PRESIDENT MILNER AND MR. TOBIAS ENJOY TRIP

Organization and Interesting Meetings of Alumni Held in New Bern and Wilmington.

President Clyde A. Milner and Mr. Clarence E. Tobias were well pleased with their trip to New Bern and Wilmington on November 23 and 24. The alumni meeting at New Bern was sponsored by Mrs. Pearl D. Richardson, who was elected president and secretary. Dr. Milner and Mr. Tobias were her guests.

At New Bern they met Rose Cox, who was a student at Guilford during the administration of Jonathan and Elizabeth Cox. Miss Cox attended our college at the age of 13, staying only a few months. She remembers a Quaker wedding at Founders' Hall. One of her vivid impressions was the fine spirit which Jonathan and Elizabeth Cox showed in giving their fortune to maintain Guilford College during the reconstruction period.

Miss Cox was one of the students sent to Guilford by Anna Bell Franks.

The alumni meeting at Wilmington was held at the Y. W. C. A. building. During their stay they visited J. Russell Wood, of Wrightsville, who is the father of Eleanor Wood, one of our last year's students.

PRESIDENT MILNER DEFENDS GUILFORD IN ASSOCIATION

Leaves Monday for Atlanta For Stay of One Week at Meeting.

TO SPEAK AT CHARLOTTE

President's Book, "The Dean of the Small College," Accepted by American College Group.

President Clyde A. Milner will attend a meeting of the Southern Association of Colleges at Atlanta, Ga., December 3 through the 7th. He is attending this meeting to defend Guilford's right to be a member of this association. It has been a member for six years. Every third year it must show why it should be entitled to membership.

He is leaving December 3. On the way back he will speak at the state convention of Hi-Y's in Charleston on "Education for Successful Living," December 8.

Because of special interest he is planning to meet with the directors of summer schools and the directors of liberal arts colleges.

President Clyde A. Milner's book, "The Dean of the Small College," has been approved by the Association of American Colleges. Dr. Robert L. Kelley, secretary of the association, will write the introduction and President Milner expects to publish it sometime during the academic year.

The content of the book is taken from the president's theses, which work he did for graduation at Haverford last year. This book is one of the first of its kind discussing deaning and incidentally the first book on the subject of deans of a small college.

The majority of the material has been taken from a survey of small arts colleges in 36 states and the District of Columbia, and also the eight years of experience Dr. Milner has had in this field of work. Christianity, experience, and psychological training have been combined in this book to make the position of dean better understood as a profession. The material to be found on deaning is very limited; Dr. Milner hopes that his book will stimulate more interest in the subject.
