NUMBER 19

## "THE CAT AND THE CANARY" GIVEN BY LIBERTY PLAYERS

Virginia Peyatt in Role of Hindu Woman Proves Outstanding Player

### SKINNY BURKE, DIRECTOR

Charles Elkins As Auto Dealer, Margaret King Shepard, Paul Smith, Characters Deserving Credit

March 3.—Creaking doors, strange voices, clanging gongs and mysterious noises predominated throughout the performance of "The Cat and the Canary," a mystery play in three parts, which was presented in Memorial Hall Saturday night by the members of the Dramatic Club of Liberty High School. The audience was small, yet proved to be most appreciative.

It is the general belief that this is the best high school play ever presented here. The members of the cast were well chosen. The stage setting and acting showed the result of much work on the part of the director, "Skinny" Burke, an ex-Guilfordian dramatist. It will be remembered that "Skinny" brought a play here last year, but this one was far better than the previous one.

The plot deals with a will which has been written twenty years. According to orders, it is supposed to be opened at midnight, just 20 years after the

### BASEBALL MANAGER

J. CRANFORD HOYLE

### GROTT HOYLE IS BASEBALL MANAGER

Cranford Hoyle, of Gaffney, S. C., familiarly known as Grott, a junior at college, and one of the outstanding athletes, is manager of the Quaker baseball team this season. He has arranged a schedule consisting of 23 games, including three members of the Big Five, and practically all the members of the Little Six. He has also arranged a northern trip on which the Quakers will meet some of the fastest teams in Virginia. The schedule is one of the best Guilford has had in several years due to the persistent work and careful planning of Hoyle.

## Ancient Rival Downed as Basketball Season Ends

### Possibility of Guilford Men Trying for Rhodes Scholarship Is Called to Attention of Students

The possibility of Guilford students receiving Rhodes scholarships is rather remote, but nevertheless it is worth trying for. Since no one from Guilford has ever received the scholarship, perhaps it would be well to give a short history of the foundation. It was established many years ago by the very wealthy Englishman, Cecil Rhodes. He gained his wealth in the diamond mines of South Africa, but considered that he should put his material possessions to some worthy and lasting cause, something that would promote world fellowship and universal enlightenment. Of all the possible ways of creating unofficial ambassadorships, he considered education to be the most desirable of all. Not only did he offer these fellowships to the intellectual leaders of Germany and the U. S. but also to Canada, South Africa, New Zealand, Australia and other parts of the kingdom.

The men to be chosen must be of the very highest type the student bodies of these countries can furnish. The applicant, to be received, must not only be an intellectual leader, but equally well fitted in all respects, leading in his studies, athletics, social life, and general student activities.

The committee in charge selects one man from each of the 48 states every four years. The gaining of the fellowship entitles him to free study in Oxford for three years, with sufficient financial help so that he never need to worry about funds. During the vacations the student is enabled to travel anywhere upon the continent he wishes.

Guilford has several students who are well qualified for these fellowships, so we hope that all those interested will make application.

## ELON FIVE BOWS TO QUAKERS WITH SCORE OF 40 TO 26

### First Half Close With Teams Fighting Hard—Quakers Get Big Lead Near End

### A. C. C. GETS LOW SCORE

### Close Game With Lead Changing Constantly—Final Score 32-30—Moore Is Outstanding Player

March 1.—The Guilford College Quakers ended their season with a glorious victory over Elon. The score was 46-26. Guilford completely outplayed her ancient rivals in all departments of the game and showed a fighting spirit along with team play that would not be denied. The game started off with both teams seemingly evenly matched. They played on equal terms until the latter part of the first half when Guilford gradually pulled away and was at one time ten points ahead. However, just before the whistle blew Elon scored four points and the half ended, Guilford 26, Elon 20.

The final outcome of the game soon seemed apparent, for the Quakers gradually forged ahead. The Elonites seemed to have played their best game in the first half, for they seemed tired during the second half and became frantic, shooting long shots with little success. Due to the excellent guarding, Elon secured only one field goal during the second half. It would be hard to pick a star in the game, for the Crawford-coached men played as a unit. The Quakers looked the part of the well-coached aggregation that they are. Haworth was high scorer for Guilford with 14 points, however he could not be called the star of the contest, for Griffin, playing his last game, was everywhere breaking up plays, passing with great accuracy, and shooting splendidly. He played as if inspired. Captain Moore played a splendid game, one of

## GUILFORD DEBATERS MEET A. C. C. FRIDAY

### Team Not Definitely Chosen—More Interest Being Shown—Fans Are Very Optimistic

### THE TEAM IS PRACTICING HARD

The forensic fans about Guilford College were rather discouraged as to the outcome of the first debate, but this was merely an opener; so the season still holds great possibilities. Those who heard either of the Catawba debates feel certain that the Guilford men were easily superior in regard to the first speeches themselves, but were lacking in the ability to refute the opponents' statements. The teams have been doing much work in polishing up their delivery so the college and community can well expect some first class forensics when we meet A. C. C. next Friday. Several new men have been trying out for the negative team, but at the time this article went to press the definite selection of the team had not been made.

## Coach Crawford Plans on Big Baseball Season

### GRIFFIN CAPTAIN

### Ten Letter Men and Thirty-Seven Others Respond to First Practice Call

### GROTT HOYLE, MANAGER

Rabb, P. Coltrane, Gough, and Others Promising in Pitching Line—Griffin, Melvin, Neece, Among Battery

Coach Pat Crawford, flashy third-sacker for Greenville, S. C., last year and coach of the Guilford Quakers, has issued a call for all prospective baseball players to report for practice pending one of the hardest schedules the Quakers ever faced.

At a meeting of the ten letter men, who reported this year, Robert Griffin, who has for three consecutive years held down the Quakers' third sack, was elected captain of this year's squad. Griffin last year turned in one of the highest batting and fielding averages of the whole squad.

Coach Crawford is greatly pleased at this year's prospects. There were 37 who reported for practice at the first call and of this number ten are letter men. The leaders of the pitching staff are M. Rabb and P. Coltrane, who will be assisted by C. Gough, C. Zachary, and J. Williamson. Other promising members of the squad include: Melvin, Neece, Davis, and Reece, catchers; Hinshaw, Cheek, and Marshall, first base; R. Cox and Hendrix, second base; Griffin, third base; Bunn and A. Cox, short stop; Taylor, Parish, and Edwards, outfielders.

Manager J. Cranford Hoyle has announced the season's complete schedule

(Continued on Page Four)

### BASEBALL SCHEDULE

- March 28 — High Point league, there.
- March 31—Greensboro Patriots, here.
- April 2—Davidson, here.
- April 7—Medical College of Virginia, here.
- April 9—Lenoir-Rhyne, there.
- April 11—Wake Forest, here.
- April 14—Elon, there.
- April 17—Lynchburg, here.
- April 20—Lenoir-Rhyne, there.
- April 21—Elon, at Siler City.
- April 23—Lynchburg, there.
- April 24—Bridgewater, there.
- April 25—Quantico Marines, there.
- April 26—Shenandoah College at Dayton, Va.
- April 27—Medical College of Virginia at Richmond, Va.
- April 28—William and Mary, there.
- May 4—Catawba, here.
- May 5—Davidson, there.
- May 7—Wake Forest, there.
- May 8—University of North Carolina, there.
- May 10—Atlantic Christian College, here.
- May 15—Elon, here.
- May 19—Catawba, there.

### FRANK WARNER ENTERTAINS AT CHAPEL ON THURSDAY

March 1.—Mr. Frank Warner, director of young people's work at the West Market Street Church in Greensboro, a former student at Duke, where he had charge of the chapel programs, entertained in chapel here Thursday with renditions of popular songs. His selections with guitar accompaniment were very well received, and his encores were very generously given.

## SPRING FESTIVAL IS TO BE GIVEN HERE

### Gym Meet Will Be Held May 3. Instructors From N. C. C. W. to Judge Demonstration

### FUTURE PLANS GIVEN OUT

Among Mrs. Andrews' future plans in regard to athletics for women this spring is the holding of a spring festival about the first of May. This festival will be on the order of a May Day celebration. Certain members of the senior class in neighboring high schools will be invited by the participants to witness the performance. There will probably be May pole dances and folk dances.

Tennis, baseball, and track will be the sports entered into this spring. It

## DR. PERISHO REMOVED TO WESLEY LONG HOSPITAL

### Dr. Perisho's Condition Becomes Serious After Introducing Dr. Erskine to Large Audience

Dr. Perisho, who has been suffering from a severe cold and other complications, was removed Sunday afternoon to the J. Wesley Long hospital in Greensboro, for observation, and where he may receive the most efficient care. Dr. Waldo Holt, of Greensboro, a former student of Guilford, is the physician in charge. Dr. Perisho introduced Dr. Erskine to a large audience when he spoke in Greensboro Wednesday night. Erskine was Dr. Perisho's superior officer in the educational branch of the A. E. F. in France during the world war. Dr. Perisho also taught his classes on Friday, but as his condition was worse Saturday and Sunday, he was removed to Greensboro where Dr. Holt might be in more constant attendance.

At the hospital Sunday night, he was reported resting better, and his condition seemed more favorable.

## A. K. MOORE SPEAKS ABOUT REAL ESTATE

### Gives Divisions of Real Estate Business and Possibilities of Career in That Line

### IS GUILFORD GRADUATE

Feb. 28.—Mr. A. K. Moore, president of the Guilford College Alumni Association, spoke to the student body in chapel Tuesday morning. Mr. Moore chose as the topic for his talk, "Real Estate, and the Functions of a Real Estate Man."

A man formerly went into real estate as a trade when he was a failure in any other trade, and usually he turned out to be a poor real estate man. Today the very opposite is true, a man must make extensive preparation before he enters the real estate business. He must know the laws governing the sale of land, he must be able to judge the present and future value of property, and he must know how to advertise.

(Continued on Page Three)

### PRESIDENT AND MRS. BINFORD ENTERTAIN UPPER CLASS BOYS

March 4.—President and Mrs. Binford entertained a large number of boys of the junior and senior classes at breakfast Sunday morning.

Grapefruit, cereal, bananas, waffles, and maple syrup, and coffee were served to the evident enjoyment of all the boys, and especially Red Rozell, Grott Hoyle, and Stanley Moore, who were accounted winners of the unofficial waffle-eating contest. According to the old adage, a receptive mind accompanies a satisfied appetite, and the discussions following the breakfast were proportionately fertile. The guests took completion tests in biblical facts to ascertain their comparative rating with the ten-year-old Binford twins. Selections were read from Ben Hur, and various religious discussions followed.
