No. 3

CRIMSON AND GRAY TEAM LOSES | HARDFOUGHT GAME TO LYNCHBURG

Hornets Run Away With Quakers
in Third Quarter Scoring
Touchdowns

FINAL SCORE 32-14

Guilford lost her second game of the season to Lynchburg, in the Virginians' territory on October 15. An unlucky fumble and a smashing attack in the third period which the Quakers were unable to stem resulted fatally for Guilford. In the other three periods the honors were fairly well divided; with the edge going to the visitors.

The forward lines of both teams played a weak defensive game. The entire four quarters were interspersed with long gains, the backs often breaking through all defense but the safety man and carrying the ball for twenty and thirty yards. The offensive work of the Guilford eleven showed distinctly more driving power than was displayed in the earlier game.

The first tally went to the visitors as the result of a punt which was blocked by "Babe" Shore, Guilford's big tackle, and recovered behind the goal line. The final touchdown for the "Crimson and Gray" came early in the second quarter after a steady march down the field, and was the immediate result of a pass by G. McBane to Newlin who carried the ball across the line.

To White goes the honor for the major part of Guilford's gains. A beautiful end run executed by him early in the game placed the ball in position for the first touchdown. His crashing line plunges also aided materially in the Guilford offense. G. McBane and Newlin unlimbered the most effective aerial attack which means netted very valuable gains. Newlin's long run in the beginning of the second quarter advanced the ball thirty yards on Guilford's uninterrupted drive to her second touchdown. Purvis, a new man in the backfield showed up unusually well. He carried his part of the offensive in good style throughout the entire game.

E. McBane was the bulwark of Guilford's defense. Repeatedly the big fellow spilled almost the entire interference of the Virginians. entire in-edown.D ipassby esecodn

Witt, a fleet Lynchburg halfback, was responsible for many of her spectacular end runs and fake passes.

Score by periods

First period.

The first quarter resulted in a touchdown for both teams with a one point margin for Guilford.

Guilford received the ball on her 30 yard line and returned it 10 yards.

A series of line plunges were attempted, which failed to gain, and Lynchburg took the ball on downs, only to repeat the same process. With the ball again in Guilford's hands a long end run by White and a pass on Lynchburg's 25 yard line, and Guilford was then held for downs. Lynchburg lost ten yards on a fumble, and was forced to kick. Babe Shore broke up the punt and recovered the ball behind Lynchburg's goal line for a touchdown, and G. McBane added the extra point in a faultless kick.

Lynchburg received on her 30 yard line and returned the ball to Guilford's 40 yard line.

In three consecutive first downs Lynchburg carried the ball to Guilford's yard line and on the final down shoved it across the goal. Her kick was unsuccessful. Guilford received on her 40 yard line.

Second Period

Guilford 7, Lynchburg 6.

Guilford began an uninterrupted march through Lynchburg's territory. Newlin tore 30 yards down the

field, and this together with two first downs on line plunges carried the ball to Lynchburg's 10 yard line. G. McBane completed a pass to Newlin for a touchdown. G. McBane kicked goal.

Lynchburg received on her 30 yard line and returned the ball 15 yards. A sleepy end pass, resulting in a 35 yard gain, placed the ball in position for a touchdown which quickly followed. Lynchburg again failed to kick goal.

Guilford received on her 25 yard line. Lynchburg intercepted a pass on Guilford's 45 yard line.

Third Quarter.

Guilford, 14, Lynchburg, 12.

The third period proved the undoing of the Guilford machine. Lynchburg received on her 25 yard line and started an offensive that carried them without halting for a touchdown. This time she was successful in the kick. Guilford received but lost the ball on a fumble and Lynchburg again duplicated her previous tactics with similar results. Guilford received but again the defense failed to hold and Lynchburg, advancing at will around Guilford's ends, scored her final touchdown. The period ends with the ball in Guilford's possession on her 10 yard line.

Fourth Period

Guilford, 14, Lynchburg, 22.

In the final period the Quaker defense stiffened and she took the offensive a greater part of the time but failed to score. Taking the ball on her 10 yard line Guilford advanced 70 yards to the shadow of Lynchburg's goal line but was held for downs. Lynchburg punted to Guilford's 40 yard line.

FIRST DISARMAMENT DISCUSSION ON WEDNESDAY

Plans for the discussion of disarmament and the problems of the Far East are making headway. The student committee, composed of Hersal Macon, Gladstone Hodgkin and Esther White, who represent the literary societies, met with the faculty committee, Professors Balderston and Anscombe, Miss Polk and Miss Roberts. The work of the International Relations Club has been combined with the public discussion and the first meeting will be held on Wednesday evening, October 19. The events leading to the calling of the disarmament conference will be discussed. Professor Anscombe will present the issues of the conference and Gladstone Hodgkin will name the personnel. Great interest is expected in the future meetings since the delegates from the various countries will be represented by students who will argue the cause of the nations just as it is done in Washington.

—About 10 days ago approximately 400,000 pounds of frozen eggs and 20 tons of dried eggs were received at San Francisco from China. The balance of the cargo was from New York. An effort is being made to have a tariff tax of eight cents a dozen on shell eggs, eight cents a pound on frozen eggs, and 24 cents a pound on dried eggs, put in the new tariff bill.

TENNIS TOURNAMENT NOW IN PROGRESS

Merrimon, Zachary and Gloff
Winning Thus Far

The tennis tournament for the determination of those who shall represent Guilford on the varsity team this year has been in progress this week and will be completed the first of next. Much interest has been manifested among the players and the prospects are in favor of a creditable team this year. The results of the tournament so far are as follows:

First Round.

Hobbs vs Medlin6-0, 6-0
Joyce vs Taylor6-2, 6-3
Brown vs Pinchback6-1, 6-0
Harris vs Smith6-1, 6-0
Reynolds vs Penny6-2, 7-5
Shore vs Thompson6-0, 6-0

Second Round

Merrimon vs Holder6-1,6-0
Zachary vs Hobbs6-1, 6-1
Joyce vs Brown6-4, 7-5
Harris vs Reynolds6-1, 6-4
Shore vs Gloff6-2, 6-1
Winn vs Allred6-1, 6-0
Tatum vs White6-1, 6-0

Third Round

Merrimon vs Doughton6-1, 6-0
Zachary vs Joyce6-1,6-1
Harris vs Gloff6-2, 6-1
Winn vs Tatum(to be played)

Thus far Merrimon, Zachary and Gloff have been successful as winners in the contest. However as the tournament is still in progress the members of the varsity team are yet to be determined.

In the last issue of The Guilfordian through a mistake Fred Winn's name was not listed among the tennis players and the writer wishes to correct the mistake. Mr. Winn proved to be one of our strongest tennis players last year and together with last year's experience and daily practice this fall has even better prospects for this season.

At present tennis is being recognized by many Guilford students as a very desirable and interesting sport and it is hoped that this spirit will be perpetuated in order that this game may claim the attention of the athletic world, in the future more than it has in the past.

HEALTH PAGEANT ATTRACTS FAVORABLE COMMENT

In order that the college community might understand more fully the work which the graded school is doing toward the promotion of good health, a pageant was presented by the third and fourth grades at Memorial Hall, Saturday evening, September 15. This short play impressed upon the minds of the audience the fact that sunshine, fresh air, pure water, cleanliness, good food, exercise, and rest are essential to health and happiness.

Following this came the moving picture show which has come to be a real part of college life. Some beautiful and picturesque scenes of the mountainous regions along the coast of Southern France were shown. These views were exceptionally good and it is hoped that they will be followed by more of the same nature.

The concluding number for the evening was a stage representation of "Little Women" taken from Louisa M. Alcott's famous novel. This romance was full of feeling and action and won the undivided attention of all present.

TRY OUTS FOR PLAY

Come and try out for the Y. W. C. A. play on Monday, October 24 from 8:00 to 9:00 p. m. and on Tuesday, Oct. 25, at 6:30. Watch bulletin board for place.

Y. W. C. A. PICNIC AT DUNLAP SPRINGS

Guilford Co-eds Enjoy Annual
Merry-Making

A picnic at Dunlap Springs! Who? The whole Y. W. When? Last Saturday. Why? Just for fun!

Enthusiasm over the annual Y. W. C. A. Picnic always runs high but it reached a higher peak than usual this year. Perhaps this was due to the change in place. Owing to the recent student-body picnic at the Battleground, it was decided to establish a precedent by visiting Dunlap Springs this time.

Whether due to this innovation or not, 1:30 Saturday afternoon found every girl waiting eagerly to find a place in her assigned truck. Soon teachers, girls and eats were packed in the four big trucks and the real fun began.

The twelve miles were rapidly covered and as soon as Miss Louise made the announcement that every girl could do as she pleased, the groups scattered to investigate their new surroundings. The pavilion, spring house and woods seemed to be the favorite spots, although a few preferred long exploration hikes. For the sake of variety, however, the dancing pavilion, music, and jazz attracted most of the crowd for a short time. While the spring house with its famous iron water was the popular place during the intermission.

But no matter what form of recreation was chosen during the afternoon, there is no doubt that everyone was united in a common purpose between the hour of 4:30 and 5:30 for that, as you have guessed, was supper hour. And such good pirmento, egg, raisin, and pineapple sandwiches you have never eaten. Then came pickles, "hot-dogs," biscuits, coffee and apples to be eaten around a grand camp fire. What more could one wish for amid such surroundings, for the chosen spot on the edge of a woods with the many colored autumn leaves, was indeed an attractive one.

Had it not been for the movie show scheduled at the College that night Miss Louise might have had a little difficulty about 5:30 to persuade the girls that it was leaving time, but again fate was on her side. The homeward journey was well worth any ordinary picnic, for the joyful spirits overflowed in song and yells which subsided only as each girl sought her dormitory.

SPECIAL CLASSES IN MATHEMATICS AND ENGLISH

Everybody who has been to college must have heard about and probably experienced the terrors of freshman mathematics at one time or another. The path through the freshman year to the sophomore class is exceedingly rugged, and many would fall by the wayside if it were not for the fact that special classes have been organized for those whose struggles for success in college algebra and English have been the hardest during the two weeks' try-out. In this way more time and attention are required but doubtless there will be fewer failures at the end of the year and everybody concerned will be both wiser and happier.

—The federal labor department found that during September food prices declined in all but two of the large cities in the United States, San Francisco and Dallas, Tex., being the exceptions.

This county will not practice forestry until woodland owners get the idea that timber is a crop, to be planted, cared for, and harvested like any other crop, except for its longer growing period.

FACULTY AND STUDENTS COOPERATE IN DRAMATICS

Y. W. C. A. and Athletic Association to Join Forces in Giving Plays.

A movement of much interest to the student body of Guilford College and its friends was initiated on October 14 when a joint committee from the Y. W. C. A., the Y. M. A. A., and the Faculty Literary Club met to consider plans for improving the dramatic productions of the college.

It has been customary in the past for each of the above mentioned student organizations to stage one production annually, the Y. W. C. A., a play with a feminine cast; the Athletic Association, a minstrel show.

Recently a suggestion was made by the Faculty Literary Club that conditions might be improved by replacing the current productions with two plays with mixed castes, under the direction of the two students organizations with the co-operation of the faculty. The financial element would remain unchanged, the proceeds from one play going to the Y. W. C. A., from the other to the Y. M. A. A.

This suggestion was received with much enthusiasm by the students. Since the Y. W. had already decided to give a play in November, it was necessary to take immediate steps. Committees as follows were appointed by the three organizations to make and execute plans for putting into action the proposed change: from the Y. W. C. A., Clara Henley, Marianna White, Elizabeth Yates; from the Y. M. A. A., Lindon Williams, Gladstone Hodgkin, Spot Taylor; from the Literary Club, Miss Polk, Miss Roberts, Mr. Doak.

The result of the conference was that the three committees resolved themselves into a Dramatic Council, with Miss Polk as president and Spot Taylor as secretary, to serve as an executive body to pass upon all plans relating to the dramatic productions of the organizations. A play committee was appointed from each group to make tentative selections of suitable plays which are to be submitted to the Council for final decision.

Clara Henley, chairman, Mabel Ward, Isabel Pancoast and Miss Roberts were appointed from the Y. W., Gladstone Hodgkin, chairman, Grady McBane, Hersal Macon, Miss Polk and Mr. Doak from the Y. M. A. A. These committees were instructed to report at the next meeting of the Council on Thursday, October 20, at which time the play for the Y. W. C. A. will be definitely selected.

The Council also decided to adopt a system of try outs. They are hoping that a great many students will be interested enough to come out and try out for parts in the play, thus giving them a chance to select the best possible caste. Under the old system of assigning parts it has often been difficult to select the person best fitted for a particular role, and little new talent has been developed.

The first try outs will be held on Monday evening, October 24, from 8 to 9 o'clock and on Tuesday evening at 6:30. As soon as the play has been selected notices will be posted on the bulletin board at Memorial Hall announcing more definite directions. It will then be possible for students to secure a copy of the play and select the parts for which they wish to try out. In the mean time the casting committee, composed of Miss Roberts, Marianna White, and Gladstone Hodgkin will be glad to give further information as to the nature of the try outs to all those interested.

The Y. W. C. A. play will be given November, 26.
