WILLIAM AND MARY GRID SQUAD ROUTS GUILFORD WITH 11 TOUCHDOWNS

Case of Too Many Odds in Favor of Virginians

SMITH & McBANE STAR

Backfield of Indians deserves
Credit for Smashes
Through Line

In the pitched battle between the Guilford Quakers and the William and Mary Indians, the Quakers were crushed down and scalped. The Indians were on the warpath and Quaker blood was just as sweet to them as Blue Devil's will be next Saturday, at Rocky Mount. It was a case of too great odds. Pitted against greater weight, larger numbers, and more seasoned warriors, the battel line of the Crimson and Gray could not hold, and the Indians ran mercilessly through the Quaker's camp, pilaging seventy four golden points, and wounding many of Guilford's warriors.

When the smoke of battle had cleared away, it was found, that Captain McBane and Block Smith of Guilford had won the laurels for their team. Through their posts the Indians were unable to drive a wedge. Early in the fray the William and Mary warriors learned to plan their attack against other points of the enemies line.

For William and Mary, the entire backfield merit special mention. These tireless, determined Indians smashed their way through the Quaker's defense and many times swept around the ends for beautiful runs.

SENIORS WILL PROBABLY GET OUT A COLLEGE ANNUAL

There is a rumor that seems to have leaked out of the senior class meeting that an annual is to be published by that class. The rumor which must have some foundation is meeting with favorable comment on the campus.

This will be the first publication of its kind since 1920. The fact that it is such a heavy task to undertake, is probably the reason that the last three classes have refrained from doing it. It implies a financial burden of something like \$2000 accordig to the figures obtained from the Annual committee of the senior class.

Besides entailing a lot of expense there is much detail work to be carried. The editors and managers must see that every organization on the campus is having its picture made. And that the athletic teams are electing sponsors. Photographs must be made of all the college buildings and different sites that hold memories for Guilfordians.

Accompanying the first rumor, there are whispers of photographers appearing on the scene right away. And men who seem to be hanging around with a box and tripod will probably not be looked on with suspicion.

PREDICT GUILFORD WIN OVER LENOIR COLLEGE

Next Game of Quakers with Lutherans in High Point

Now that the heavy end of the Guilford football schedule is over, what is before her?

Lenoir, the sceudule says, and Lenoir it shall be. One week from Saturday, or to be exact, on Saturday Oct. 27, the Quaker's will meet, and hope to defeat Lenoir at High Point.

This is not predicted with the intention of disregarding the opponents powers, for it is known that Lenoir has a back field that will bear watching. However it cannot be forgot that on Oct. 7 Clemson defeated Newberry, by the score of, 32 to 0, and that last Saturday, Oct. 13, Newberry handed Lenoir a trimming by the count of 28 to 0. In addition to this It might be added that on Oct. 7, Roanoke handed Lenoir the little end of a 67 to 0 score. Taking all things into consideration, predict a victory for Guilford when she meets Lenoir, Oct. 27, at High Point, is not grabbing the bull by the horns.

Miss Aileen Sherill from White Plains was on the campus last week to see her sister, Leora Sherill.

Mr. and Mrs. J. O. Ragsdale were on the campus Sunday to see their daughter, Miss Ruth Ragsdale.

Mr. Frank Smithdeal spent the week-end at his home in Winston-alem.

EDUCATIONAL SECRETARY OF STUDENT VOLUNTEERS TALKS TO COMMUNITY AND STUDENTS

Mr. Stauffer, educational secretary of the student volunteer movement, addressed the people of the community and college Sunday morning in the church. Mr. Stauffer has spent seven years in China as a missionary and is thoroughly conversant with the situation there.

"A recent writer," stated Mr. Stauffer "has said that China and the Orient in general is lacking in resources, diminishing in population, and decadent in civilization. However, the undeveloped natural resources of China are enormous, for Manchuria contains immense stretches of fertile land. The population of China is now 400,000,000, the population doubles every 33 to 35 years. Migration goes on from the thickly settled portions of the country to the undeveloped parts.

In the past few years there has been a great industrial development of China and Japan. Yet many evils have come with this forward movement. While many people have become very wealthy, the laborers work mid conditions that would not be allowed in the mill and factories, of the United States.

Just a few years ago began an educational and literary renaissance.

In place of the use of the many cumbersome Chinese character a phonetic script which uses about 37 characters has come into use. Newspapers are now widely printed in this script.

Some Chinese students say, "The more we study Christ the more we admire him, the more we study your church organizations the more we doubt their value." It is indeed hard for the Chinese to understand why there should be different denominations.

SIX NEW NAMES APPEAR ON GLEE CLUB PERSONNEL. PLANS FORMED FOR SEASON PROGRAM

Five 2nd Basses, All Other Units of Club Have Four

CLUB TO PAY DIRECTOR

Repertoire will not Be so
Heavy as Last Year's

The personnel for the 1923-24 season of the Glee Club contains six new names and the tentative plans for the program show a tendency towards compositions of a lighter vein, than here-to-fore employed in program arrangement. The tour, although not completed, is to cover some of the towns visited last year, with a venture into several larger towns.

Seventeen men will compose the Glee Club for this year. Four men are allotted to each unit of the chorus, with the exception of the group of second basses, which will be comprised of five members. This strengthening of the second bass unit is considered necessary in order to equalize the large tone of the first tenors.

The Club has voted to assume the responsibility for re-im-bursing the director. This expense has here-to-fore been borne by the college. The money allotted by the college to the director of the club, it is recommended by the club, will be donated to the college orchestra. With this additional help, the orchestra will add to their number of instruments a 'cello or bass violin, which will help to strenghten the strings and equalize the brass.

The program of the club will not be as heavy as the one presented last year. No number used last year will be repeated this year. Of the heavier numbers under consideration, "Invictus" by Bruno Huhn and two composition by Schubert are being seriously considered. The everpopular serenade by the latter composer is now in preparation. There will be a group of Southern songs, comprised of a medley, and two spirituals. One group of humorous songs and one group of popular songs will complete the program. As diversissements, plans are being made for the presenting of a sketch, a burlesque, and possibly one or two numbers of momentary importance.

The tour, as has been stated, has not been completed. Several return engagements are scheduled, and to this list will be added at least three new towns of larger population than visited last year. No definite dates have been decided upon as yet.

Officers of the organization are: president, Marvin Short; secretary and treasurer, John Reynolds; business manager, Glenn Lassiter; librarian, Frank Crutchfield; faculty adviser, Joseph D. White; director, Beatrice Byrd.
