GUILFORD COLLEGE, N. C., SEPTEMBER 27, 1922.

No. 1.

## FOOTBALL

### GUILFORD OPENS SEASON AT TRINITY THIS YEAR

#### NINE LETTER MEN BACK Team Lines Up After Strenuous Practice

Guilford opens her football season Saturday, September 30, when the Quakers journey over to Trinity to match their strength against the Methodists. As a result this week will be one of gruelling practice in preparation for the initial struggle.

Football training at Guilford opened September 3. The squad now numbers thirty-five husky pigskin chasers who are rapidly rounding into form under Coach Doak's daily program. Many shifts have been necessary in both line and back field this year but prospects for a winning team is encouraging.

All of last year's line men are back, but only Purvis of the old backfield reported this year. Guilford lost J. C. Newlin, H. G. McBane and F. M. White through graduation. The letter men reporting this year are: T. E. McBane, captain, tackle; Lassiter, guard; Smith, guard; Warwick, center; J. W. Frazier, end; B. C. Shore, end; Purvis, half back; Taylor, quarter back; and H. B. Shore, tackle.

The men of last year's scrub team who are showing up well are Pringle and Nicholson, tackles; Cox, end; Ragsdale, center; and Knight, Thomas and Casey in the back field. Of the new men, Johnson, half back from the Asheboro high school, Horrell, guard from Goldsboro high, and Grey Shore seem to be the most promising material.

The probable line-up for the game Saturday is as follows:

Left end	Pringle or Cox
Left tackle	G. Shore
Left guard	Horrell
Center	Warwick
Right guard	Lassiter
Right tackle	Nicholson
Right end	Smith
Quarter back	Frazier
Left half back	McBane
Right half back	Johnson
Full back	Thomas or Knight

Substitutes, Taylor, Casey, Purvis, T. English, Payne, Crisp, Ragsdale.

#### Guilford Gets Space in Winston Paper

Paul Num, '14, and W. A. Blair, of Winston-Salem are preparing material on Guilford college for a special section in one of the Twin City newspapers. This is a fine piece of publicity work for the college and the energy and enthusiasm of Forsyth County Club in behalf of the College is appreciated by all her friends.

#### Movie Season Opens at the College

The college movie season opened Saturday evening, September 23, with the presentation of "The Deluge", a picture in two reels which depicted the flood and the historical events associated with it.

Following the movie, views of natural scenery and animal life selected from various parts of the United States and Canada were shown.

#### Athletic Association Opens Campus Store

Under the direction of Prof. L. L. White and Coach Doak a college store supplying ice cream, candies, cakes, and fruits to the students, has been opened up in one side of Arcadale Hall for the benefit of the Men's Athletic Association.

Henry Tew, of Goldsboro, who has charge of the store, reports that the business is thriving due to the patronage of almost the entire college community. Even Miss Louise has agreed that on Monday and Friday afternoons the girls may cross over and satisfy their appetites, which adds considerable to the volume of business.

The directors had two purposes in view when arrangements for a store on the campus were made. The first one was to raise more money for the Athletic Association, while the second which is of almost equal importance, was to keep the students on the campus and prevent the extended trips to the neighboring stores which often infringe upon the study hour.

#### FORMER GUILFORD GIRL VICTIM OF AMNESIA

##### Appears in Dazed State at Harper's Ferry

##### Identified Through Article in Public Ledger

The following account of the death of Mary Doan, a member of the class of 1915, daughter of Joseph A. Doan, manufacturer of Franklin, Indiana, and a grand-daughter of Addison Coffin, is copied from the Philadelphia Ledger of September 4.

After more than twenty-four hours of aimless wandering, bereft of her mental faculties, Miss Mary Doan, former Bryn Mawr College student, and of late instructor at Ellis College, Chestnut Hill, found a haven of refuge in the Charles Town Hospital, West Virginia, only to succumb early yesterday to heart disease.

Miss Doan disappeared from her apartment in Hamilton Court, Thirty ninth and Chestnut streets, Friday afternoon. Where she spent that night and how she passed Saturday none of her friends know, but on Saturday kindly disposed resident noticing her seemingly in a dazed condition. A plight directed her to the home of night she was seen in Harpers Ferry Dr. Ranson. It needed only a cursory examination for Dr. Ranson to assure himself that it was a case of amnesia.

Thereupon the physician put the young woman in his machine and drove to the Charles Town Hospital in Charles Town, W. V., five miles distant. There for several minutes, Miss Doan, although unable to tell attendants her name and address, seemed to get better. She asked for a quiet room, saying she felt sure that the morning would find her improved.

Since she seemed to be in excellent health aside from mental trouble, physicians complied with her request.

(Continued on page 2)

#### FOUR NEW MEMBERS ADDED TO FACULTY

##### Professor Returns From Year's Leave

Four new members have been added to the Guilford faculty this fall, while a fifth returns to resume his work after a year's leave of absence.

Miss Hedwig H. Hoffman will be head of the Romance language department. Miss Hoffman is a talented linguist, speaking four languages fluently and having a reading knowledge of several others. She received her early education in France and Germany, since then she has studied at Jarvie college, Toronto, Canada, and at Toronto University, where she received her master's degree. She comes to Guilford from Columbia university where she has been an instructor in German in the extension division and has been working on her doctorate.

Miss Hoffman will be assisted in her department by her mother, Mrs. Hoffman, who will have classes in French and Spanish. Mrs. Hoffman is a graduate of the University of Geneva and has studied at the University of Paris. For the past several years she has been teaching in Toronto, Canada.

The work of the chemistry department this year is in charge of Joseph D. White, a Guilford alumnus of the class of '19. Mr White has spent two years in graduate work at Haverford where he received his A. M. in 1921. Since then he has had a teaching fellowship in chemistry at Harvard University.

Rheesa Newlin, instructor in mathematics, returns from a year's leave of absence spent in graduate work at the University of Chicago, to resume his teaching and to become dean of men at the college.

Miss Katherine Ricks of the class of 1904 succeeds Miss Julia White as the college librarian. Miss White's failing health has caused her withdrawal from the position which she has held for a number of years.

Miss Ricks, whose home is in Richmond, Va., has been engaged in Y. W. C. A. and other social and public welfare work. She is a trained librarian, having spent two years at the Virginia State library and a term as assistant at the University of Virginia.

#### Dr. Perisho in Dakota

Dr. Elwood C. Perisho, college lecturer and field agent, spent a part of August at the college. He and President Binford visited about to Friends' meetings during this time.

Dr. Perisho gave the educational address at the Five Years Meeting at Richmond, Ind. He is now lecturing at the Teachers' Institute in South Dakota. He and Mrs. Perisho will return to Guilford about November 1.

Miss Lalah Hassell spent the weekend at her home at Trinity.

Luther Barker called at the college Sunday afternoon.

Mrs. B. V. Osborne and Miss Frances Osborne of Pleasant Garden visited Miss Virginia Osborne last Sunday afternoon.

Mr. and Mrs. Phipps of Pleasant Garden visited their daughter, Besie Phipps, last Sunday.

#### PROMINENT ENGLISH FRIEND VISITS GUILFORD

##### T. Edmond Harvey Speaks on Conditions in Europe

The college was fortunate to have as a visitor last Tuesday a distinguished friend from London, T. Edmond Harvey. Mr. Harvey has been a member of Parliament and is a very widely known speaker. He addressed the student body at the chapel hour, telling of the poverty stricken people of Europe and of the evils present there.

The great trouble in Europe is a spiritual one, not economic, said Mr. Harvey.

Europe's love of money and possessions was the real cause of the war. Now the countries are poverty stricken and in distress. Mr. Harvey points out that one country cannot stand by and see another suffer. America must share in the distress of Europe.

Mr. Harvey spoke again at the church Tuesday afternoon on the "Heart of Quakerism." He told of the life and ideals of George Fox and other early Quakers, and of the ideals of the Friends' Church today. "Personality", says Mr. Harvey, "is the great keyword of our age; it is the greatest thing, the part of Christ in us."

#### General Interest in Sports Prevail

The whir of racquets, the smack of bare hands on pig-skin, and the dull crack of play-ground ball bats are the familiar rounds that greet the ear from the athletic field. College teams are in the making and every student is a prospect. Scores of students crowd the different fields, anxious to show their ability. No less anxious stands the coach, eagerly looking among the new comers for more speed, skill and endurance. Athletics have again come into their own, and due to the efforts of Coach Doak, the response of the students, and the backing of the faculty and alumni, Guilford's teams this year should break all past records.

Especially is there much expected of the tennis team. Last year an enthusiastic effort was made to create a greater interest in tennis. The direct effort of the drive can be seen in the crowded courts. Thirty men are out fighting for a berth on the regulars. Although the team lost two good men last year, Brown and Zachary, yet the new material shows promise of making up the loss. The old men that are back show a marked improvement over their last Spring form.

Another game, play-ground ball, has been introduced and is proving very popular with the base ball fanatics. Many of the basketball players also find this game pleasant pastime and a sure way of gaining wind for their more strenuous game. With tennis, volleyball, play-ground ball, and football raging, athletics control conversation.

Mr. and Mrs. L. L. Farlowe of High Point visited Miss Vera Farlowe and Wray Farlowe Sunday.

Frank Lamons, who is a former Guilford student, has been at the college recently.

#### SOCIAL CALENDAR OPENS WITH RECEPTION TO NEW STUDENTS

##### Many Alumni Return for Annual Event

Saturday night, September 16, marked the real, if not the chronological opening of Guilford College. In honor of the new students the Y. W. C. A. and Y. M. C. A. gave their annual reception in the college library. Escorted by an old student, every new student was greeted at the door by Dr. and Mrs. Raymond Binford. Dr. L. L. Hobbs, who stood next in the receiving line, composed of the entire faculty, also welcomed all the students back to the Guilford fellowship.

Each new student, having been made to feel welcome and at ease, was given a small book with a pencil attached and a process of informal and wholesome introduction was in order.

Music furnished by the college orchestra and punch served copeously kept things at a high tide of enjoyment. A beautifully lighted campus under a dreamy moon proved not uncondusive to the large number of old students and friends of the college.

The classes of '19 and '22 were especially well represented.

#### Co-eds Show Much Interest in Sports

Under the direction of Miss Virginia I. Robinson, physical director for women, the work of the Women's Athletic Association is starting with unusual vim.

Gymnasium classes have been organized in which every girl in the freshmen, sophomore and preparatory classes are enrolled. Preparatory to enrollment in these classes all new girls have received a thorough physical examination. Dr. Williams, the examining physician, says of the entering class, "It seems that the pick of the physical womanhood has come to Guilford College this fall."

Much interest is being manifested in sports. Baseball is proving especially popular. About 40 girls appear for practice every Tuesday and Thursday afternoons. As soon as the tennis courts are in condition tennis will also take its place.

Hiking is also a favorite form of exercise with Guilford co-eds. A large number are out for letters in this sport and have set the 400-mile mark as their goal. Others find it a pleasant way to earn their required hours in exercise.

#### Sophomores Elect Officers

On Wednesday evening, Sept. 20, the Sophomore class met for the first time this year in the student's parlor of Founders Hall for the purpose of reorganization. John Reynolds, vice-president, acted as chairman and conducted the business session. The following officers were elected to fill offices during the first semester:

President, Robert Marshall; vice-president, Russell Branson; secretary, Olive Jenette; Treasurer, Frank Casey; marshal, Edward Holder.

After the business session the class adjourned for a social hour.
