the evening was C. R. Hinshaw; the

Resolutions of the Literary Societies

Guilford College, N. C., May 8, 1916.

Since it is generally known at Guilford College that Dr. C. O. Meredith, Dean of the College, and Prof. J. B. Woosley, head of the Department of History and Economics, have been, without stated cause, excluded from the Faculty,

Henry Clay and Websterian Literary Societies of Guilford College in session do resolve:

(1) That we recognize Dr. C. O. Meredith as being one of the strongest men on the Guilford College Faculty.

(2) That he is the only one on the Faculty who has a Ph. D. degree.

(3) That he encourages higher education.

(4) That we believe from the interest which he has shown in the students and from the efficient work which he has done on the campus in the last year, that he has the interest of Guilford College at heart.

(5) That we regard Prof. John B. Woosley as being a very strong man on the college Faculty.

(6) That he has rendered more liberal aid to the Literary Societies than any other member of the Faculty.

(7) That he has done more for athletics during the season just passed than any other member of the Faculty.

(8) That we feel that in the failure to re-elect Dr. C. O. Meredith and Prof. J. B. Woosley Guilford College sustains a great loss.

(9) That we protest against the way in which these men have been treated by Dr. Thomas Newlin, President of Guilford College, and by the Board of Trustees of said college.

(10) That we do not consider ourselves under any obligations to render further support to the college until full and satisfactory explanation has been given.

(11) That we emphatically deny the statement made by Dr. Newlin to the effect that whoever reached the student body first would get their support.

(12) That this protest originated wholly within the student

STUNT SOCIAL

On Friday evening, May 5, the students and faculty attended the last, and one of the most enjoyable socials of the year. Promptly at 6 o'clock the entire student body assembled on the campus just in front of Founder's Hall, where supper was served. Immediately following this we were amused by stunts given by groups of students.

The first thing given was "The Holy City." Here various students with "melodious" voices were given a chance to show their singing ability. We were next most thoroughly entertained by "Prof. Peel's Expression Class." In this itinous Valentine as Prof. Peel gave us a good example of the training received in the class during the year. The recitations and declamations given by the different members were a source of much amusement. Then followed a "Faculty Meeting," in which numerous students were discussed and "faculties" handed out most freely. The stunts ended with Tipperary played on a Humanola. The instrument was in very good tune with the exception of one or two notes.

Y. M. C. A. NOTES.

Those who attended the Y. M. C. A. last Thursday were well repaid when Prof. Downing gave a clear-cut, straightforward talk on the two things which every college man should regard as very essential in life, truthfulness and work.

He began his discourse by reading the second chapter of second Timothy. He said that the term is now drawing to a close and we shall soon be in the familiar surroundings of home. We shall then be away from the influences and restrictions of college and will be inclined to fall back into the same rut. Let us keep alive the things we've learned by regular habits of study and reading.

In speaking of truthfulness, the leader said, "One does not necessarily have to tell an untruth to be a liar, but dallying with the truth in a light way is one form of lying." In regard to work, we must not forget how to do it. We should be ready to do anything which comes to hand in the way of service to the community in which we live. The way to keep out of mischief is to keep busy.
