

QUAKES

By CARRUTHERS and TAYLOR

George Ferrel, who played baseball here at Guilford in the good old days when Guilford was at times conference champion, worked out with the Quaker nine for two weeks before spring vacation. Ferrel now has his own club in organized ball, and he brought some of his players along to get in shape, also. Roger Smith, a member of last fall's freshman class, was in the group.

Paul "Cherry Pie" Chambers, class of '38, gave up his coaching job at Asheboro high for a place in Uncle Sam's Navy in March. One of Guilford's best athletes of the last few years, he has produced some fine teams in his two years' work at Asheboro.

It seems that the main reason for the track team's loss to Catawba was that there weren't enough entrants for each event. The two teams tied in the number of first places that they won, but Catawba walked away with most of the second and third places due to the fact that they usually had about twice as many entrants in each event

as Guilford. There's still plenty of time, so come on out and help the team, fellows.

"Lefty" Liske, of Catawba, really stole the march on this year's baseball season by pitching the first no-hitter of the 1942 season.

The horse-shoe tournament will get under way next week according to Coach Smith. There are about 30 boys signed up to participate in the play and there should be some stiff competition.

HATS OFF TO—Dr. Milner for helping the Monogram club with their plans for finishing the club room in the gym . . . Mrs. Bardwell for her fine cooperation in furnishing meals to visiting teams . . . Mr. Pancoast for the fine job he is doing with the direction of the conference tennis matches which will be played in May . . . The baseball team for their sportsmanship this year.

ATHLETES

By FRAN and PETE

We returned from spring vacation to discover joyfully, nice white lines on newly rolled tennis courts and generally fair weather, all of which invited us to play tennis. So we did—once, in Phys. Ed. class! But what we want to point out is: better practice up, because the spring tennis tournament (singles and doubles) starts next week, and a lot of you should sign up to make it a better tournament than the one last fall.

While we were still pleased over the tennis courts we were told May day was hovering in the near future, so we could all start learning dances with which to entertain the queen (May queen) and her court, and other interested spectators. May day is Saturday, May 16, at 4 o'clock. If we're lucky it will be outside; how about saying a little prayer for sunshine on that day?

Speaking of dancing, the modern dance club will meet a few more times, but the members will not have a separate dance in May day this year. Don't all rejoice at once—it may cause too much commotion!

Softball practice starts next week, if you have any extra time, what with theses, term papers, and sun baths so prominent these days. Practice will be on the hockey field at 4:45 p.m. on Wednesdays and Fridays. There will be a class tournament, so come on out and give the ball a sock or two.

Archery has also come to life again in the warm spring weather under manager Miss Mildred Lenora Ragan (15-minute Ragan to some, since the choir trip). You can get points toward your letter and numerals from archery, we hasten to remind you.

Now that the bicycle has come into its own at Guilford—what with all the

faculty cycling into town as if it were a mere block or two (were you tired, Miss Foster?) the W. A. A. cabinet met to put into effect a new point system for the cyclists. Just peddle a bike around for 15 hours and you will end up with 25 points. Nice, eh, what?

The new and old W. A. A. cabinets met last week for the purpose of bringing in the new members and officers, and bidding farewell to the old ones. Mary Anna Jessup made her little retiring speech and Frances Neece followed her up with her coming-in speech. Miss Foster told a little about the theme of this year's May day, and then refreshments were served by Louly Stafford and Martha Ann Abelein. We won't say how many times they were served, but they certainly were good. Good luck to the new cabinets and we hope you have a swell year.

Riding class comes last but not least in this column. It meets every Tuesday, and apparently is quite popular with the Athletes because there are 12 girls signed up for a date with their favorite horse on these days.

A sales tax is bad at all times and never would be worse than now, in the opinion of Dr. Clarence E. Ayres, University of Texas professor of economics.

Cindermen Defeated In Initial Encounter

Quakers Win Seven First Places But Drop Field Events and Second Spots

Guilford's trackmen meet their second foe of the season when they travel to High Point this afternoon. With a week of good practice under their belts since their defeat at the hands of Catawba on the tenth, the team should be much more successful this afternoon.

The Quaker team really made a fine showing when they tied Catawba in the number of first places taken at seven each.

Graceful Lacelle Cockman surprised everyone when he literally ran away with the two-mile event. He finished a good hundred yards ahead of the field. Walter Kucker placed first in the 100 yard dash and the 220 yard dash, and DeArmas Smith also had a good day, for he took blue ribbons in both the low and high hurdles. Schoellkopf raced to first place in the 880 yard run and Hank Ausband took honors in the pole vault event.

Bill Byatt, Brad Leete, and J. W. McGinnis each took a second or third place. This gave Guilford a score of 47, while Catawba had racked up a total of 79 points to win the meet. The Catawba men made their extra points in the field events and by winning most of the second and third places.

High Point comes here on the 27th to return today's meet. The team makes one more trip before the conference meet on May 9.

Philosophy 24 Class Plans Greek Pageant

(Continued from Page One)

Easterbrook, Ruth Bab, and Margaret Lee Bryan working with her.

All those members of the class not in any of these groups will take part in the Panathenaic processions, under the direction of Ria Jeffrey, who is being assisted by Patricia Lockwood and Phil Hurwitz.

Ed Behre will be in charge of lighting.

The first lecture in this group was a Friday evening lecture by Dr. Paul Williams on the "History, Nature, and Influence of the Culture of Ancient Greece," on April 17. Dr. E. Garness Purdom will speak on "Greek Science and Mathematics" in chapel on April 20. Mps. Milner will speak on the Periclean Age in chapel on April 22.

Fourteen gifts and grants totaling \$10,227 were accepted by the University of Wisconsin board of regents at a recent meeting.
