GUILFORD COLLEGE, N. C., MARCH 31, 1920

NUMBER 23

THE ANNUAL MINSTREL PLAYS TO CAPACITY HOUSE

ATHLETIC ASSOCIATION SCORES SIGNAL SUCCESS

The annual minstrel show staged by the Athletic Association was given Saturday night before a record breaking audience. The affair came at the "end of a perfect day" and the spectator-carrying flivvers came in from all directions. They began coming at seven and when the show started at eight twenty late comers were still clamoring for standing room.

Never did birds sing more blithely, never were end men funnier, sillier and uglier than were the Guilford end men this year. Among the hits of the evening were: The impersonation of a dog fight by Grady McBane; the monolog of Herman Edwards and the dialog between Lyndon Williams and Grady McBane.

The show started when the curtain went up on the minstrel circle singing the overture. Following this came solos by N. Fox, J. G. Frazier, F. Lamons, S. Cameron, H. L. Johnson, A. Farlow, F. Rice and a duet by W. R. Rudisill and B. L. White.

The first round of applause came to the solos by Johnson. After the usual jokes by the end men came Prof. John Pitts' Darktown Academy.

Especial mention should be made of the banjo and vocal solos given between acts by those two good friends of Guilford, R. H. Stanley and Fowell H. Mendenhall.

The show ended with a beautiful scene on the steps of an old-time white-pillared Southern mansion

Help beat Elon Easter Monday!

PLANS FOR MAY-DAY FETE

It has already been noted in the Guilfordian that the Guilford girls are planning a suitable fete for the first of May. It is hoped to make this an annual event, a sort of picnic day for all old Guilfordians. The girls will provide the usual May-day games and pageants and songs. The campus will be at the height of its beauty, the leaves still fresh, the grass green, the flowers blooming. The sun never shines so brightly as on May-day and the birds never sing so sweetly. The Guilford campus then is fairy land indeed and this year for the first time for ever so long you will find the fairies really here in bodily presence. Sherwood Forest never smiled on Titania in fairer guise than you will find her here. No mad-cap revellers were ever half so gay as those who will frolic on our lawn for you. Come and see Guilford in holiday attire and spend a day in fairyland. It will only cost a trifle of your paltry gold.

Plan Easter Monday for Cone Park, at Greensboro!

LIFE DEPUTATION VISITS GUILFORD

WILLIS BEEDE LECTURE AT FIRST MEETING ON SUNDAY

For sometime Guilford College has been looking forward to the time when it would be favored with a visit from the Life Deputation. The Deputation is sent out to schools and colleges all over the country by the Friends Church. Its main object is to present to young people the needs of the world, to give to them a new vision of their responsibilities, and to help them find their place in the work God has planned for them. The work is divided into four departments; Willis Beede represents foreign missions; Ruthant Simms, home missions; Clarence Pickett, vocational guidance, and Mr. H. H. Brinton, American Friends Service Work.

The first service was held at 9:30 Sunday morning when Mr. Pickett spoke very forcibly of the necessity of each person finding his place in God's plan. God has a plan for every person and in order for that person to reach the highest type of development, he must find that place. Christianity will never cause a life to swivel but, because it is practical and livable will broaden the life. Let

(Continued on page four.)

THE NEEDS OF THE WORLD PRESENTED BY A STEREOPHONIC LECTURE

Sunday evening Mr. Beede, one of the life service deputation, presented to the audience the vital needs of the un-Christianized countries in the world. His opening remarks were, "How many really consider what the commission, 'Go ye therefore into all nations,' involves?" The problem of the vast numbers in India and China, the 7,000,000 lots in India which fall to the U. S. for Christianization was clearly presented. If Jesus had visited one village in India every day during his whole life on earth, there would still be 30,000 villages left in which His name would not be known. How can the gospel be presented so as to reach the greater number of people? The old age problem is a very serious one in these dark countries for in China 33,000,000 die yearly without Christ.

Western civilization has certainly had its remarkable influence on the heathen nations, but in what way? The traders and miners, oftentimes of our own country, have taken advantage of the ignorance of their brothers in other countries and have taught them the real meaning of sin. Will the heathen be ready to accept the Christian faith which is quite contrary to the ideas which he has gathered from a former trader or rum-dealer?

Many such questions were brought out which call for serious thought, and which we hope will help to prepare the way for the private conferences and meetings which are to follow during the few days which the deputation will be on Guilford campus.

GUILFORD OPENS THE SEASON WITH VICTORY

Coach Doak's aggregation of national pastimers took the first game of the season from the Lutherans by the score of 3 to 0.

The game was a stirring contest from start to finish. The locals, however, had the edge on their opponents in pitching and in stick work. Shore, Guilford's young left-hander, held Lenoir to three hits and fanned nine men, while the Quaker lads got five hits off Little and he succeeded in fanning only two men.

Guilford started scoring in the first inning. After Johnson had gone out, Little to Hawn, Marlette walked, stole second, and scored a moment later when I. Newlin drove a clean single between short and third. Rhyne fumbled the ball and Newlin went to second. Cummings went out, Rudisill to Hawn, I. Newlin going to third. C. Newlin ended the inning by hitting a pop-fly to Rudisill. The Quakers scored their last two runs in the fifth. Fox, to start the inning singled cleanly to left, took second on Frazier's sacrifice and went to third when Little booted Shore's hot bouncer. Shore stole second. Johnson fouled out to Deaton but Marlette came through with a clean single over second scoring Fox and Shore. The fast Quaker short stop then stole second and third. Little tightened up a bit and fanned I. Newlin, ending the inning.

Guilford at two other times threatened to score. After two were down in the second, Frazier singled to center and stole second, but was left when Sox threw Shore out at first. After one was out in the eighth Captain Marlette hit a terrific line drive down left field line, and stole second. I. Newlin popped to Lippard. With Cummings up Marlette again politely disregarded the advice of wise baseball men by stealing third. He was left, however, as Cummings was out on a fly to Rhyne.

The visitors threatened to score in the first. Rudisill led off with a slow grounder between second and first, which had it been properly fielded would have gone for an out. Lippard singled sending Rudisill to second. Hawn then hit to I. Newlin, who tagged Rudisill and threw to second. Lippard overslid the bag and in attempting to make third was run down by Marlette. Deaton then went out, I. Newlin to Frazier, ending the inning. Lenoir's best and last chance to score came in the fifth. Barger fanned. Shore hit Seitz who went to second on Sox's single by third. Shore then hit Rhyne filling up the bases. The situation looked a little serious to the young southpaw and he decided that it was his duty to get out of the hole into which he had put himself, he thereupon fanned Little and Rudisill.

Captain Marlette, with one run, two hits, five stolen bases and an errorless fielding game to his credit, was the outstanding star of the

contest. Shore also showed up well for a youngster. Box score and summary:

MARLETTE ELECTED CAPTAIN—TEAM STARTS ON EASTERN TRIP

Just before the game on Saturday Nigal H. Marlette, '21, was elected captain of the baseball team for this spring. The veteran short-stop expressed his thanks to his team-mates most aptly by garnering two hits and a pass out of four trips to the plate, stealing five bases, scoring the first run of the season, and playing an errorless game.

The team started on Monday morning on its eastern trip. They play Wake Forest, State College, Trinity, Carolina and Elon. On Friday they expect to be in Raleigh to see Zachary pitch for the Washington Americans.

Guilford to Meet Elon in Greensboro Easter Monday; A. and E. at High Point April 9th

The Quaker nine is scheduled to play the annual Easter Monday game with Elon College in Greensboro this year. The next game after the Easter holidays will be played April 9th in High Point.

These are both games that are always looked forward to with interest by both students and alumni, and this year they promise to be an unusually good exhibition of the national sport. Elon and State College both have good teams this year and Coach Doak's nine have started out in good shape for this season's play. The line-up will probably be the same as in the Lenoir game. Both games will be called at 3 p. m.
