DR. A. D. BEITTEL TO JOIN FACULTY SECOND SEMESTER

Former Professor of Religion at Earlham Comes to Guilford.

TEACHES SOCIAL SCIENCE

Will Materially Lighten Burdens in Department of Philosophy—Takes Over Philosophy 104 Classes.

A new professor, Dr. A. D. Beittel, has been added to the staff of Guilford College's social science department. Dr. Beittel's duties, which will comprise teaching History 4, Sociology 4, Philosophy 104, and assisting in Sociology 2 will commence January 27 and will serve materially to lighten the burden borne at present by Professors Newlin and Suiter and Dr. and Mrs. Milner.

Dr. Beittel's A.B. is from Findlay College, where he made the highest record of any student in the history of the college; his M.A. is from Oberlin College, his B.D. from Chicago Divinity School, and his Ph.D. from the University of Chicago.

The new sociology professor possesses a fine record as a sociologist, a Christian, a friend and leader of youth. Among other things, he has in the past been head of the religion department at Earlham College, successor to Dr. William Barton as minister of the Collegiate church, Nashville, Tenn., and a prominent sponsor of the Blue Ridge Student Conference, an organization composed of delegates from college Y. M. C. A.'s. His acquaintance with Guilford's President Milner dates from his days at Earlham College, where both men were members of the faculty at the same time.

Dr. Beittel, who arrived on the campus January 3, is residing with his family in the house formerly occupied by Dr. Elwood Perisho, and subsequently by Dr. Russell Pope.

Production Written by Professor Philip Furnas Based on Medieval Morality Plays.

SHOWS GUILFORD SPIRIT

By DARYL KENT
Prof. Philip W. Furnas has written another skit which is to be presented on Charter Day, January 13. The little play based on the medieval morality plays, will depict incidents in the lives of two typical Guilfordian students. The drama's crowning achievement is in its interpretation of the Spirit of Guilford.

In this year's play, Cora Parker will represent the Spirit of Guilford; Ruth Anderson, the Spirit of Fun; Madeleine Smalley, the Spirit of Ambition; and Beatrice Rohr, the Spirit of Despair. Colum Schenck will play the part of Coe Edda New Garden, a typical Guilford girl, and Daryl Kent, the part of Every Guilfordian, a typical Guilford boy. William Grigg represents a conscientious objector, James Lovings, an officer, and David Stafford plays the part of Cecil Cloud, a Friends service worker during the war. There are others who will take part in this year's production whose names are not known at present.

Several people who saw Professor Furnas's work last year and who have read or heard the skits this year have enthusiastically praised the little play to be presented January 13.

Road on Campus to Be Paved Soon

The State Highway Commission has approved the hard-surfacing of the half mile stretch of road which encircles the college campus. The work will begin as soon as the State has a unit of workmen in this part of the state. The asphalt road will begin behind Mary Hobbs hall, extend back of Founders and Cox hall, and end at the music building.

DEBATERS APPOINTED FOR FORENSIC MEET

The Guilford Debating Council selected a team of four members to represent the college in the coming South Atlantic Forensic tournament which is to be held at Winthrop college, Rock Hill, S. C. Professors W. O. Suiter and Philip Furnas were the judges who selected the team in the final tryouts held December 18. David Stafford, Henry Nau, Ray Hollis and W. B. Davis were chosen members of the first team. John Howell and Lawrence Freeman were appointed alternates.

The question for debate is: Resolved, that Congress by a two-third vote may override a Supreme court decision declaring laws unconstitutional. The team expects to leave for South Carolina by March 5 and the tournament will extend through the following three days.

Guilford Leaders Want Honor System to Function Better

The student leaders of Guilford College campus favor having an honor system, but they want one that works. Most of them think Guilford's is not working as well as it should. This was found after asking all major officials and class presidents what they thought about the honor system as it is carried out at Guilford College. Their answers offered remedies, as well as

statements as to the workability of the system.

Six of the group thought that the system is not working, whereas three thought it was working to some extent. One senior believed it is working better than it formerly did. They seem to disagree on the degree of workability.
