CAMPUS VICE RING BARED AFTER PROBE

MILNERS FLEE TO EUROPE, ESCAPING DRAGNET OF LAW

Discovery of Income Tax Evasion Forces Sudden Departure of President and Wife.

STOLEN FUNDS REVEALED

Probe Discloses President's Connection With Munitions, Tobacco, and Distillery and Inability to Spell.

Dr. and Mrs. Clyde A. Milner, in an official statement yesterday, announced proposals for a European trip this summer. Pending plans were made definite by receipt of an indictment from the United States government for gross evasion of the federal income tax law. J. Edgar Hoover's famed net tightened a notch yesterday when the Milners received the indictment, making them members of an already long list of income tax evaders including Alfred Capone, class of '23, and Samuel Insull, class of '14.

The Milners, reliable sources disclose, have a net income second to but few in the United States. Besides the tremendous annual salaries paid them by the college, Dr. Milner's income includes dividends from enormous stock holdings in du Pont, Union Carbide and other munitions companies, the Old Quaker distillery, and R. J. Reynolds Tobacco company.

It is alleged that Dr. Milner also expanded his income considerably by subtle inclusions of large percentages of sums donated to the gym fund (which he, incidentally, has profitably sponsored three times in the last eight

NATIONAL ADVERTISING SOLICITED FOR PAPER

Extra Revenue Will Enable Guilfordian to Publish Enlarge Edition Each Week.

EDITOR KANNE MAKES PROTEST

The GUILFORDIAN has at last been forced to yield to the demands of the administration and will carry cigarette and beer advertising, beginning with the next edition.

Editor Thomas Ashe Kanne, whose efforts to forestall the administration's step failed last week, said, when interviewed:

"I intend to go on with the paper, and make the best possible of a bad situation; but I feel that the tone of the GUILFORDIAN has been irreparably lowered."

Kanne's objections to the move, in addition to concern for the paper, are that the increase of revenue accruing from the ads will force publication of a six-column, six-page sheet weekly in place of the present five-column, four-page publication which appears twice a month.

This additional load of printed matter, the editor fears, would take too much class time for perusal, besides impairing student eyesight. The lowered grades made by the literate students would reduce their chances of going to Puke Institute, Red Ridge or

CURRICULUM IS CHANGED BY PROFS

Philosophy 10 to Become Matrimony 13; Sociology Is Renamed Orientation 0.

NUMBERS SYSTEMATIZED

The Guilford catalogue which has so long stood the test of time and Lasley has at last succumbed to the onward sweep of the progressive curriculum committee. This committee has long been a powerful left-wing group, but only with the publication of the new catalogue has it come into its own.

The old courses which have so long served as the stepping stones to collegiate success will now be known by new names and many will be entirely revamped. For instance, sociology 2, Mrs. Milner's famous marriage course, will next year be patterned more after the style of old philosophy 10, and will go under the title of orientation 0.

Mrs. Milner feels that the most valuable features of philosophy 10 should be incorporated in matrimony 13, and next year she is planning a trip to Danville, Virginia, for the class. It is hoped that the students will go in pairs and not en masse. The first

STUDENT GOVERNMENT PASSES NEW ORDINANCE

Law Prohibiting Candid Cameramen on Campus Passed as Pressure Is Brought to Bear by Misrepresented Students.

In an attempt to win back the favor of the student body of the college the Men's Student Government, in collaboration with the Women's Student Government and the Y. M. C. A., has passed an ordinance prohibiting candid cameramen appearing on the campus. In the past a processing tax and an operator's license has been required of all candid cameramen but within the past few weeks the rage has become so bad that further action on the part of the Student Government has become necessary. Lately there has been an increase in the number of bootleg cameramen dealing in the illicit trade of taking pictures of the stu-

STALIN WILL GIVE PUSH-OFF SPEECH TO SENIOR CLASS

To Pinch Hit for Slated Speaker Who Is Suffering From Unexpected Attack.

SPEAKER IS NOTED FRIEND

Will Remain for Several Weeks' Visit With Prof. and Mrs. Haworth; Will Do Research in Library Unit.

On Sunday morning, May 29, the baccalaureate sermon will be delivered to the senior class by His Red Loneliness, Nobody's Comrade, Joseph Stalin. Due to an unexpected attack of acute alcoholism, the speaker previously scheduled for this occasion will be unable to appear, but it is generally conceded that no more appropriate choice could have been made for a pinch-litter. Comrade Stalin has, for a number of years, been closely associated with the American Friends Service Committee in Russia (Address 230-241 Red Square, Moscow — Satisfaction guaranteed or money cheerfully refunded) and is a recognized leader in contemporary Quaker thought and action.

Only recently Comrade Stalin gained highly favorable editorial comment from *The American Friend* for his scathing castigation of the atheistic attitude of high U. S. S. R. officials, and it is with keen anticipation that the senior class, especially the divinity students, look forward to his visit. From his intimate connection with *The American Friend's* Service Committee in Russia (Don't overlook bargain basement!) Comrade Stalin is possessed of a wealth of amusing anecdotes con-

CIGARETTE BUMMING IS RACKET SAYS CAFFEY

Famous Detective Sent From Washington to Rid Campus of Notorious Vice Ring.

STAFFORD IS INDIGNANT VICTIM

In its regular monthly meeting last night the Men's Student Government passed a rule prohibiting the bumming of cigarettes on the campus. In a statement to the press Tyree Gilliam, vice-president of the organization and chairman of the committee on resolutions stated that the ordinance was passed due to pressure brought about by a group of victims of the organized racket. David Stafford, spokesman for the victims who claimed that they were practically hi-jacked on several occasions, stated that the group which he represented was getting desperate.

Inspector Mike Caffey of the Hugo Ketchum Detective Agency has been called in by the government to investigate the existing situation and bring the leaders of the bumming gang to justice. Inspector Caffey said that from all appearances that there were some desperate criminals at the bottom of the ring but with him on the trail justice would soon triumph.

Philip Kelsey, prominent Guilfordian and resident of Yankee Stadium stated that one member of the bumming ring

Of special interest to those who cherish the "Old Quaker" tradition in the history of this here fair institution, is the confirmation of the delightful rumor that the fair-haired boys of the local Y. M. C. A. are to establish a bar on campus. To give the project a send-off all local boot-leg will be confiscated for the Cause!

SITTERS EXPOSED; INNOCENTS SAVED AS VIRTUE TRIUMPHS

Evil Practices Are Eradicated Through Swift Action of Protective Group.

VICTIM RELATES STORY

Ring Operated From Founders'; Disclosures About Mary Hobbs Believed Imminent as Formes Lock.

The Guilford secret police last week uncovered evidence of incredible vice and corruption on the campus. Organized by a gang of hardened criminals at Founders', the ring has led to the addiction of many Guilford girls to campus-sitting!

According to an operative, whose name we are not free to reveal, the gang operated through accomplices on the men's side of the campus. One of these malefactors would begin by approaching one of the appointed victims after class and walking back to the dormitory with her. After this, one thing led to another until the girl took almost for granted the suggestion that she go out and sit on the campus.

In the course of a painstaking undercover investigation lasting for several months, the efficient protectors of Quaker womanhood discovered that no fewer than half of the girl residents at Founders' had sat on the campus at one time or another. After the dragnet gathered up the more flagrant offenders, the innocent victims, led away weeping by the officers conducting the probe, told heart-rending stories of deceit and shame—except for a few who were hardened to the extent of losing these finer feelings.

POPULACE CLAMORS FOR BEITTEL DICTATORSHIP

Tremendous Crowd Roars Approval to II Dean's Speech on Thursday Evening.

JOHN PERIAN PREPARES TO FLEE

The hysteria which greeted the appearance of "II Dean" A. D. Beittel at the mass meeting last Thursday put new furrows in the troubled brows of the embattled leaders of student government on Guilford campus.

"Luftschauchbeschaedigung!" thundered the popular "Leader," while the propaganda-crazed crowd roared its approval. "Wein, Wein und Gesang sollen nicht hier sein! Sapientiam atque virtutem molior!"

Beittel concluded in a triumphant burst of oratory punctuated by searchlights operated by his Minister of Propaganda, Thomas "Wotan" Taylor. Several hundred copies of his history-making document "Mine Comp" were sold to his listeners immediately after the speech.

Enthusiasm was running madly about the campus while pale, aging President John Perian retreated to Cox Hall for peace and seclusion. He is being watched for attempts at suicide, but it is beginning to be feared that the
