## TEAM MAKES SOUTHERN TRIP

Some Closely Contested Games Feature Annual Visit to Palmetto State.

In spite of the fact that only one game was won out of the four played on the southern trip last week the college has much reason to be satisfied with the record of the team. All the games were closely contested and the first and last games were lost by errors such as only a green team which has not yet found itself would likely to make. The last game, that with Furman showed much improvement over previous efforts. Manager Smithdeal had some hard luck with his carefully arranged schedule, as Belmont cancelled at the last minute and it was too late to secure another opponent. This unfortunate action on the part of Belmont leaves a financial deficit which must be made up during the remainder of the season by increased support of the team by the college and its friends.

The first game of the trip with the University of South Carolina at Columbia was an interesting game throughout and resulted in a victory for U. S. C. by a score of 5-2. Lindley, in the box for Guilford, showed good form and kept the hits scattered. Guilford secured 8 hits, but had difficulty in getting the men around. The feature of the game was a home run by Carroll in the seventh with Johnson on base.

## Y. W. C. A. CABINET AT TRAINING COUNCIL

The week-end, April 25-27, was one of great pleasure and inspiration to the Y. W. C. A. cabinet. It was spent at Greensboro College for Women at a state Y. W. C. A. Cabinet training council. Everyone who went came back feeling that she was better prepared to carry on her work next year.

The meetings consisted of lectures and discussion groups. Some of the themes for these were: "City Y. W. C. A. Work," by Mrs. F. C. Abbot, from Charlotte; "Child Labor," by Mrs. Swift, of Greensboro; discussions on Y. W. C. A. work in different colleges, led by secretaries and student delegates. There were some very pleasant social coming just at the time when one felt the most need of recreation. One of the most enjoyable of these was an automobile ride through the city Saturday afternoon.

The meetings were in charge of Misses Edna Griffin and Elsie Heller, two student secretaries of this field.

Too much cannot be said of the splendid manner in which the G. C. W. girls entertained their visitors. Everyone co-operated beautifully and made each guest feel at home while there. The cabinet came away feeling that their time had been profitably spent and that they had gained a big inspiration for their new work.

## WEBS DEBATE INCOME TAX

The Webs held their regular meeting on Friday evening, May 2. The program proved to be a success in every way. The question under discussion was: "Resolved that an income tax is a desirable part of a scheme of taxation." The affirmative speakers, C. Robinson and J. Brown, were successful in arguing that no other plan of taxation would be as successful as the income tax, and that it puts the poor man on an equal basis with the rich man. O. Stafford and P. Trotter ably defended the negative by advancing the argument that the income tax is unfair to the high salaried man, and that it is unpopular and causes the government unlimited trouble. After the debate Mr. Willard's optional added much interest to the meeting.

The society welcomed Prof. Ancombe as a visitor at the meeting, and was benefited by his instructive and encouraging remarks.

Mr. David White rendered a good criticism, both destructive and constructive.

## FRESHMEN ORATORS COMPETE FOR PRIZE

Miss Outland Awarded Prize in the Annual Event.

The annual Freshman oratorical contest was held in Memorial Hall on Saturday evening of last week. There was quite a variety of subjects and much skill in the art of declamation was displayed by the various contestants.

Gladstone Hodgkin, president of the class, presided, assisted by Josephine Mock, Nina Robertson, Isabel Pan-coast, Frank McGee and Grady McBane as marshals.

The program was as follows:

## MRS. BINFORD ENTERTAINS THE SOPHOMORES

Seldom has the Sophomore Class had as jovial an evening as was given by Mrs. Binford on last Wednesday evening. Even such a brilliant class as that of 1921 found it difficult to prove equal to the ingenious games devised by the hostess. Edward Hol-lady alone could recall the names of forty-five automobiles. No one could complete a long poem by inserting in blanks the names of certain parts of an automobile. Yet in outlining on cloth various beasts of the field, all proved the artistic gifts of the class to the unique. Similarly, all did justice to the refreshments. Quaint anecdotes, sparkling repartee, and witty conversation were heard constantly all through the evening.

Fortunately, memory preserves the evening to the guests as a source of future pleasure.

Troy Short, '16, who has for the past two years held a position in Petersburg, Va., is erecting a new residence near High Point, where he will make his home in the future.

## JUNIORS ENJOY UNIQUE PICNIC

A rather unique occasion was the Junior picnic held on Wednesday evening, April 30.

Owing to the condition of the weather, an al fresco affair was out of the question, but nothing daunted the Juniors began to search diligently for a suitable substitute.

At last their searches were rewarded when the little house behind the hedges was discovered.

Naturally a camp fire is necessary for a camp supper and so as the Juniors entered the cottage they were greeted by a roaring log fire and also much smoke.

But the gloom caused by the smoke was dispelled when puppies, mountains of sandwiches—pimento, tomato and raisin—pickles, deviled eggs, cake and iced tea came into view.

In spite of the great variety and huge amount it was rather interesting to note that everything disappeared.

Miss Louisa's donation for the evening, a considerable amount of popcorn, was rapidly consumed, in spite of the aforementioned repast.

Before anyone had realized that time was rapidly flying, Miss Louisa was heard to announce: "Come, Brats, it's time to go home."

## EIGHT WEEK CLUB TRAINING CLASS ORGANIZES.

The Eight Week Club Training Class was organized Thursday evening, May 1, under the splendid leadership of Miss Nates, head of the Domestic Science Department. This training class, consisting of a few wide-awake girls, prepares them to lead clubs in their home communities. It was realized that there is nothing worth while which should not be passed on to friends at home, so the girls are going to put to practical use some of our knowledge, gained through these meetings. Some of the practical subjects to be discussed are: Home and Home Care, Wild Flowers, New Game, Domestic Science, etc. The Social Service Committee of the Y. W. C. A. urges that every girl, feeling an interest in this kind of work, attend all the meetings of the Training Class, held in the Y. W. C. A. room at 4:15 o'clock each afternoon.

Those present at the first meeting were: Misses Florence Cox, Eula Hackett, Thelma Cloud, Luna Taylor, Mabel Ward and Alma Chilton.
