## Revelers Present "Alcestis" As Winter Play

**PROPOSED STUDENT UNION SITE.** The new Student Union, although not definitely located, will probably be built just off the King Hall parking lot and behind Mary Hobbs Hall. This picture, with a superimposed outline of the Student Union, was taken looking north from the parking lot toward the Pre-Fabs. Mary Hobbs Hall is just out of the picture to the right. The area, of course, will be landscaped and some of the roads will be relocated.

### Budget To Be Voted Today

This budget is derived from the Student Activities Fee and provides the finances for the various campus organizations. This year's budget is a high for recent years, with a total of \$11,000 being appropriated.

### College Presents T-V Program

On Sunday, March 6, at 6:00 p. m. the history and development of Guilford College is to be presented in an hour long program from station WUNC-TV (Channel 4) in Chapel Hill, North Carolina.

The program, given largely by faculty members and students of Guilford College, will include the history of the college and explanations of the core curriculum, the development program, and the merger with the Evening College of Greensboro.

### Commencement Speakers Announced

Dr. Purdy, eminent teacher, author and lecturer, presented the first Ward Lecture here November 10, 1950, on the subject, "An Adequate Leadership for Friends Meetings." During his professorship at Hartford Seminary he has been the counselor of approximately one hundred Friends preparing for religious leadership.

Elton Trueblood, presently Consultant on Religious Affairs for the United States Bureau of Information, will give the Commencement Address, Monday, May 30. Dr. Trueblood was professor of philosophy and dean of men at Guilford College 1927 to 1930. For three years he was Executive Secretary of Baltimore Yearly Meeting. He has taught at Haverford College, Swarthmore College and at Harvard University. Since 1946 he has been professor of philosophy at Earlham College.

### MSG Effects Dorm Repairs

As a part of the Men's Student Government program, opinions of the men students were polled in an assembly of the men to determine some improvements which might be suggested to the Administration for implementation. These suggestions included repair of the stairs in the men's dormitories, improvement of water and heating service, repair of campus roads, replacing dormitory screens, etc.

These suggestions were discussed by the MSG and a letter was written to the Business Manager, requesting consideration of these matters.

The stairs have been repaired in Cox Hall, and screens will be repaired and replaced soon. It is doubtful if any action can be taken with regard to water and heating improvements immediately because of the extreme expense involved in improvements which might become obsolete by the addition of new buildings in the future.
