

Faculty Is Increased By 10 New Members

(Continued from Page One)

Familiar to all of us is Charles C. Hendricks, manager of the college book store and the soda shop. Mr. Hendricks did the undergraduate work at Guilford. He was Field Secretary of Yearly Meeting Peace Committee and active in Young Friends of North Carolina Yearly Meeting.

Dr. Tomlinson, Dean of Women, is also associate professor of French and Spanish. She is a graduate of Bates College and holds graduate degrees from Duke University.

New in the Department of Mathematics are Whitfield Cobb, Jr., and Hilda Moore McDonald. Mr. Cobb, associate professor of mathematics, began his work at Guilford in the

summer term. Most of Mr. Cobb's undergraduate work took place at the University of North Carolina, where he secured his A.B. and M.A. degrees. While serving as instructor in mathematics he did further graduate work. He achieved a distinguished academic record.

Mrs. McDonald, instructor in mathematics also comes to us from the University of North Carolina where she did graduate work and instruction in the Department of Mathematics last year. Mrs. McDonald received her Bachelor of Arts degree in Mathematics from Eastern Carolina State Teachers College.

Mrs. Annie S. Fordham joins the staff as Head Resident of Mary

Hobbs Hall. She has had experience as Dietician and Hostess at the University of Missouri and Florida State College for Women.

The newcomer to the sport field is Edward L. Teague, Jr., who is Assistant Coach and Assistant Director of Men's Physical Education. He received his A.B. degree with a major in Physical Education and Health from the University of North

Carolina in 1946. Since then he has continued at the University as a graduate student and expects to receive his M. A. soon.

These facts are very brief and

technical but all add up to the fact that Guilford College is maintaining its well trained staff, upholding the timetold tradition of good vocational guidance.
