President Binford Recovers From His Illness

Soon to Return From the Hospital

Old students and intimate friends of President Binford have known for some time that he was not in his usual excellent state of health, but probably no one realized the seriousness of his condition until it was announced on Saturday, October the thirteenth, that he had been taken to St. Leo's Hospital for an operation for appendicitis. The operation was successful and Dr. Binford is recovering rather slowly, but as well as could be expected from the nature of his illness.

Both faculty and students have tried to express their regret and sympathy to Dr. Binford and his family with words of sympathy and by keeping his room filled with flowers. As the work on the president's house is about completed, the faculty and a majority of the students met immediately after lunch last Saturday for the purpose of carrying away lumber and building material and leveling the yard about the house. Every one present found a genuine pleasure in the purpose of the meeting and in the privilege of working together and helped to express the spirit of co-operation at Guilford.

According to reports Dr. Binford will soon be able to return to his work in the college.

FOOT BALL SQUAD PREPARING FOR HAMPDEN-SIDNEY GAME.

During the past week Coach Doak has kept his football chargers hard at practice in preparation for the game with Hampden-Sidney in Danville on Nov. 13th. Due to injuries to some of the players in the Wake Forest game there have been a few changes in the lineup. At present J. C. Newlin, end, and White, the big half back, are out of the game on account of injuries and will probably not get in the game. It is not definitely known yet just what the lineup will be, but from the sidelines it appears as if a machine will be gotten together which will be capable of showing Hampden-Sidney a form worthy of notice. Raiford has been playing end in the absence of Newlin and McBane has taken the place of Rollison on the other end, Rollison having been shifted to the backfield. Either of these men can be relied upon to hold down an end or a backfield place. In the line Williams has been showing exceptional ability of late and will probably be started in at guard or tackle.

The backfield will probably be made up of the following, captain Newlin, Stout, Rollison, B. L. White or Tremain.

"Self-denial means to make no provisions for the flesh to fulfil the lusts thereof. It is keeping the body under and bringing it into subjection to the will of God."

Young Men's Christian Association Holds Interesting Service

Marvin Shore led a very successful meeting last Thursday evening on the subject of The "Practicability of Religion."

Religion, the speaker said, could be practicable only when Christ became a reality and this could be accomplished by a study of his teachings.

The speaker went on to say that each day there are sorrows that befall each of us, and in order to overcome those sorrows we must have Christ with us. We must surrender ourselves to him and do it now. Most people want to be good but they want to wait a little while, and keep putting it off until sometime it will be too late.

We must guard against the small sins, or as time passes we will do larger ones without thinking of it. Even as an alarm clock fails to arouse us in the morning if we fail to respond to its summons at first so we fail with our conscience. If we do not heed the slight warnings we, in time will fail to heed the larger ones and then go on deeper in crime.

After the speaker had finished several other talks were made having as their thought the topic of the leader's speech.

The meeting was, from the point of general participation, the most successful that the Young Men's Christian Association has held this year.

Girls' Baseball Series Ends

Old Girls Defeat New Girls in a Close and Thrilling Contest.

Last Thursday afternoon the old girls defeated the new girls by the score of 8 to 10. This was the final game out of three. Previous to this final contest both teams were successful in winning one game by a hard fight. Through the series both teams have shown excellent teamwork.

The game began with the new girls taking the field. During the first innings neither side was able to score because of the splendid work in the field. Following this, Poindexter, Hodges, Ward and Garner, the new girls, scored five runs. The old girls then came to the bat and greeted the delivery of Hattie Poindexter with a number of hits which netted seven runs. Edna Raiford was very successful in batting three home-runs during the game. The remainder of the game was one hard fight with the new girls in the lead until the last half of the ninth inning when the old girls succeeded and gained the lead, and left the final score 8 to 10.

This game was witnessed by the entire student body together with many visitors. The new students cheering for their players, and the old students cheering for their players. Much "pep" and enthusiasm was manifest throughout the entire game.

The line up was as follows:

Old girls: E. Raiford, p; A. Johnson, c; E. Teague, ss; D. Hayworth, 1b; F. Cox, 2b; M. White, 3b; A.

Y. W. C. A.--Marianna White Leads

The message for the Y. W. C. A. prayermeeting on November fourth was found in the 13th chapter of First Corinthians:

If one truly has the love of Christ in his heart he will want to go about ministering to the needs of his fellowmen; he will have a great desire to gladden the heart of someone by helpful deeds and kind words. The college community is an ideal place to show this love towards one's fellow men. By greeting a student with a kind word or a cheery smile, the whole day may be brightened. It makes no difference whether or not you know that person; make him glad by showing your interest in him. He may be "blue and down and out," but, oh! the change in the whole outlook upon the world when he knows that somebody at least is glad he is alive. Then he knows once more that life is worth living.

With the love of Christ in one's heart it is easy to keep the heart aglow with life. By means of this love one is able to "fill the unforgetting minute with sixty seconds' worth of distance run;" he is able to cast out of his heart all envy and littleness. For "love envieth not, vaunteth not itself, is not puffed up, doth not behave itself unseemly, seeketh not her own, is not easily provoked, thinketh no evil." If every one in the world were filled with the love of Christ how peaceful people could dwell together.

Besides the leader's talk several other thoughts were given to the girls from different members. Some of them are:

"What you are, speaks so kind that I can't hear what you say."

"It's not the thing you do, dear, It's the thing you leave undone, That leaves a bit of heartache, At the setting of the sun."

Whenever the meeting is thrown open in this way much good is derived and the bands of fellowship in the association are strengthened.

Professor Dann Addresses Christian Endeavor Conference

Professor Dann, head of the Department of Religious Education of Guilford, attended the North Western District Christian Endeavor Conference, held at Elon College, November fifth and sixth. Including the Elon students and people of town a great number of people attended the conference, but only a very small number of delegates from the societies of the district was present. Pro-last half of the Saturday evening program, addressed the Conference on the subject of "The World's Challenge to Young Blood"

POST ELECTION CELEBRATION AND DEMONSTRATION.

On Wednesday night after election, the Guilford campus was stirred by such a demonstration as had not been witnessed during the past four years. The commotion was started by the funeral procession, prior to

Students Practice For Citizenship

Election of College Shows Democratic Majority.

On November 2, when the citizens were deciding who should be our officials in both State and National affairs and what should be our policies for the next four years, the two political clubs of Guilford College decided to institute some means by which the Faculty and students of the College might express their preference in regard to the officials and policies of our State and Nation. At a joint meeting of the committees appointed by the respective clubs, it was decided to follow the election laws of the state, with a few modifications with regard to qualifications and dates. The registration books were opened Tuesday, November 2, at 9:30 a. m. and were closed at 1:30 p. m. No one who was not a member of the Faculty or student body at the term of registration was allowed to register. Those who had been duly registered became qualified voters, only, after they had paid a poll tax of .02 each.

The polls were opened at 3:25 p. m., and closed at 5:00 p. m. The poll holders of the election were, Mary Dixon, who represented the Democratic Club, and Curtis Newlin, who represented the Republican Club.

The girls showed much enthusiasm and interest in exercising the rights granted them by the 19th Constitutional Amendment.

It will be noticed from the following account of the results that very little scratching was done, as most of the voters preferred to vote a straight ticket.

National ballot: Harding, Rep., 87, Cox, Dem., 103; Debs, Soc., 1.

State ballot: Parker, Rep., 88; Morrison, Dem., 102; Taylor, Soc., 1.

Chautauqua Attended by Majority of Students

The Chautauqua given in the college auditorium under the direction of Mr. Dawson of New York City was not the kind of entertainment usually seen at Guilford College.

It was divided in five numbers; one Thursday evening, two Friday, one in the afternoon and one in the evening; and two Saturday, one in the afternoon and one in the evening. The auditorium was well filled, especially Saturday evening.

The program consisted of the following selections: "Italy, the Illustrious;" "Belgium, the Brave;" "Victorious Serbia;" and "Paris, the Magnificent." Each of these numbers was given as illustrated lectures. The slides included pictures of the great churches, the noted buildings and many street scenes of the above mentioned countries. Probably the most enjoyed was that of Paris.

A series of art pictures was also given showing some of the famous paintings and statues of great artists. This side was especially emphasized during the lecture on Paris when
