VOL. XII.

GUILFORD COLLEGE, N. C., OCTOBER 15, 1925

NO. 3.

QUAKER FOOTBALL TEAM BATTLES THE DAVIDSON TEAM TO A 26-0 SCORE

Robertson and Warrick the Outstanding Men for Guilford

"Nip and Tuck" Affair Through the Last Half

The Guilford College eleven went down in defeat at the hands of the Davidson Wildcats Saturday by the score of 26-0. The feature of the game was the plucky fight that the "Fighting Quakers" put up. So strong was the Guilford line that the Wildcats could only make a few scratches during the entire last period. However a Davidson man broke through the line and blocked a punt and recovered for the only score during the last period.

Davidson's first score came within the first ten minutes of play, and the only other scoring that came directly from straight football was in the second quarter. Repeated drives and end runs took the ball across the Quakers goal line twice in succession. After this period the Quaker line could not be penetrated by the Wildcats.

The final scoring, which was a fluke touchdown came in the third quarter when Arrowwood, Davidson end blocked a punt and dodged through for a touchdown.

Although considerably weakened by the loss of Murray White, star backfield man, and "Red" Hughes, left end, Guilford played a fighting, punching game. Her outstanding stars were Robertson and Hendrickson, Robertson making a brilliant interception of a Davidson forward pass, and also

LOUIS MCFARLAND SPEAKS TO THE STUDENT BODY

Mr. Louis McFarland, superintendent of Evangelistic work of the yearly meeting of Friends, delivered a brief talk in chapel last Wednesday on the subject, "Think on these things."

"If man could not think and was not required to think, what would he be? He would hardly be on a level with animals," declared Mr. McFarland. "However, even when man thinks, the thought can do him no good unless the thought is clean and godly. The way you think shows itself not only in what you do, but also in your character. Unclean and dishonest thoughts have ruined many men."

He continued, "It is practically impossible in this day for man to make a success of life without both a Christian and secular education, but a secular education does not hinder moral delinquency, in many cases, it aids it. Education of the Christian kind aids man in business, society, morality and in knowing God. However, unless you know God, unless you are His children your chances to lead a successful life are limited."

SENIOR ENDEAVOR SOCIETY TO GIVE A ONE-ACT PLAY

The Senior Christian Endeavor, of the Friends Meeting, will present in Memorial Hall, November 7, "The Mouse-Trap," a one act-play by William Dean Howells.

"The Mouse-Trap" is one of William Dean Howells' cleverest "parlor comedies." The plot centres around the age old feminine dislike of mice, and ends with a surprise for the audience. It has a laugh in every line and certainly in every action.

The cast will include Chandos Kimrey, in the leading feminine role, with Elizabeth Levering, Rachel Ives, Rernice Henley and Alice Hazard. The choice for the one male character has not been made.

John Drinkwater, England's brilliant Dramatist, Poet and Essayist, author of "Abraham Lincoln," "Mary Stuart," and other recent works of note will speak at Memorial Hall on the afternoon of Wednesday, October 23, at 3:30 o'clock.

S. GLADSTONE HODGIN TO DO GRADUATE WORK AT HARVARD UNIVERSITY

Mr. Henry Crutchfield To Take Over His Work at the College

S. Gladstone Hodgkin, member of the class of '22, who, since June 1923, has been Business Manager at Guilford College, left Thursday evening, October 6, for Cambridge, Massachusetts, where he will enter Harvard University to pursue courses in the schools of Business Administration and Landscape Architecture.

Under Mr. Hodgkin's Management, many much needed additions and repairs have taken place in the college plant. The roofs on all the buildings have been gone over thoroughly and the woodwork on the buildings put in first class condition. The walls on the second and third floors of Founders Hall were all refinished in the summer of 1924. The walks which were sadly in need of repairs were, during the past summer, completely rebuilt and covered with sand and clay.

In the way of important additions to the college plant, should be mentioned the new well which was dug at his suggestion. This well has relieved the serious water problem which Guilford was facing two years ago. Some of the other desirable improvements are:

(Continued on page 3.)

NEW SOUTH SECTION NOW HOLDS Y. M. C. A. BANNER

New South section of Cox Hall is now in possession of a large banner which was given for the best attendance at Y. M. C. A. last week. The idea of this banner, as explained by president Barbee, is to stimulate interest in the work of the Y. M. C. A. and to boost attendance. The banner will remain in front of this section until some other section has a larger percentage of attendance at the weekly Y. M. C. A. meeting.

DOCTOR PERISHO SPEAKS ON FOREST FIRE LOSSES

Dr. Perisho, in a chapel talk Tuesday morning, presented to the student body some startling facts concerning the nation's dwindling forests and the destruction of these forests due to forest fires. He said that last year the loss in the United States due to forest fires was \$550,000,000. Concerning the growth and consumption of timber he said in part:

"We have already used six-sevenths of our great forests and no country had such forests as we had. We are using sixty billion feet of timber every year and growing fifteen billion. We are using four times as much as we grow. We are not in danger of a forest famine, we are facing one." He pointed out that of the fifty thousand forest fires that occur every year, twenty-six per cent of them are attributed to sheer carelessness and that it is in this carelessness that all should be interested in preventing.

LOYAL GUILFORD ALUMUS MAKES GENEROUS GIFT TO SUPPORT OF ALMA MATER

Benjamin N. Duke Adds \$50,000 to His Other Recent Gifts to Guilford College

The death of James B. Duke, and the recall of the many considerable donations which he has made to the support of Guilford College, calls to mind the recent generous gift that his brother, Benjamin N. Duke made to the College. This gift is in the form of good, dividend-bearing stock in one of the strong Duke corporations. This stock has a face value in the market, of \$50,000 and was an unsolicited gift to the institution.

The contribution by Mr. Duke is only one of the many that he has made in a systematic manner during recent years. In 1905 he made a considerable cash donation along with his brother, their combined gift totaling, up to that time, about \$25,000. Memorial Hall, built by James B. Duke and Benjamin N. Duke as a memorial to their sister, Mary Duke, could not be built at present for less than \$50,000.

Benjamin N. Duke, has shown a sympathetic interest in Guilford College since he left her halls as a student. His recent gift is a substantial proof of this interest. This gift, added to the \$25,000 which he gave in the recent endowment campaign, brings him up to the position as one of the most generous supporters of Guilford College.

ADVISORY BOARD MEETS

Thursday afternoon the Advisory Board of the College (which corresponds to the Board of Trustees) met at the college for the first meeting of the year. The meeting was a large one, seven out of the nine members being present. These members are: Miss Mary Petty, of N. C. C. W. who is chairman of the Board; Miss Gertrude Mendenhall, secretary, also of N. C. C. W.; Mrs. J. Elwood Cox; Mrs. J. J. Cox and Mrs. Richard Hollowell, all of High Point; Miss Emma King of Greensboro, and Mrs. Raymond Binford.

They inspected the halls in Founders and also the Campus grounds with a view toward future improvement. Other changes in college kitchen and dining room were ardently discussed, and though no definite steps were taken at the time, the board hopes to meet again soon with a definite outline of work in view. The Board is especially anxious to have the realization of the plans for the "Men's Center" in Archdale Hall as well as an improvement in the hallway of Founders, and the providing of suitable meeting place for social events and Y. M. C. A.

The Advisory Board will meet with the College Board to discuss these matters.

After the business part of the meeting the members of the Board were the guests of the College at dinner.

WEEK-END PARTY GOES ON TRIP TO ASHEVILLE

Over the week-end, Mr. and Mrs. David J. White, Misses Katherine Ricks, Maud L. Gainey, Era Lasley and Messrs. Algia Newlin, J. Wilmer Pancoast, and Howard O. Smith, in a party, motored to Asheville and nearby points of interest. They left Guilford college Saturday at eleven-thirty o'clock and arrived at Grove Park Inn about seven. Sunday they visited Sunset Mountain, Black Mountain and numerous other places of scenic beauty. On their way back they took in the usual tourist entertainments that the mountain highway affords. They reported a pleasant trip except for the fact that they met with weather, in the mountains, of a somewhat wintery nature.

GUILFORD'S TENNIS TEAM WINS EASILY OVER ELON

Burke and Trotter Show Mid-season Form

The Elon College net men went down in defeat before the superior Guilford College Team with a score of 160-0, last Thursday afternoon. The visitors were not able to stand the quick smashes of the nimble Quaker racquet wielders and were turned back without winning a set.

Johnson and Beattie of Elon put up a good fight and played brilliant tennis at times but were able to secure only two games from Trotter and Griffin of Guilford who played a steady and sure game. The score stood 6-1, 6-1.

Burke and Brown of Guilford easily defeated Bello and Gibbs of Elon. In the first set the visitors were able to secure but five points. Burke and Brown covered the court with ease while Gibbs and Bello played an unbalanced and unsteady game.

The singles were harder fought and afforded the fans more excitement. Trotter of Guilford met Johnson of Elon and by his fast lawfords and clever lobs defeated him by a score of 6-3, 6-2.

Burke, who met Beattie of Elon, completely puzzled the visitor by his swift left hand cuts. Beattie had some nimble strokes which proved effective at times but could not withstand the attack of the left hander.

Moore substituted for Brown, of Guilford, and defeated Gibbs to a tune of 6-1, 6-1, Moore uses both a backhand and forehand lawford stroke.

Parker substituted for Griffin and defeated Bello, of Elon, by a score of 6-2, 6-0.

"PATHS TO PARADISE" A SOURCE OF MERRIMENT

All who saw "Paths to Paradise," at Memorial Hall Saturday night, enjoyed two hours of suspense and laughter.

The picture starts with the portrayal of a scene in the underworld of San Francisco. It is here that "The Man" and "The Girl," both of whom are thieves, meet.

Then we see them playing parts at a millionaire's ball, and both are seeking possession of a much prized necklace. With the coming of dawn, they secure the necklace and then follows a wild dash for Mexico. All speed laws are smashed!

But soon comes the desire of the girl to "go straight," followed by another wild ride to return the necklace. As the curtain falls we see our pair of crooks, happy and guiltless, ready to march to the altar!

CLASS REPRESENTATIVES FROM Y CONDUCT CHAPEL

The Y. M. C. A. had charge of the chapel exercise last Thursday morning.

The Scripture Reading by Read Barbee, Y. M. President, was followed by short talks from each of the four class representatives.

Worth Mackie, as Freshman representative, spoke on the need of knowing how to use an education. He pointed out that an education should be used to further the cause of our fellow men and lift the morals of the community.

Soul decisions was the main theme discussed by Thomas Hadley, Sophomore representative. He said, "College is the place for young people to begin to make their own decisions."

Raymond Thomas as Junior representative, continued by giving a short history of the Y. M. C. A., which began in 1851. He stated that the chief aims of the Association are to develop man in spirit, mind and body. Harvey Dinkins, Senior representative, concluded the program by giving some of the diversions of the Y. M. C. A. He pointed out that the "Y" is not only a spiritual organization but it tends also to develop clean, wholesome amusements.

JAMES B. DUKE, A LOYAL SUPPORTER OF GUILFORD DIES AT HIS N. Y. HOME

Has Given Nearly \$50,000 To Guilford in Form of Money and Equipment

STUDENT AT NEW GARDEN

Always Maintained a Live Interest in the College

James B. Duke, one of the outstanding figures in the development of the tobacco industry, the Southern Power Co., and a number of other corporations, and one of the country's greatest philanthropists, died at his Somerville, New York, home Saturday night. He had been suffering from a nervous breakdown for the past eleven weeks. Recently he became a victim of bronchial pneumonia which was the direct cause of his death.

Guilford College has followed with interest the career of James B. Duke and now that he has gone, it mourns the loss of one who has been a true friend and loyal alumnus. Although he never attended Guilford College after it became a college, he was a student of New Garden Boarding School and received a valuable part of his scholastic training here. When he completed his course he went into the tobacco business which his father had established.

In 1897 Guilford College was growing rapidly and was desperately in need of another building. James B. Duke

DOCTOR PERISHO SPEAKS TO N. C. C. W. STUDENTS

Doctor E. C. Perisho delivered an address at the North Carolina College for Women on Friday, October 9.

His speech was on the "Practical use of Citizenship." The main theme of his address centered around the thought that, "if the state helps the school, then the school ought to help the state."

The speaker called attention to two movements before the people of the nation and asked the aid of his hearers in helping to solve the problems connected with them. These two issues before the public, he stated, are prevention of forest fires and enforcement of the law. Each of these alarming dangers to public welfare were clearly and vividly portrayed, and the seriousness of the situation forcibly impressed upon his audience. His address was closed in a last strong appeal to the future teachers of North Carolina's children to apply their citizenship in doing what they could to further the best interests of their commonwealth and nation.

ART CLUB TO PRESENT FRENCH ART AND MUSIC

On Saturday night of October 17th, The Art Club of Guilford College Community will give a French evening at Memorial Hall. Students at the College remember the Italian evening given last year by the club, where an exceptionally well staged program was presented.

The club has been studying various phases of art for the last three years. Last year they agreed to purchase an expensive set of six folios of colored prints of great Master Paintings for clubroom study, but with the purpose behind all that, of presenting this valuable collection to the college library, for use by the students. It was used last year in the Freshman course. The Club is studying these folios as they come. So far they have studied Italian, Spanish, Flemish and Dutch paintings.

In the program to be given on France there will be music and pictures and scenes typical of France. The proceeds will go towards helping pay for the folios.
