Daryl Kent, Helen Stilson, and Mary Bryant Go to Conference in Raleigh.

DISCUSS HONOR SYSTEM

Representatives of the Student Affairs Board, Daryl Kent, Helen Stilson, and Mary Bryant, recently attended the annual meeting of the North Carolina Federation of Students, held in Sir Walter Raleigh Hotel at Raleigh on April 26.

The Federation, whose object is to entralize and co-ordinate student influence on questions of interest to students, operates under the auspices of the state government and is a member of the National Federation of Students.

This is the first year that Guilford has been a member of this Federation, membership running until the next annual convention, to be held at the same time next year at E. C. T. C. in Green

Many topics relating to student government were discussed at the convention. Complete student government as distinguished from faculty control was discussed and the honor system was given much attention. Methods of dealing with disciplinary problems, with the emphasis on student education on cam-pus problems rather than restrictive action on the part of the student af-fairs board, were discussed.

Dr. R. H. McDonald, a member of

the state legislature, made a brief address on state legislation now pending.

The Federation decided to send traveling committee to visit a number of colleges and investigate the varying conditions prevailing, with primary at-tention to the type and authority of the student governments.

The Federation voted to invite the North Carolina Press Association to meet with them at the annual convention to be held at Greenville next year.

The majority of the members pres-

ent at the convention this year were members of local student governments, many student council presidents being included among the members. Jack Poole, who was elected president of the Federation this year, is the president of the student body of North Carolina University at Chapel Hill.
